How to Draw Magnet — Free Practice Sheets

REFERENCE / CASE 1

magnet: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

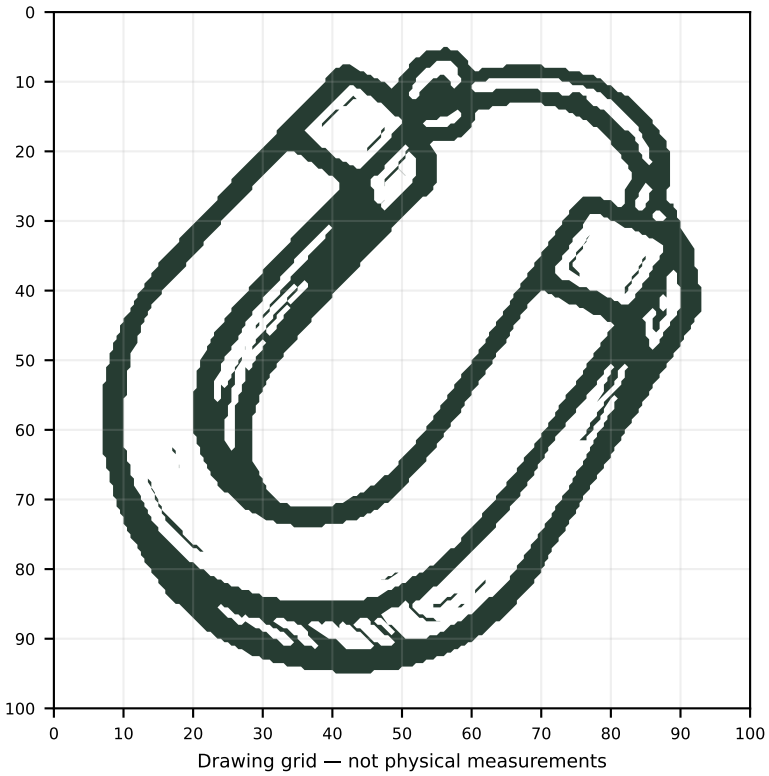

METHOD: Draw a thick U-shaped curved band for the magnet body. Add two rectangular blocks at the open ends to represent the poles. Draw a small loop or ring at the top between the pole tips. Outline the entire shape with bold lines and add simple shading strokes along the curve.
Use the separate practice sheet before checking the answer.

REFERENCE / CASE 2

magnet: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

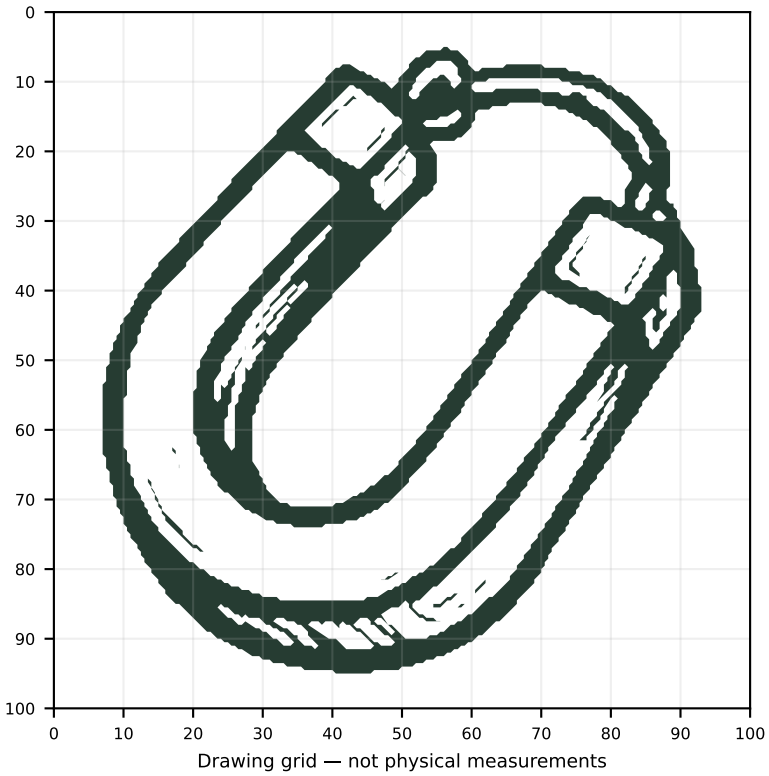

METHOD: Draw a thick U-shaped curved band for the magnet body. Add two rectangular blocks at the open ends to represent the poles. Draw a small loop or ring at the top between the pole tips. Outline the entire shape with bold lines and add simple shading strokes along the curve.
Use the separate practice sheet before checking the answer.

How to Draw Magnet — Free Practice Sheets

REFERENCE / CASE 3

magnet: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

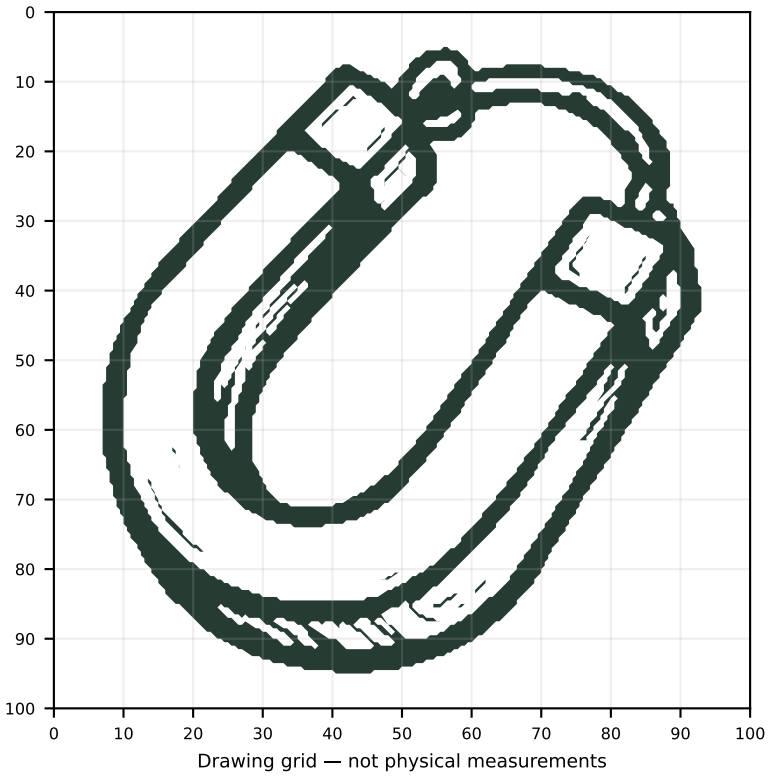

METHOD: Draw a thick U-shaped curved band for the magnet body. Add two rectangular blocks at the open ends to represent the poles. Draw a small loop or ring at the top between the pole tips. Outline the entire shape with bold lines and add simple shading strokes along the curve.
Use the separate practice sheet before checking the answer.

How to Draw Magnet — Free Practice Sheets

REFERENCE / CASE 4

magnet: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a thick U-shaped curved band for the magnet body. Add two rectangular blocks at the open ends to represent the poles. Draw a small loop or ring at the top between the pole tips. Outline the entire shape with bold lines and add simple shading strokes along the curve.
Use the separate practice sheet before checking the answer.
