How to Draw Vault — Free Practice Sheets

REFERENCE / CASE 1

vault: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

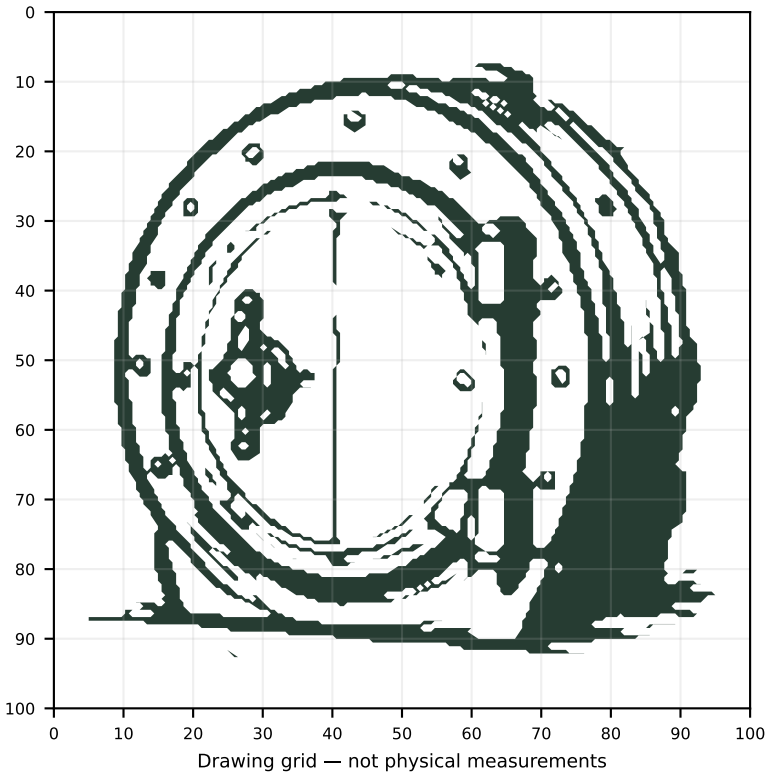

METHOD: Draw a large circle for the door face and a slightly larger offset arc for the thick rim. Add a vertical seam line down the center of the door and place the spoked handle on the left half. Draw the cylindrical body behind the door as curved side arcs, then add two rectangular hinge blocks on the right edge. Add rivets around the rim and a base block under the body, then outline the shadow line beneath.
Use the separate practice sheet before checking the answer.

