How to Draw Piano — Free Practice Sheets

ANSWER / CASE 1

piano: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

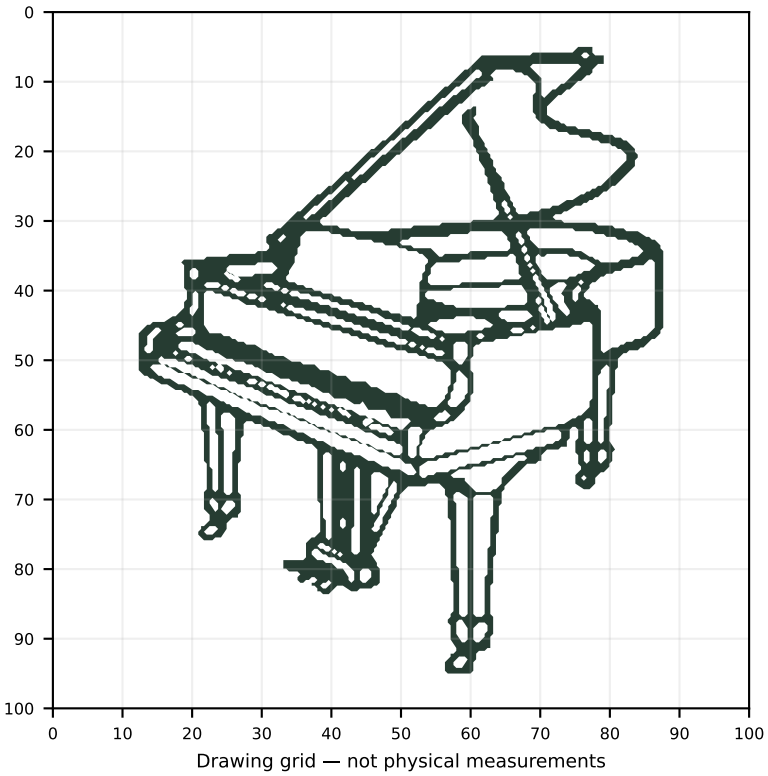

ANSWER: Example solution: preserve row of black and white keys along the front, rectangular/curved body with an open lid propped by a stick, three visible legs and a pedal assembly. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the main body as a rounded rectangular case with a curved right side.
2. Add the keyboard strip along the front edge with small black key marks.
3. Draw the open lid as a large angled shape supported by a thin prop stick.
4. Add three tapered legs and the central pedal box beneath the body.

ANSWER / CASE 3

piano: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

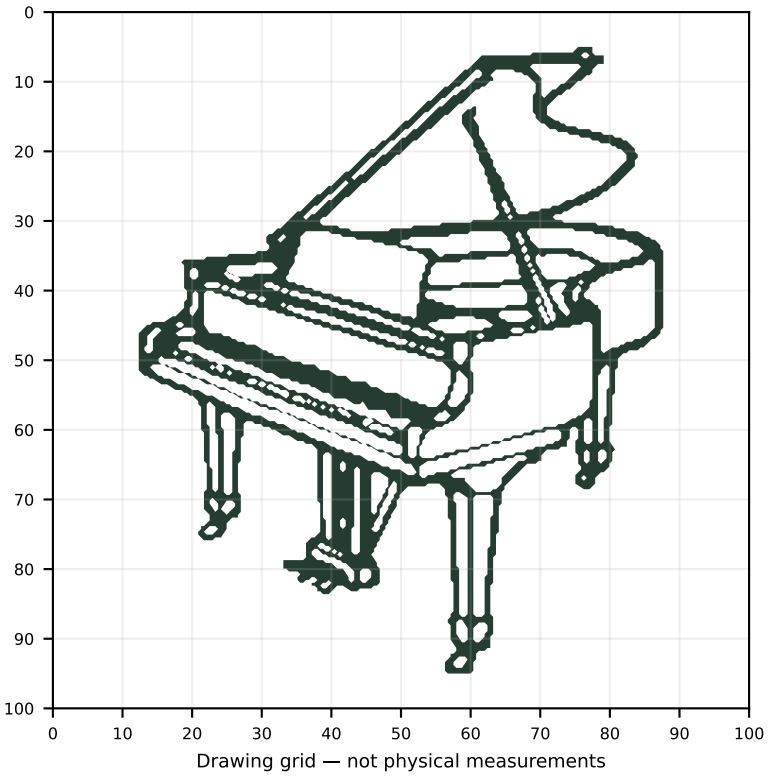

ANSWER: Example solution: preserve row of black and white keys along the front, rectangular/curved body with an open lid propped by a stick, three visible legs and a pedal assembly. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the main body as a rounded rectangular case with a curved right side.
2. Add the keyboard strip along the front edge with small black key marks.
3. Draw the open lid as a large angled shape supported by a thin prop stick.
4. Add three tapered legs and the central pedal box beneath the body.

How to Draw Piano — Free Practice Sheets

ANSWER / CASE 4

piano: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve row of black and white keys along the front, rectangular/curved body with an open lid propped by a stick, three visible legs and a pedal assembly. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the main body as a rounded rectangular case with a curved right side.
2. Add the keyboard strip along the front edge with small black key marks.
3. Draw the open lid as a large angled shape supported by a thin prop stick.
4. Add three tapered legs and the central pedal box beneath the body.
