How to Draw Paint Tube — Free Practice Sheets

REFERENCE / CASE 1

paint tube: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

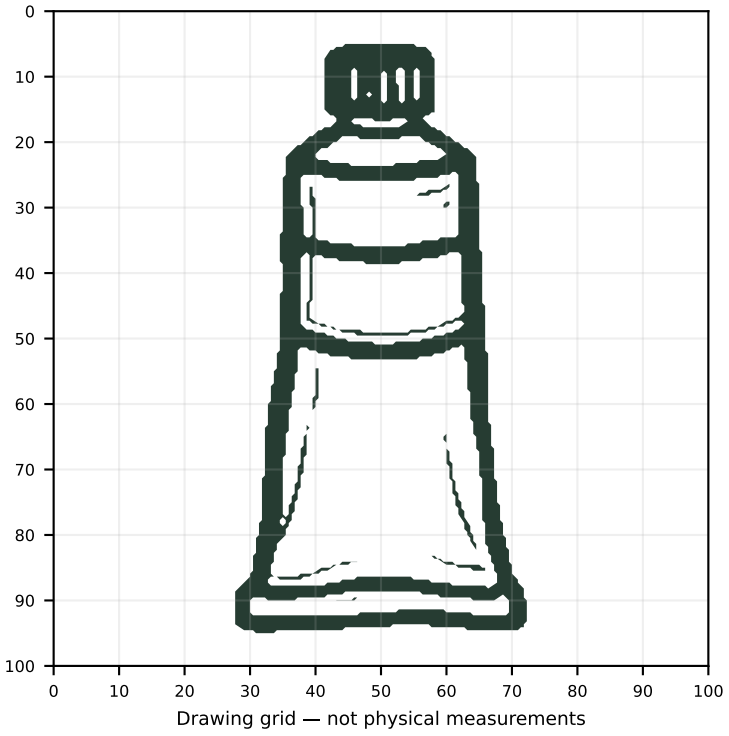

METHOD: Draw a tall tapered rectangle for the tube body, wider at the bottom and narrower at the top. Add a small ridged cylinder on top for the twist cap. Draw a flat horizontal crimped base at the bottom with a slightly wavy edge. Add two horizontal band lines across the upper body and a few vertical contour lines for the tube's shape.
Use the separate practice sheet before checking the answer.
