How to Draw High Heel — Free Practice Sheets

ANSWER / CASE 1

high heel: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

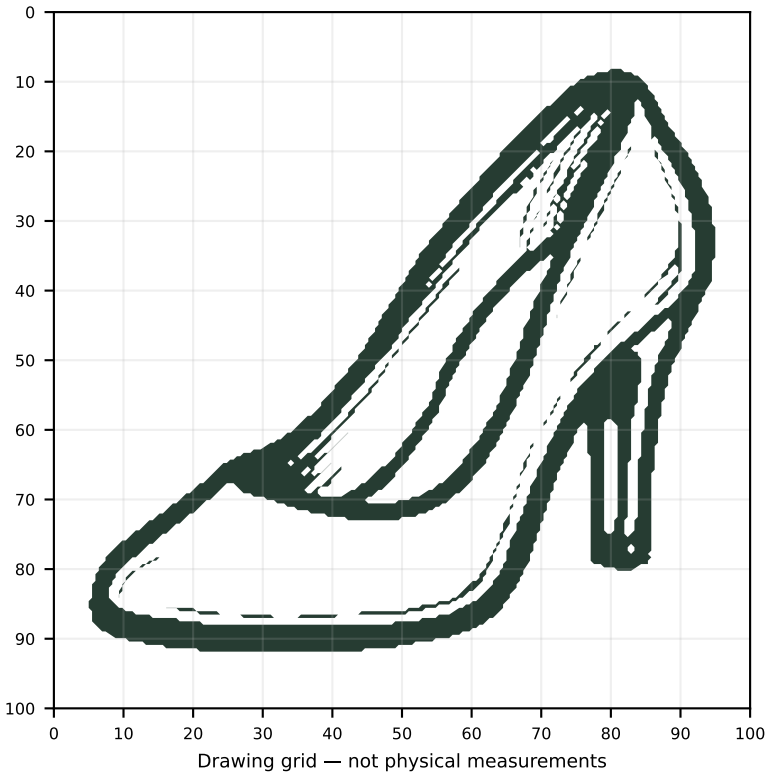

ANSWER: Example solution: preserve pointed toe, curved arch, thin high heel. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the pointed toe and sole line along the bottom.
2. Add the curved arch and heel counter outline.
3. Draw the thin heel descending from the back.
4. Add the inner opening and a few contour lines for the shoe body.

ANSWER / CASE 3

high heel: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

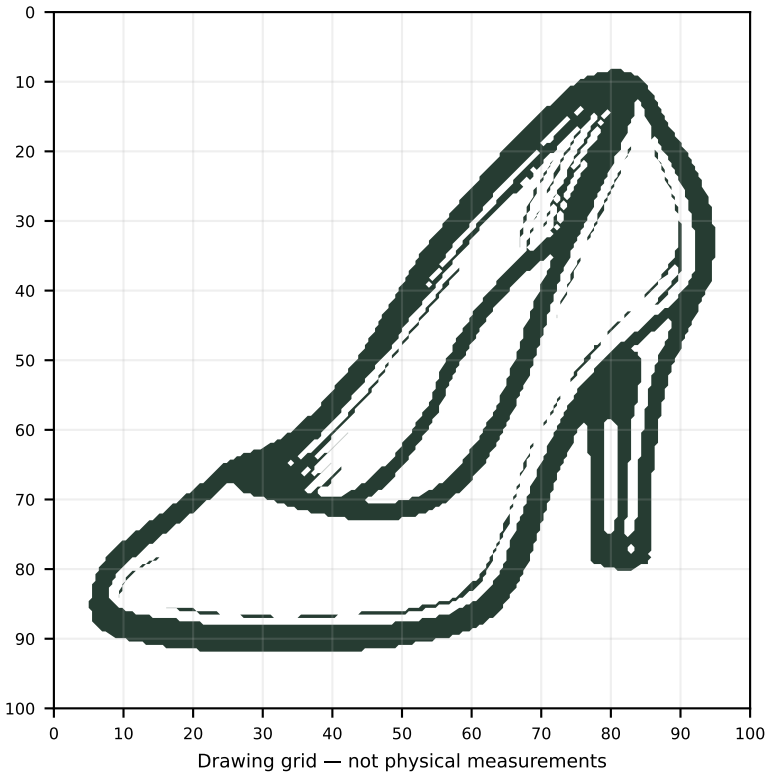

ANSWER: Example solution: preserve pointed toe, curved arch, thin high heel. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.

1. Draw the pointed toe and sole line along the bottom.
2. Add the curved arch and heel counter outline.
3. Draw the thin heel descending from the back.
4. Add the inner opening and a few contour lines for the shoe body.

How to Draw High Heel — Free Practice Sheets

ANSWER / CASE 4

high heel: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve pointed toe, curved arch, thin high heel. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the pointed toe and sole line along the bottom.
2. Add the curved arch and heel counter outline.
3. Draw the thin heel descending from the back.
4. Add the inner opening and a few contour lines for the shoe body.
