How to Draw Podium — Free Practice Sheets

REFERENCE / CASE 1

podium: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

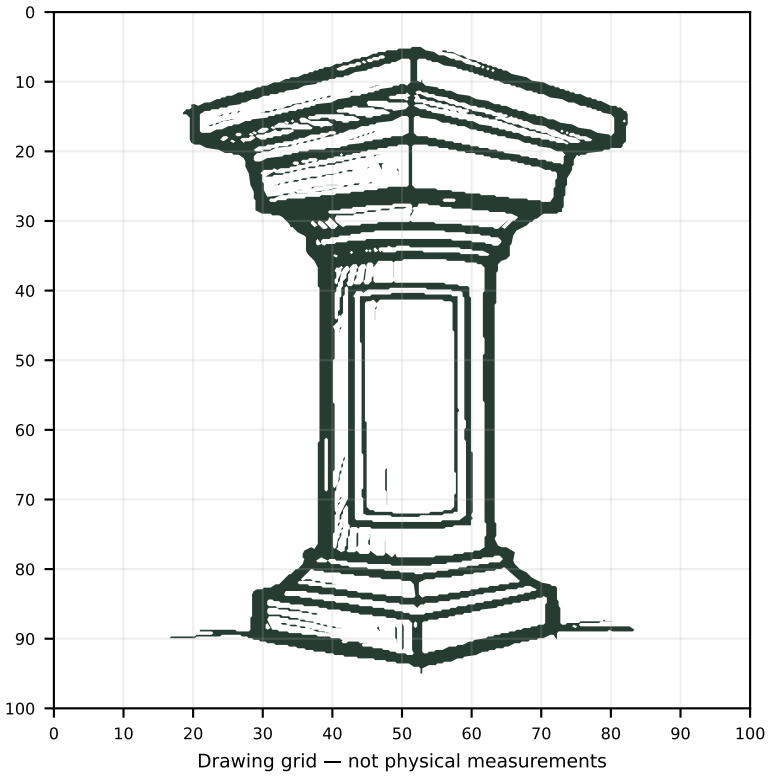

METHOD: Draw the top cap as a wide, slanted quadrilateral with a thick overhanging edge. Add the supporting column below the cap, using vertical lines and a smaller inset rectangle for the front panel. Draw the base as stacked horizontal blocks that widen toward the bottom. Add short ground lines at the base to anchor the object.
Use the separate practice sheet before checking the answer.

How to Draw Podium — Free Practice Sheets

REFERENCE / CASE 2

podium: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

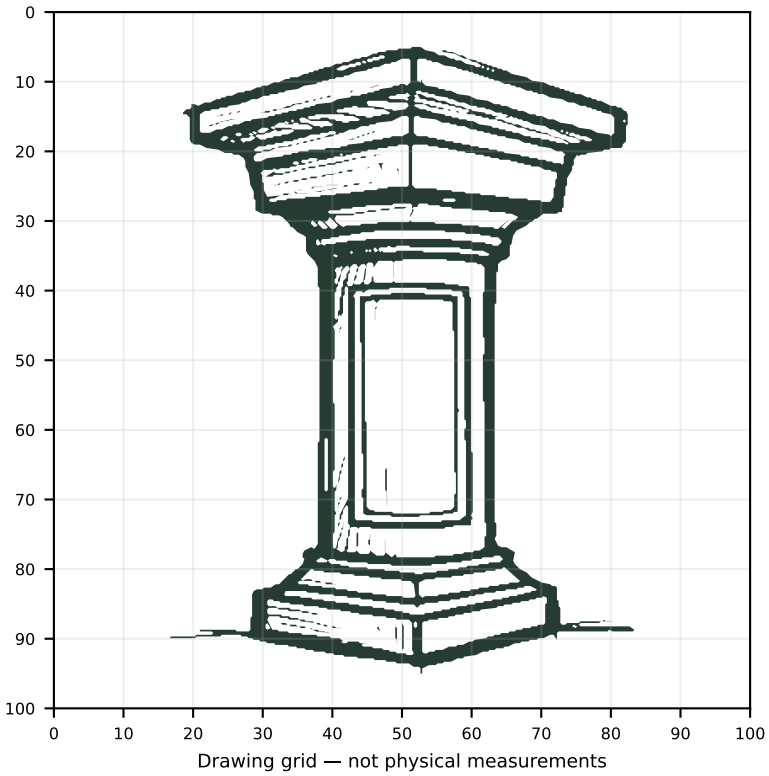

METHOD: Draw the top cap as a wide, slanted quadrilateral with a thick overhanging edge. Add the supporting column below the cap, using vertical lines and a smaller inset rectangle for the front panel. Draw the base as stacked horizontal blocks that widen toward the bottom. Add short ground lines at the base to anchor the object.
Use the separate practice sheet before checking the answer.

How to Draw Podium — Free Practice Sheets

REFERENCE / CASE 3

podium: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

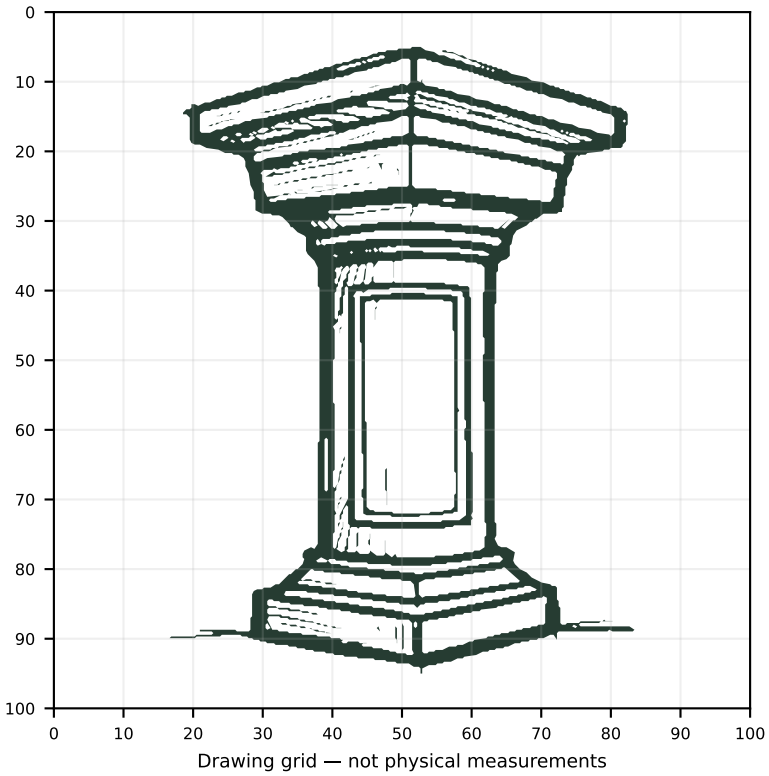

METHOD: Draw the top cap as a wide, slanted quadrilateral with a thick overhanging edge. Add the supporting column below the cap, using vertical lines and a smaller inset rectangle for the front panel. Draw the base as stacked horizontal blocks that widen toward the bottom. Add short ground lines at the base to anchor the object.
Use the separate practice sheet before checking the answer.

How to Draw Podium — Free Practice Sheets

REFERENCE / CASE 4

podium: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the top cap as a wide, slanted quadrilateral with a thick overhanging edge. Add the supporting column below the cap, using vertical lines and a smaller inset rectangle for the front panel. Draw the base as stacked horizontal blocks that widen toward the bottom. Add short ground lines at the base to anchor the object.
Use the separate practice sheet before checking the answer.
