How to Draw Football Goal — Free Practice Sheets

ANSWER / CASE 1

football goal: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

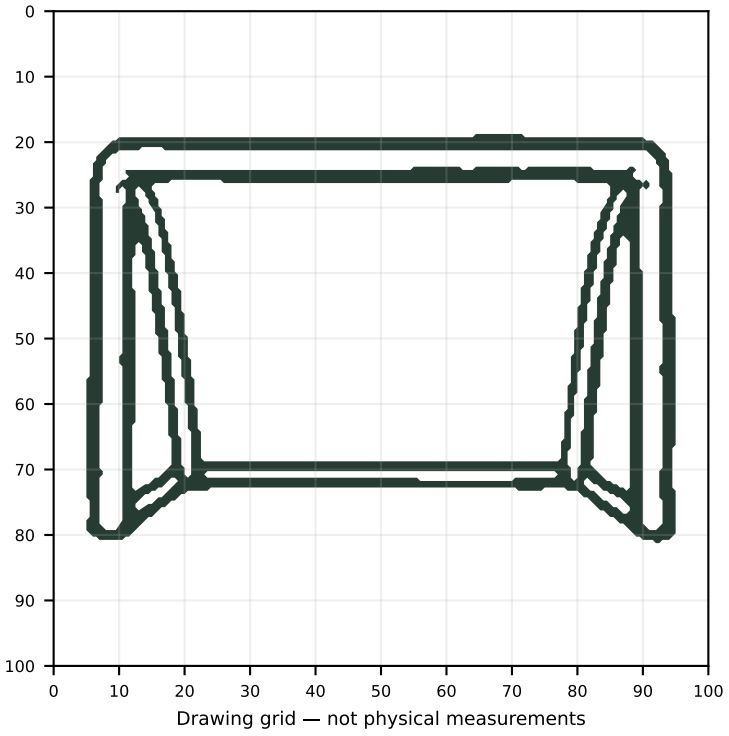

ANSWER: Example solution: preserve rectangular front frame formed by two upright posts and a crossbar, side support frames angled back from the front posts, open box-like depth with a bottom base line connecting the rear supports. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide rectangle for the front goal opening (two upright posts and a crossbar).
2. Add two angled lines from the top corners going back and down to suggest side depth.
3. Connect the rear ends with a bottom horizontal line to form the base of the goal frame.
4. Optionally add a simple net mesh pattern inside the frame to indicate the net.

ANSWER / CASE 3

football goal: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

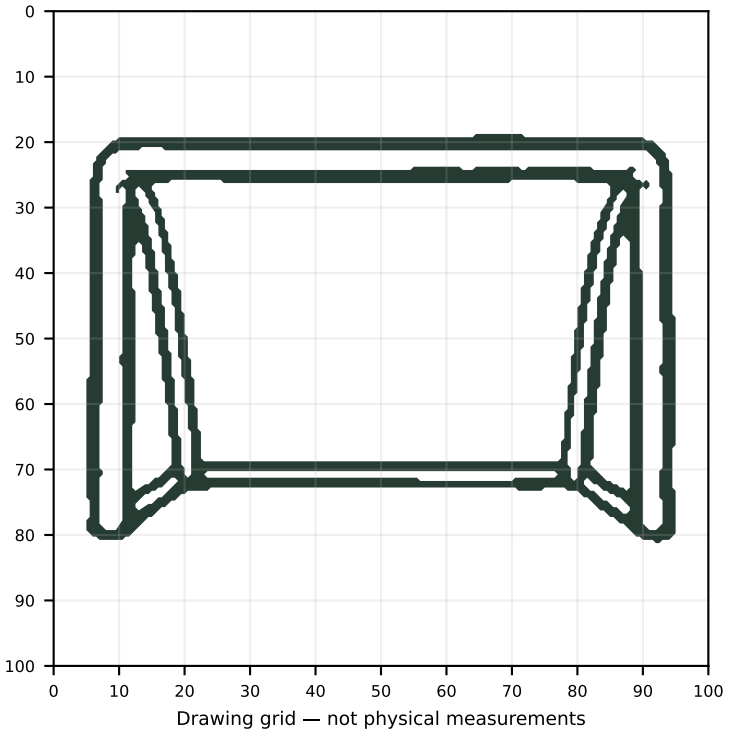

ANSWER: Example solution: preserve rectangular front frame formed by two upright posts and a crossbar, side support frames angled back from the front posts, open box-like depth with a bottom base line connecting the rear supports. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide rectangle for the front goal opening (two upright posts and a crossbar).
2. Add two angled lines from the top corners going back and down to suggest side depth.
3. Connect the rear ends with a bottom horizontal line to form the base of the goal frame.
4. Optionally add a simple net mesh pattern inside the frame to indicate the net.

How to Draw Football Goal — Free Practice Sheets

ANSWER / CASE 4

football goal: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve rectangular front frame formed by two upright posts and a crossbar, side support frames angled back from the front posts, open box-like depth with a bottom base line connecting the rear supports. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a wide rectangle for the front goal opening (two upright posts and a crossbar).
2. Add two angled lines from the top corners going back and down to suggest side depth.
3. Connect the rear ends with a bottom horizontal line to form the base of the goal frame.
4. Optionally add a simple net mesh pattern inside the frame to indicate the net.
