How to Draw Open Door — Free Practice Sheets

REFERENCE / CASE 1

open door: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

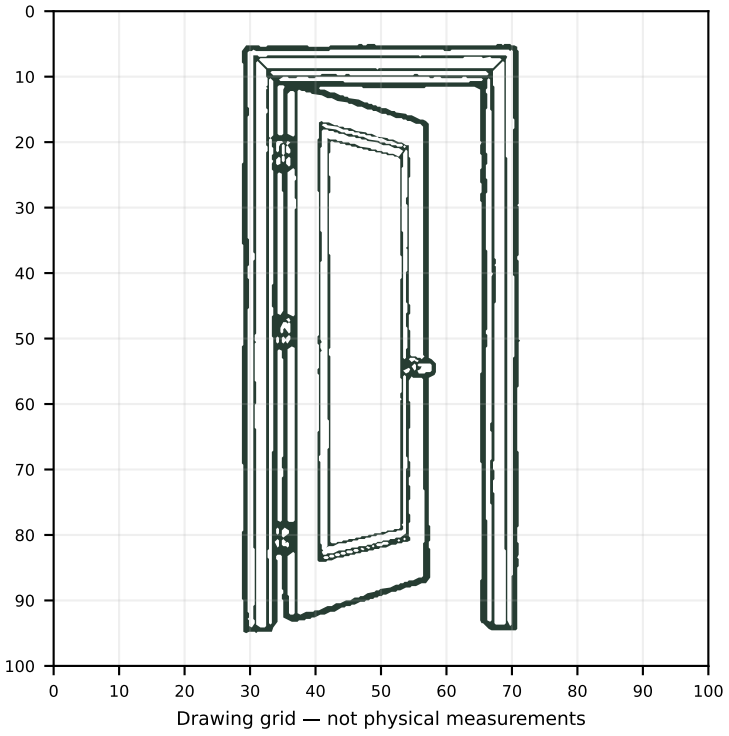

METHOD: Draw the outer rectangular door frame as a double-line border. Draw the open door panel as a parallelogram/rectangle skewed to show perspective, attached along the left frame edge. Add an inner rectangular molding outline on the door panel. Draw three hinge rectangles along the left edge and a small knob on the right edge.
Use the separate practice sheet before checking the answer.

How to Draw Open Door — Free Practice Sheets

REFERENCE / CASE 2

open door: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

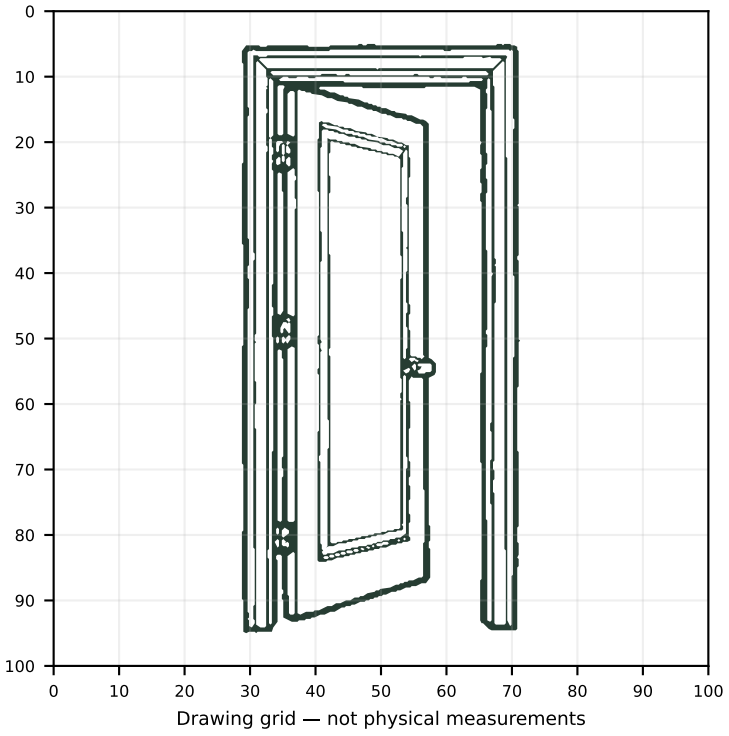

METHOD: Draw the outer rectangular door frame as a double-line border. Draw the open door panel as a parallelogram/rectangle skewed to show perspective, attached along the left frame edge. Add an inner rectangular molding outline on the door panel. Draw three hinge rectangles along the left edge and a small knob on the right edge.
Use the separate practice sheet before checking the answer.

How to Draw Open Door — Free Practice Sheets

REFERENCE / CASE 3

open door: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

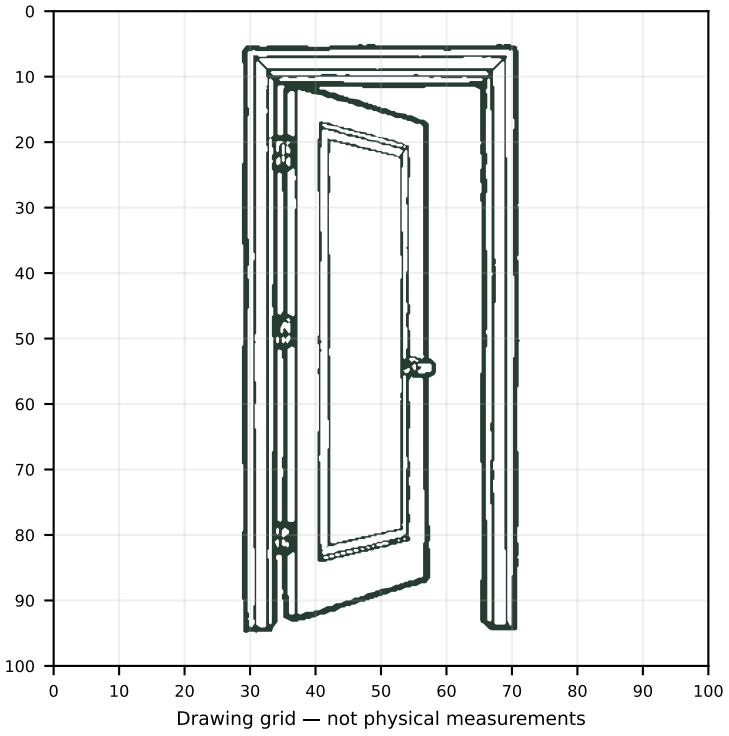

METHOD: Draw the outer rectangular door frame as a double-line border. Draw the open door panel as a parallelogram/rectangle skewed to show perspective, attached along the left frame edge. Add an inner rectangular molding outline on the door panel. Draw three hinge rectangles along the left edge and a small knob on the right edge.
Use the separate practice sheet before checking the answer.

How to Draw Open Door — Free Practice Sheets

REFERENCE / CASE 4

open door: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the outer rectangular door frame as a double-line border. Draw the open door panel as a parallelogram/rectangle skewed to show perspective, attached along the left frame edge. Add an inner rectangular molding outline on the door panel. Draw three hinge rectangles along the left edge and a small knob on the right edge.
Use the separate practice sheet before checking the answer.
