How to Draw Glasses — Free Practice Sheets

REFERENCE / CASE 1

glasses: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

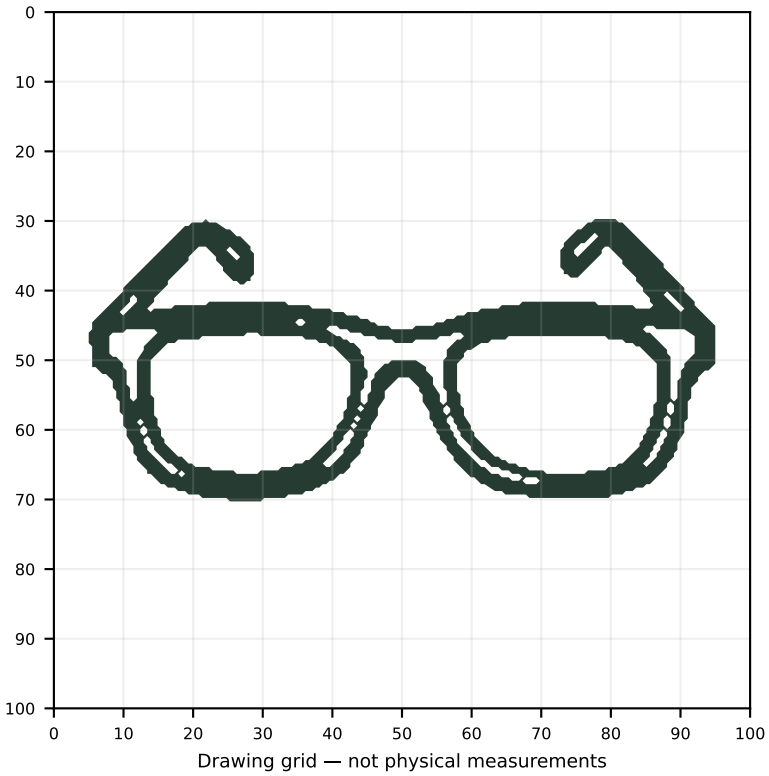

METHOD: Draw two rounded rectangular lens outlines side by side with a small gap between them. Connect the inner edges of the lenses with a curved bridge. Add a short temple arm at each outer corner, angled upward and slightly inward. Outline the frame thickness around the lenses and temples to finish the glasses shape.
Use the separate practice sheet before checking the answer.

REFERENCE / CASE 2

glasses: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

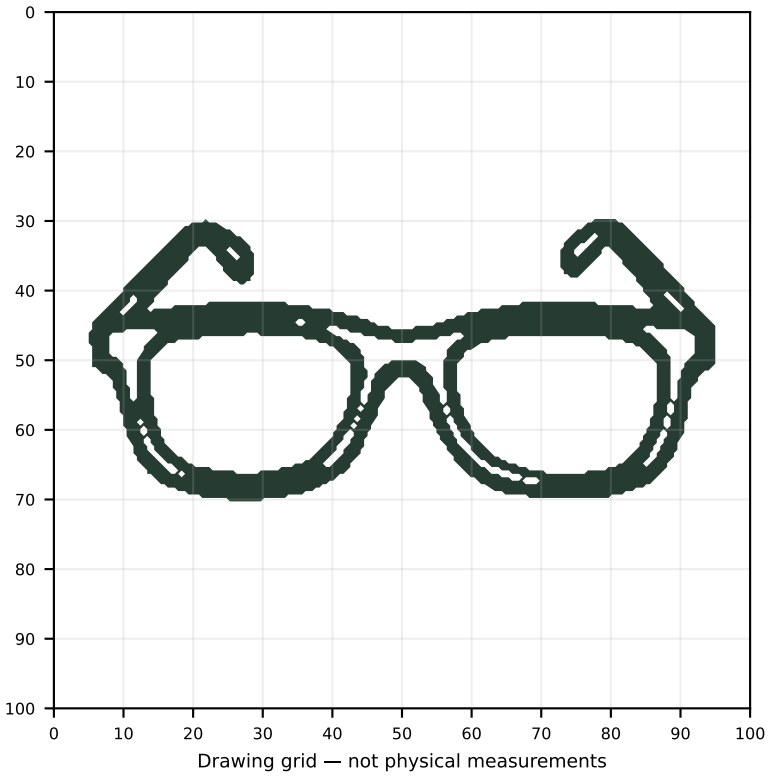

METHOD: Draw two rounded rectangular lens outlines side by side with a small gap between them. Connect the inner edges of the lenses with a curved bridge. Add a short temple arm at each outer corner, angled upward and slightly inward. Outline the frame thickness around the lenses and temples to finish the glasses shape.
Use the separate practice sheet before checking the answer.

How to Draw Glasses — Free Practice Sheets

REFERENCE / CASE 3

glasses: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

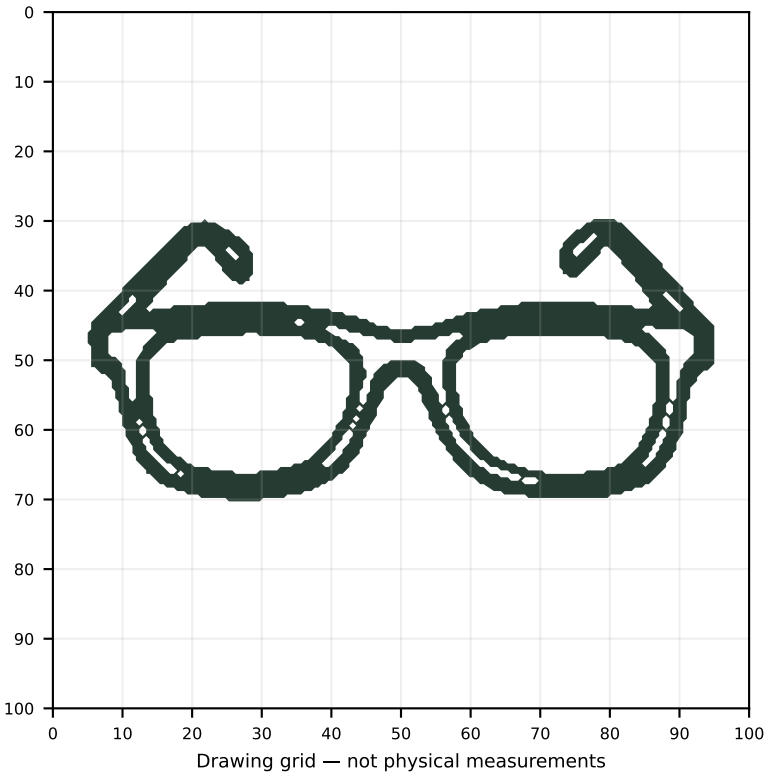

METHOD: Draw two rounded rectangular lens outlines side by side with a small gap between them. Connect the inner edges of the lenses with a curved bridge. Add a short temple arm at each outer corner, angled upward and slightly inward. Outline the frame thickness around the lenses and temples to finish the glasses shape.
Use the separate practice sheet before checking the answer.

How to Draw Glasses — Free Practice Sheets

REFERENCE / CASE 4

glasses: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw two rounded rectangular lens outlines side by side with a small gap between them. Connect the inner edges of the lenses with a curved bridge. Add a short temple arm at each outer corner, angled upward and slightly inward. Outline the frame thickness around the lenses and temples to finish the glasses shape.
Use the separate practice sheet before checking the answer.
