# How to Draw Globe — Free Practice Sheets

**REFERENCE / CASE 1**

globe: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

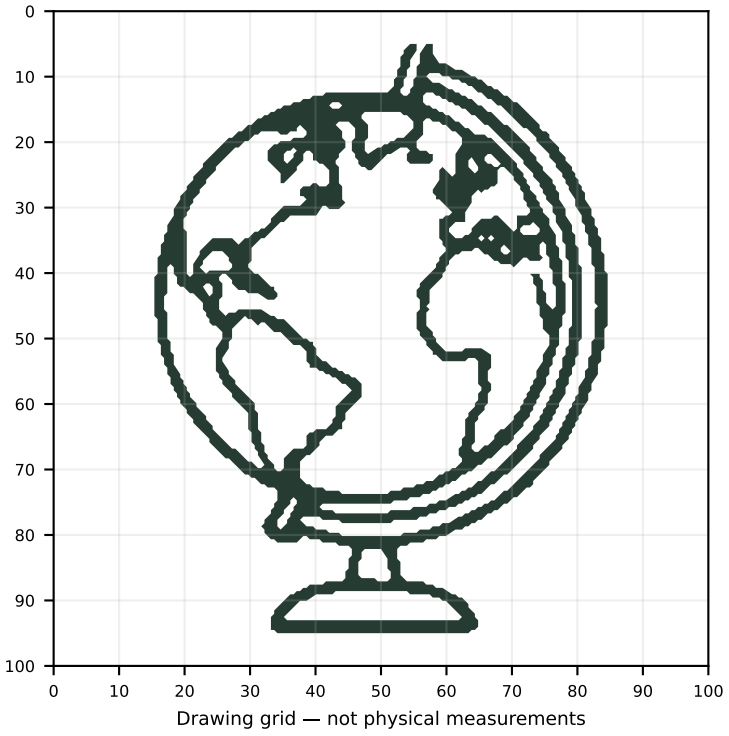

METHOD: Draw a large circle for the sphere and sketch simplified continent shapes inside it. Add a tilted straight rod through the top and bottom of the sphere to indicate the axis. Draw a curved ring around the sphere following its tilt, connecting to the axis points. Attach a short stem and flared base beneath the ring to form the stand.
Use the separate practice sheet before checking the answer.

# How to Draw Globe — Free Practice Sheets

**REFERENCE / CASE 2**

globe: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

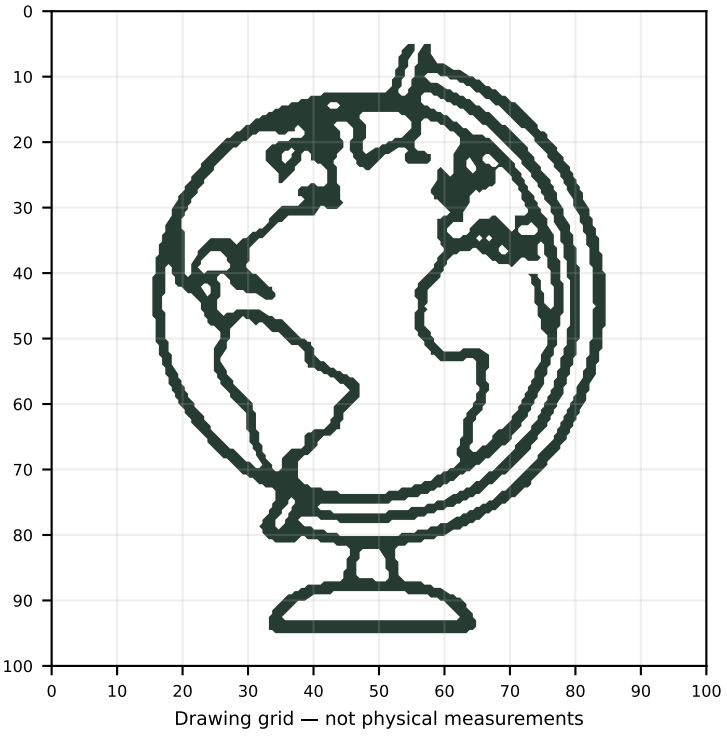

METHOD: Draw a large circle for the sphere and sketch simplified continent shapes inside it. Add a tilted straight rod through the top and bottom of the sphere to indicate the axis. Draw a curved ring around the sphere following its tilt, connecting to the axis points. Attach a short stem and flared base beneath the ring to form the stand.
Use the separate practice sheet before checking the answer.

# How to Draw Globe — Free Practice Sheets

**REFERENCE / CASE 3**

globe: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

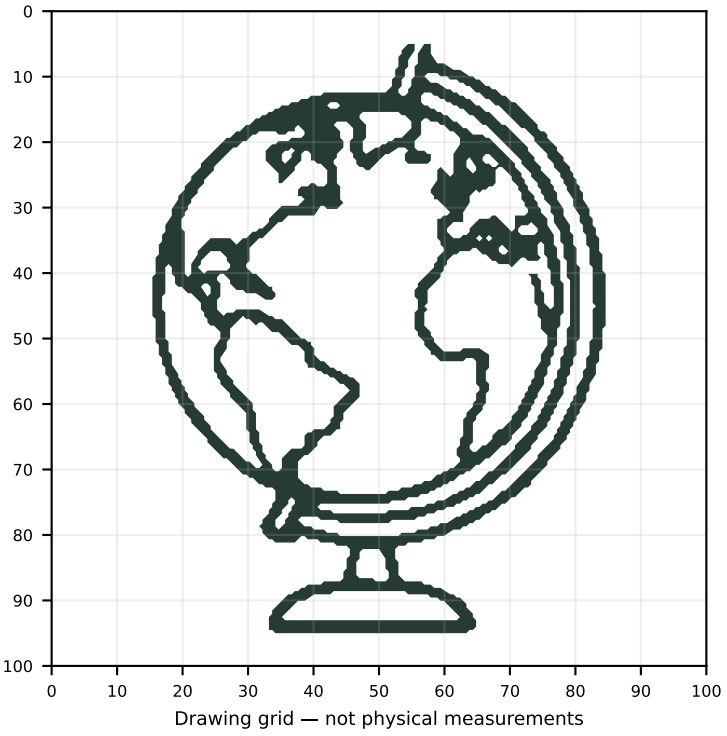

METHOD: Draw a large circle for the sphere and sketch simplified continent shapes inside it. Add a tilted straight rod through the top and bottom of the sphere to indicate the axis. Draw a curved ring around the sphere following its tilt, connecting to the axis points. Attach a short stem and flared base beneath the ring to form the stand.
Use the separate practice sheet before checking the answer.

# How to Draw Globe — Free Practice Sheets

**REFERENCE / CASE 4**

globe: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a large circle for the sphere and sketch simplified continent shapes inside it. Add a tilted straight rod through the top and bottom of the sphere to indicate the axis. Draw a curved ring around the sphere following its tilt, connecting to the axis points. Attach a short stem and flared base beneath the ring to form the stand.
Use the separate practice sheet before checking the answer.