How to Draw Vault — Free Practice Sheets

REFERENCE / CASE 2

vault: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

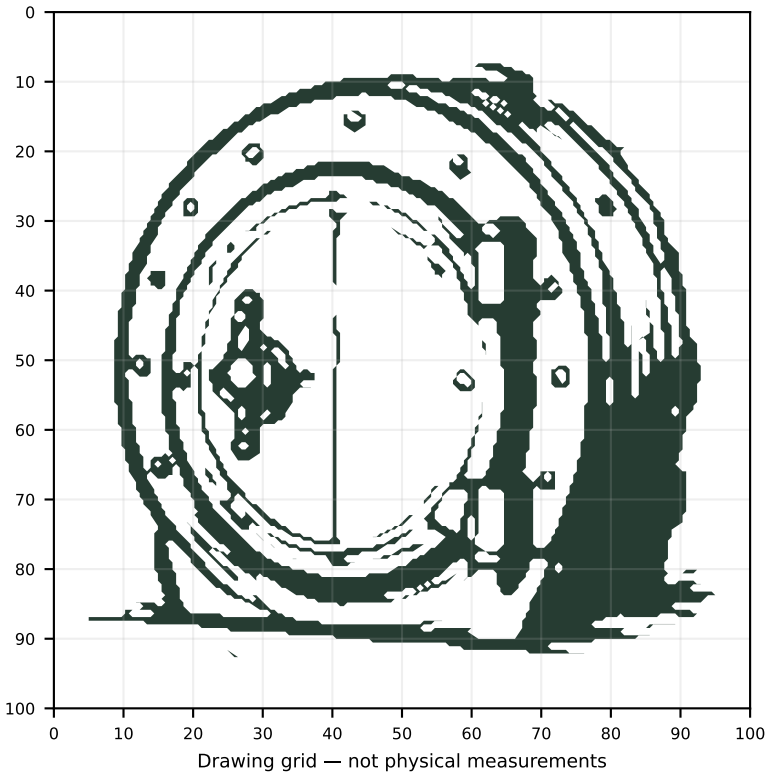

METHOD: Draw a large circle for the door face and a slightly larger offset arc for the thick rim. Add a vertical seam line down the center of the door and place the spoked handle on the left half. Draw the cylindrical body behind the door as curved side arcs, then add two rectangular hinge blocks on the right edge. Add rivets around the rim and a base block under the body, then outline the shadow line beneath.
Use the separate practice sheet before checking the answer.

How to Draw Vault — Free Practice Sheets

REFERENCE / CASE 3

vault: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

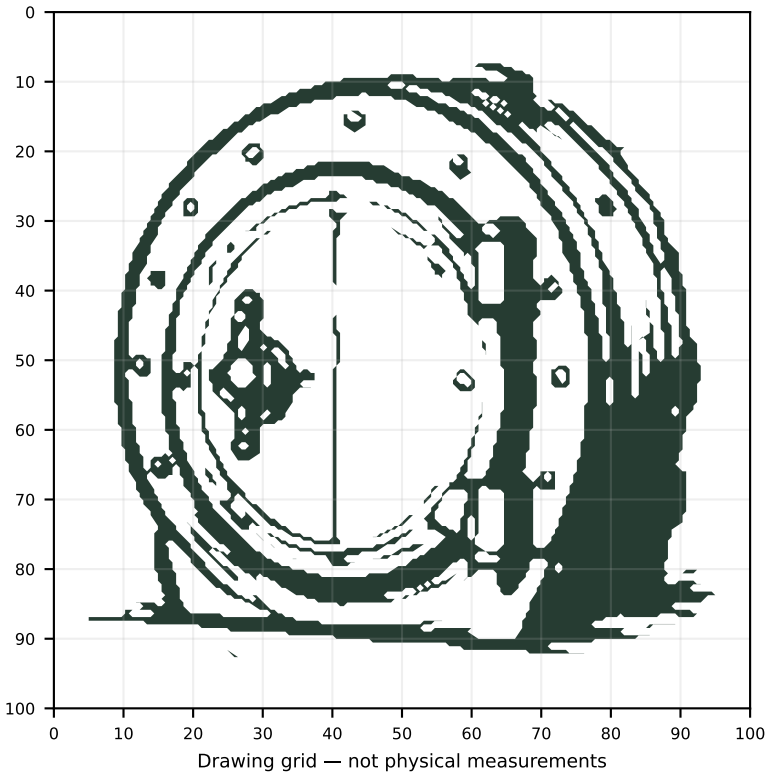

METHOD: Draw a large circle for the door face and a slightly larger offset arc for the thick rim. Add a vertical seam line down the center of the door and place the spoked handle on the left half. Draw the cylindrical body behind the door as curved side arcs, then add two rectangular hinge blocks on the right edge. Add rivets around the rim and a base block under the body, then outline the shadow line beneath.
Use the separate practice sheet before checking the answer.

How to Draw Vault — Free Practice Sheets

REFERENCE / CASE 4

vault: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a large circle for the door face and a slightly larger offset arc for the thick rim. Add a vertical seam line down the center of the door and place the spoked handle on the left half. Draw the cylindrical body behind the door as curved side arcs, then add two rectangular hinge blocks on the right edge. Add rivets around the rim and a base block under the body, then outline the shadow line beneath.
Use the separate practice sheet before checking the answer.
