How to Draw Leash — Free Practice Sheets

REFERENCE / CASE 1

leash: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

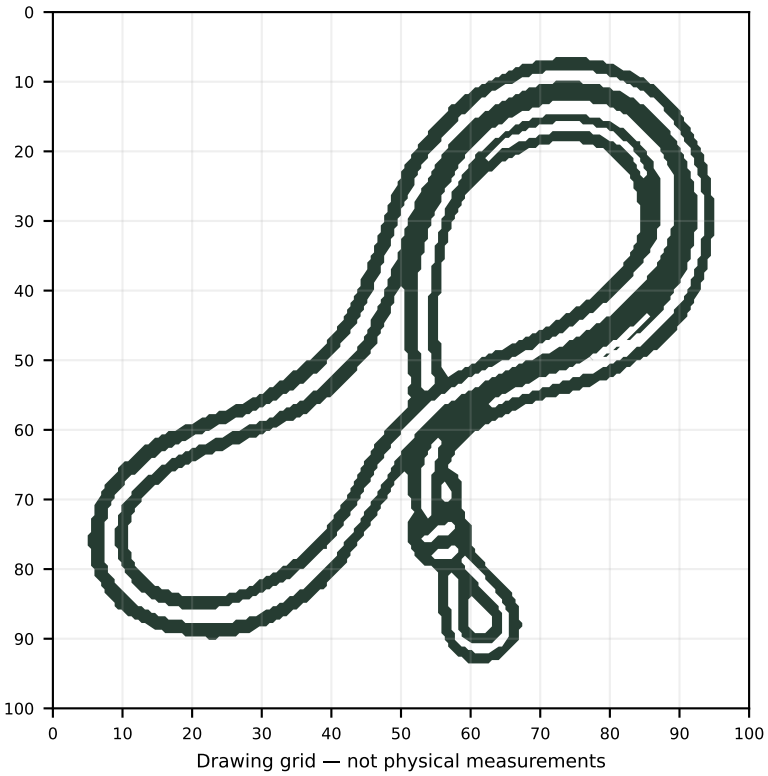

METHOD: Draw a large rounded loop at the top for the handle. Extend two parallel lines down from the handle, crossing them to form the long strap body. Curve the strap into a lower loop on the left side. Add a small knotted loop hanging below the crossing point to suggest the clip attachment.
Use the separate practice sheet before checking the answer.

How to Draw Leash — Free Practice Sheets

REFERENCE / CASE 2

leash: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

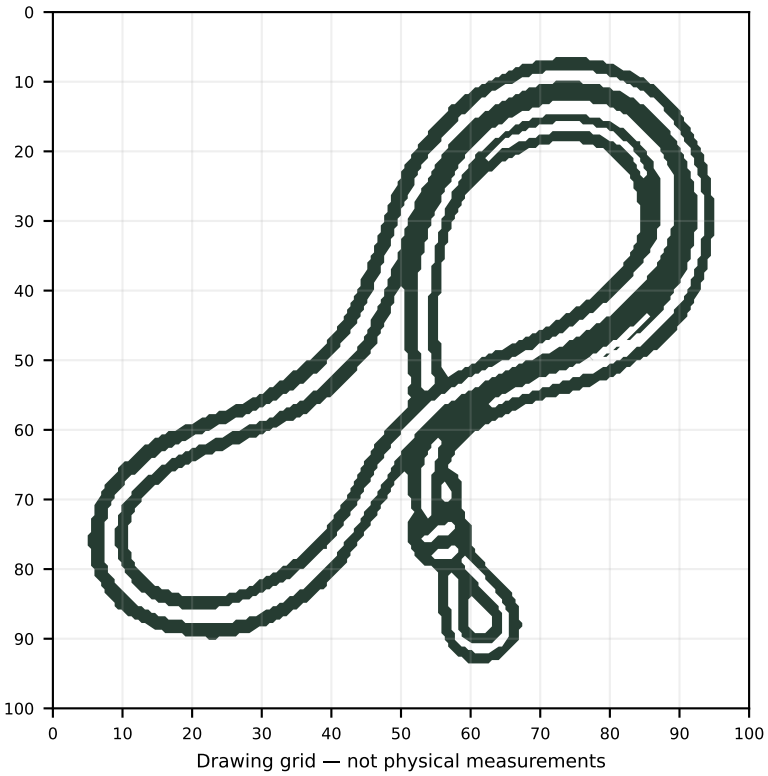

METHOD: Draw a large rounded loop at the top for the handle. Extend two parallel lines down from the handle, crossing them to form the long strap body. Curve the strap into a lower loop on the left side. Add a small knotted loop hanging below the crossing point to suggest the clip attachment.
Use the separate practice sheet before checking the answer.

How to Draw Leash — Free Practice Sheets

REFERENCE / CASE 3

leash: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

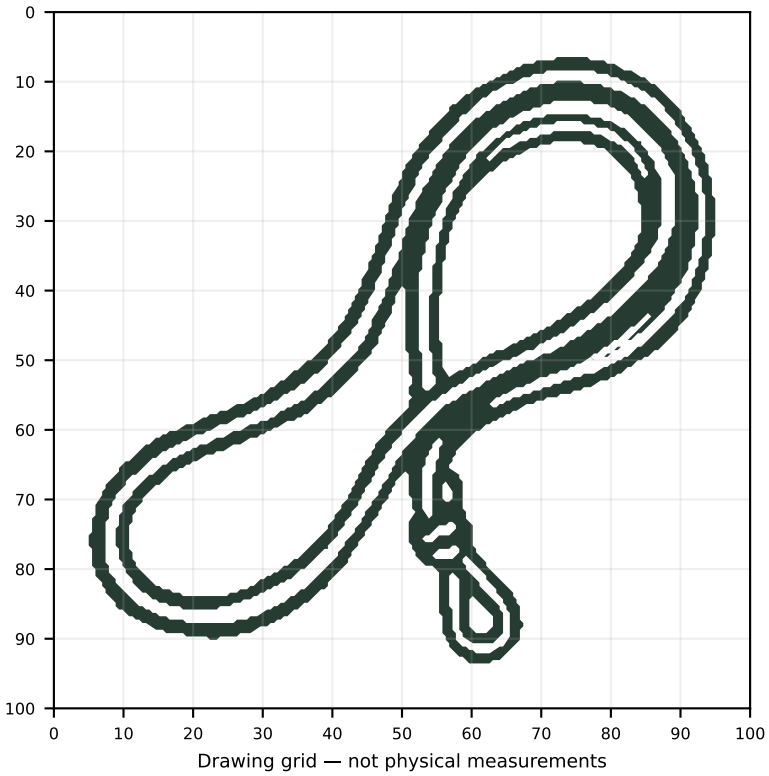

METHOD: Draw a large rounded loop at the top for the handle. Extend two parallel lines down from the handle, crossing them to form the long strap body. Curve the strap into a lower loop on the left side. Add a small knotted loop hanging below the crossing point to suggest the clip attachment.
Use the separate practice sheet before checking the answer.

How to Draw Leash — Free Practice Sheets

REFERENCE / CASE 4

leash: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a large rounded loop at the top for the handle. Extend two parallel lines down from the handle, crossing them to form the long strap body. Curve the strap into a lower loop on the left side. Add a small knotted loop hanging below the crossing point to suggest the clip attachment.
Use the separate practice sheet before checking the answer.
