How to Draw Roller Skate — Free Practice Sheets

ANSWER / CASE 1

roller skate: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

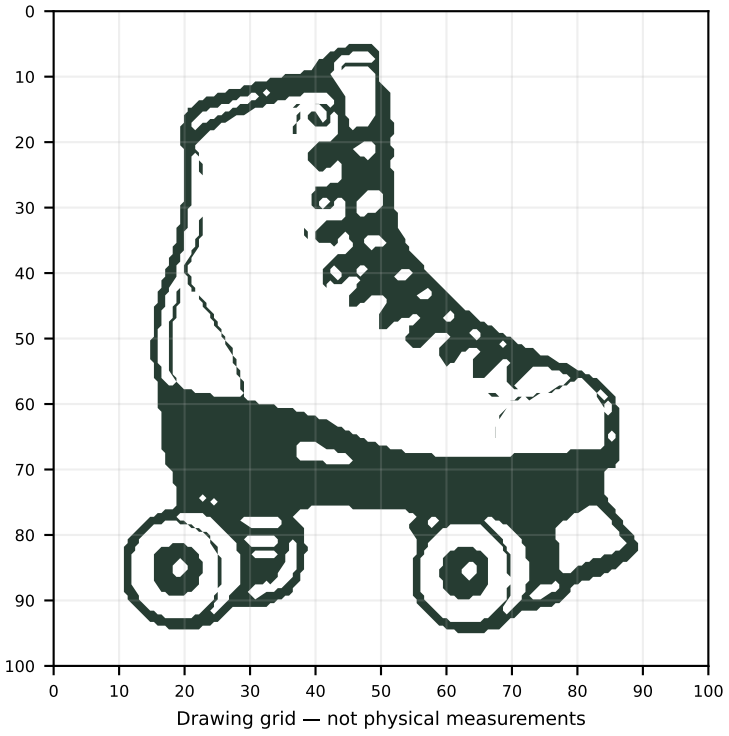

ANSWER: Example solution: preserve high-top boot shape with laces, four wheels arranged in two pairs under the sole, toe stop at the front of the skate. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the high-top boot outline with a curved ankle and toe.
2. Add the lacing area and eyelets along the front of the boot.
3. Draw the sole plate and attach two pairs of round wheels beneath it.
4. Add the toe stop at the front of the sole and finish the wheel hubs.

How to Draw Roller Skate — Free Practice Sheets

ANSWER / CASE 2

roller skate: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

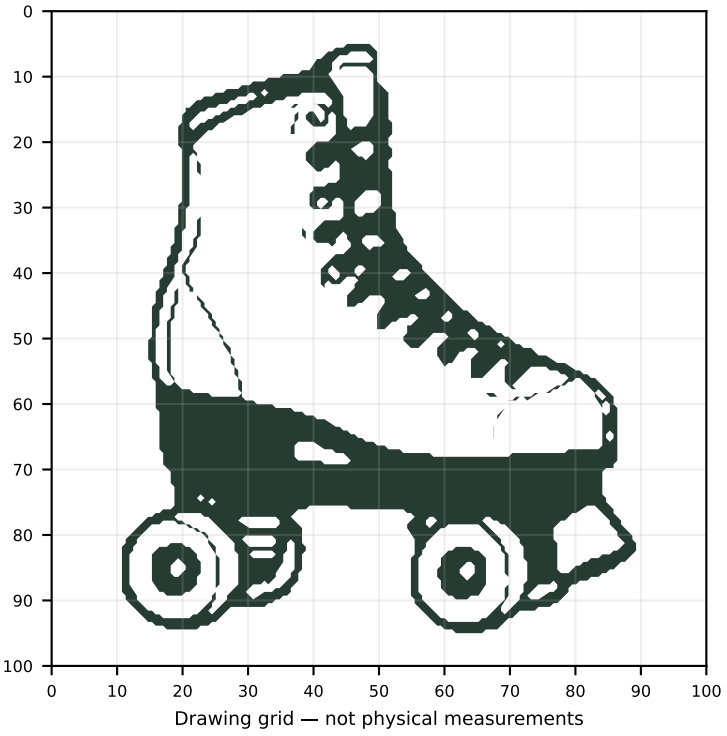

ANSWER: Example solution: preserve high-top boot shape with laces, four wheels arranged in two pairs under the sole, toe stop at the front of the skate. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the high-top boot outline with a curved ankle and toe.
2. Add the lacing area and eyelets along the front of the boot.
3. Draw the sole plate and attach two pairs of round wheels beneath it.
4. Add the toe stop at the front of the sole and finish the wheel hubs.

How to Draw Roller Skate — Free Practice Sheets

ANSWER / CASE 3

roller skate: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

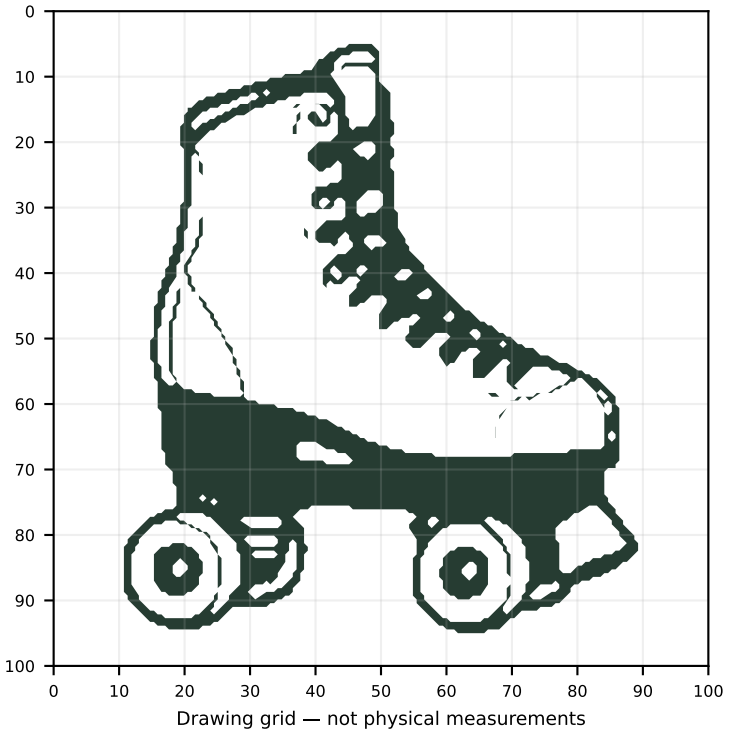

ANSWER: Example solution: preserve high-top boot shape with laces, four wheels arranged in two pairs under the sole, toe stop at the front of the skate. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the high-top boot outline with a curved ankle and toe.
2. Add the lacing area and eyelets along the front of the boot.
3. Draw the sole plate and attach two pairs of round wheels beneath it.
4. Add the toe stop at the front of the sole and finish the wheel hubs.

How to Draw Roller Skate — Free Practice Sheets

ANSWER / CASE 4

roller skate: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve high-top boot shape with laces, four wheels arranged in two pairs under the sole, toe stop at the front of the skate. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the high-top boot outline with a curved ankle and toe.
2. Add the lacing area and eyelets along the front of the boot.
3. Draw the sole plate and attach two pairs of round wheels beneath it.
4. Add the toe stop at the front of the sole and finish the wheel hubs.
