How to Draw Whistle — Free Practice Sheets

ANSWER / CASE 1

whistle: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

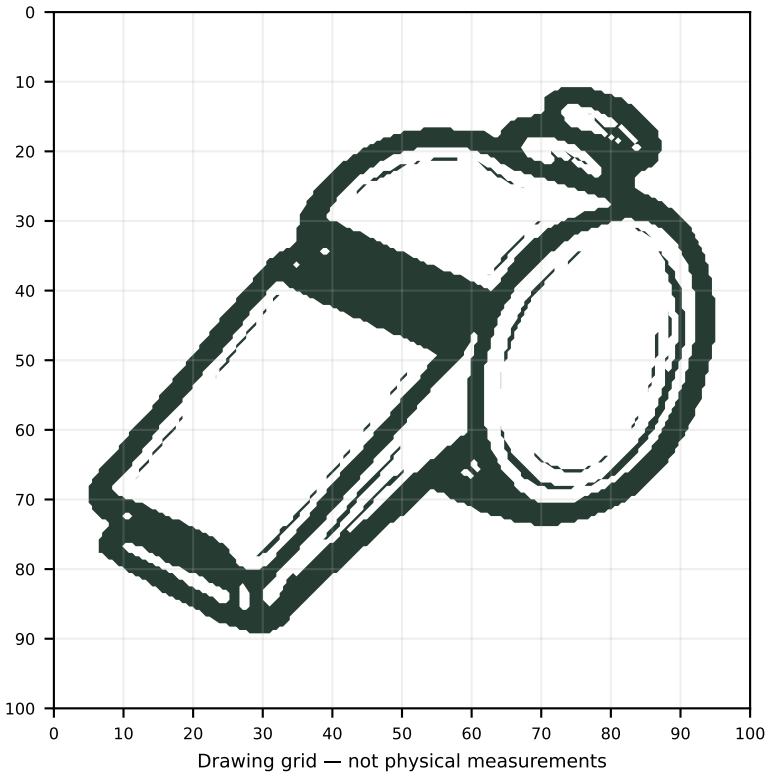

ANSWER: Example solution: preserve rounded cylindrical mouthpiece/body with a circular end face, tapered rectangular mouthpiece section extending from the body, small raised loop/ring on top of the body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large circle for the rounded end of the whistle body.
2. Attach a tapered rectangular shape to the left side of the circle for the mouthpiece.
3. Add a small loop/ring shape on top of the circular body.
4. Draw a dark band between the body and mouthpiece, then outline the circular end face with an inner ring.

