How to Draw Hand Fan — Free Practice Sheets

REFERENCE / CASE 1

hand fan: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

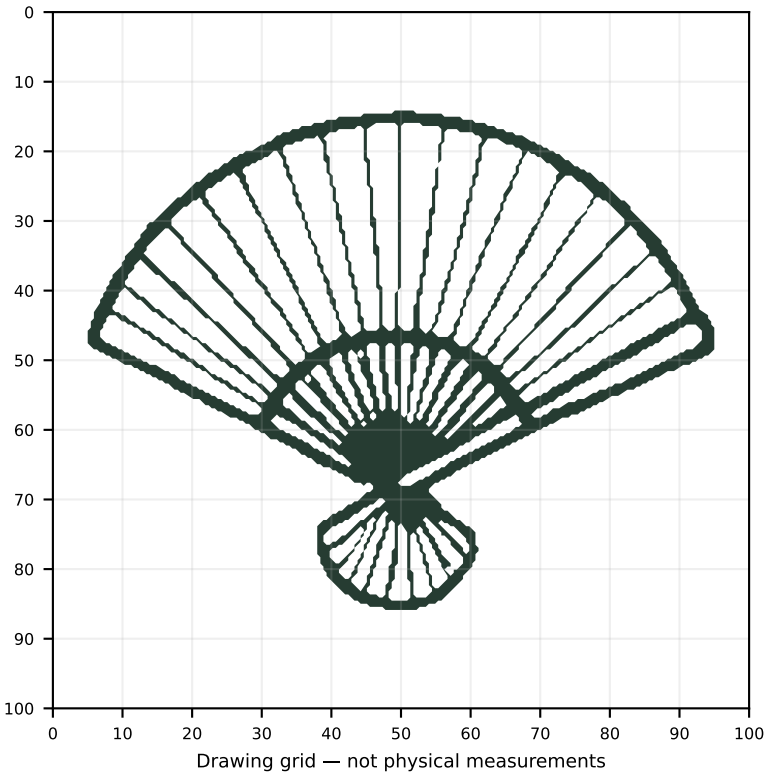

METHOD: Draw a wide arc for the top edge of the fan. Draw a smaller arc below it to form the inner edge and connect the ends to make the fan body. Add many straight radiating lines from the central pivot point to the top arc to show folded pleats. Draw a small rounded fan-shaped section below the pivot to complete the handle/base area.
Use the separate practice sheet before checking the answer.

How to Draw Hand Fan — Free Practice Sheets

REFERENCE / CASE 2

hand fan: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

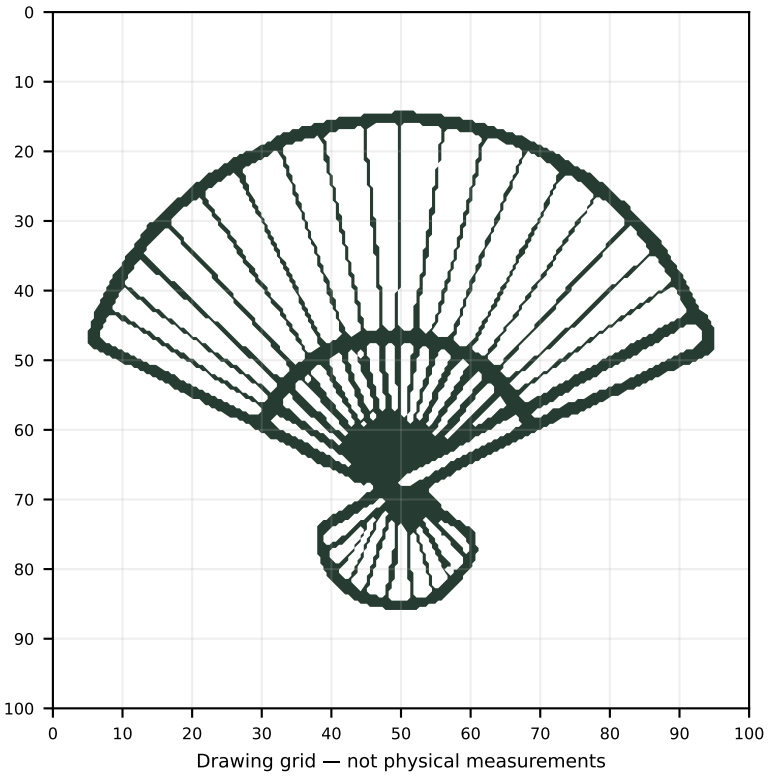

METHOD: Draw a wide arc for the top edge of the fan. Draw a smaller arc below it to form the inner edge and connect the ends to make the fan body. Add many straight radiating lines from the central pivot point to the top arc to show folded pleats. Draw a small rounded fan-shaped section below the pivot to complete the handle/base area.
Use the separate practice sheet before checking the answer.

How to Draw Hand Fan — Free Practice Sheets

REFERENCE / CASE 3

hand fan: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

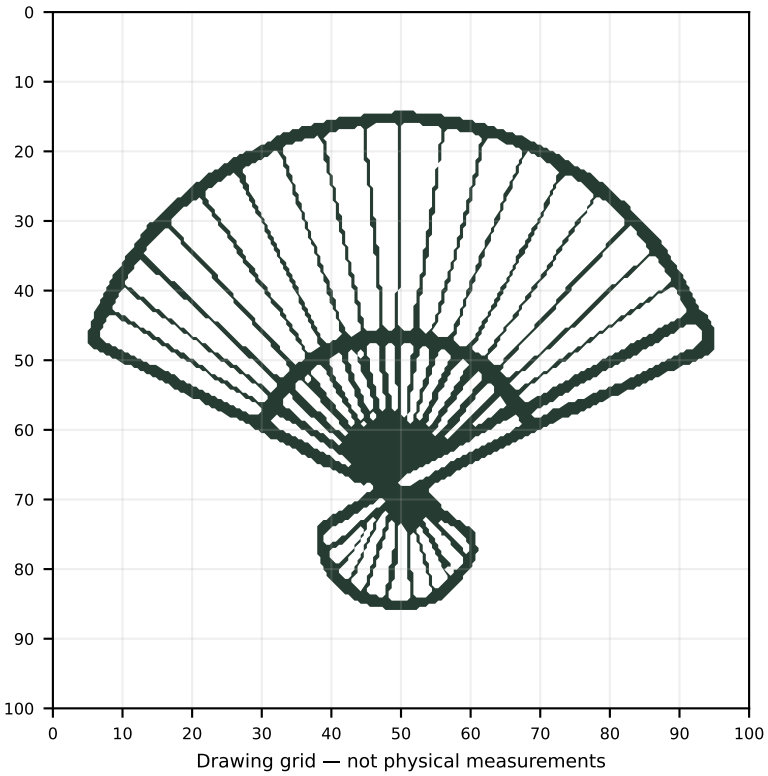

METHOD: Draw a wide arc for the top edge of the fan. Draw a smaller arc below it to form the inner edge and connect the ends to make the fan body. Add many straight radiating lines from the central pivot point to the top arc to show folded pleats. Draw a small rounded fan-shaped section below the pivot to complete the handle/base area.
Use the separate practice sheet before checking the answer.

How to Draw Hand Fan — Free Practice Sheets

REFERENCE / CASE 4

hand fan: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a wide arc for the top edge of the fan. Draw a smaller arc below it to form the inner edge and connect the ends to make the fan body. Add many straight radiating lines from the central pivot point to the top arc to show folded pleats. Draw a small rounded fan-shaped section below the pivot to complete the handle/base area.
Use the separate practice sheet before checking the answer.