ANSWER / CASE 2

whistle: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

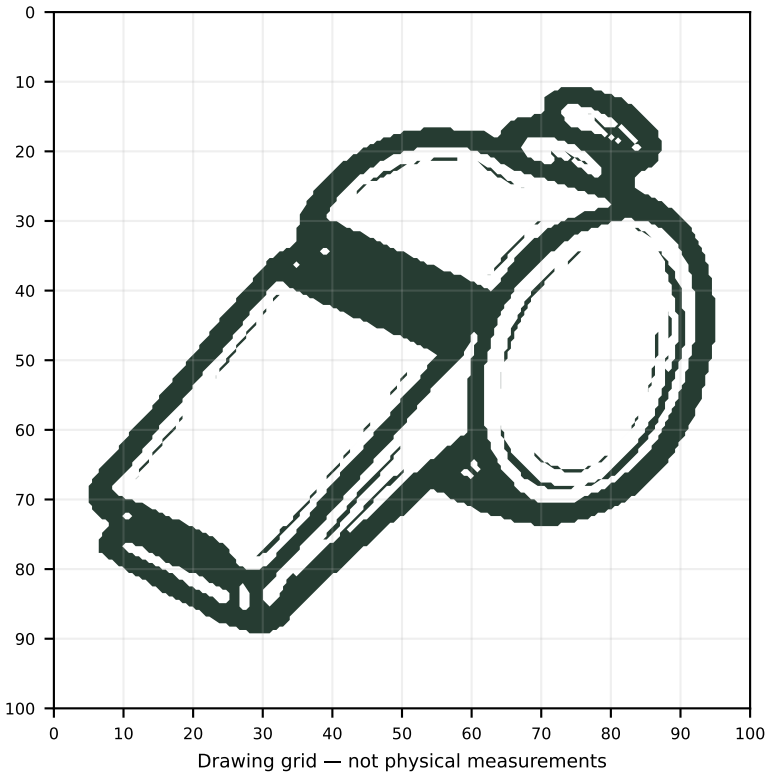

ANSWER: Example solution: preserve rounded cylindrical mouthpiece/body with a circular end face, tapered rectangular mouthpiece section extending from the body, small raised loop/ring on top of the body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large circle for the rounded end of the whistle body.
2. Attach a tapered rectangular shape to the left side of the circle for the mouthpiece.
3. Add a small loop/ring shape on top of the circular body.
4. Draw a dark band between the body and mouthpiece, then outline the circular end face with an inner ring.

ANSWER / CASE 3

whistle: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

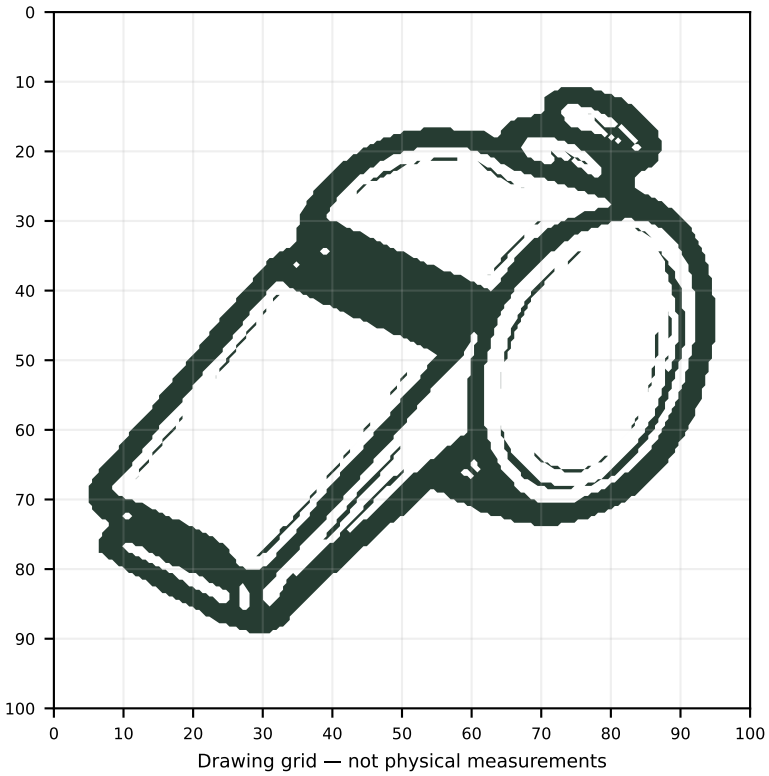

ANSWER: Example solution: preserve rounded cylindrical mouthpiece/body with a circular end face, tapered rectangular mouthpiece section extending from the body, small raised loop/ring on top of the body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large circle for the rounded end of the whistle body.
2. Attach a tapered rectangular shape to the left side of the circle for the mouthpiece.
3. Add a small loop/ring shape on top of the circular body.
4. Draw a dark band between the body and mouthpiece, then outline the circular end face with an inner ring.

How to Draw Whistle — Free Practice Sheets

ANSWER / CASE 4

whistle: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve rounded cylindrical mouthpiece/body with a circular end face, tapered rectangular mouthpiece section extending from the body, small raised loop/ring on top of the body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large circle for the rounded end of the whistle body.
2. Attach a tapered rectangular shape to the left side of the circle for the mouthpiece.
3. Add a small loop/ring shape on top of the circular body.
4. Draw a dark band between the body and mouthpiece, then outline the circular end face with an inner ring.
