How to Draw Measuring Spoon — Free Practice Sheets

REFERENCE / CASE 1

measuring spoon: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

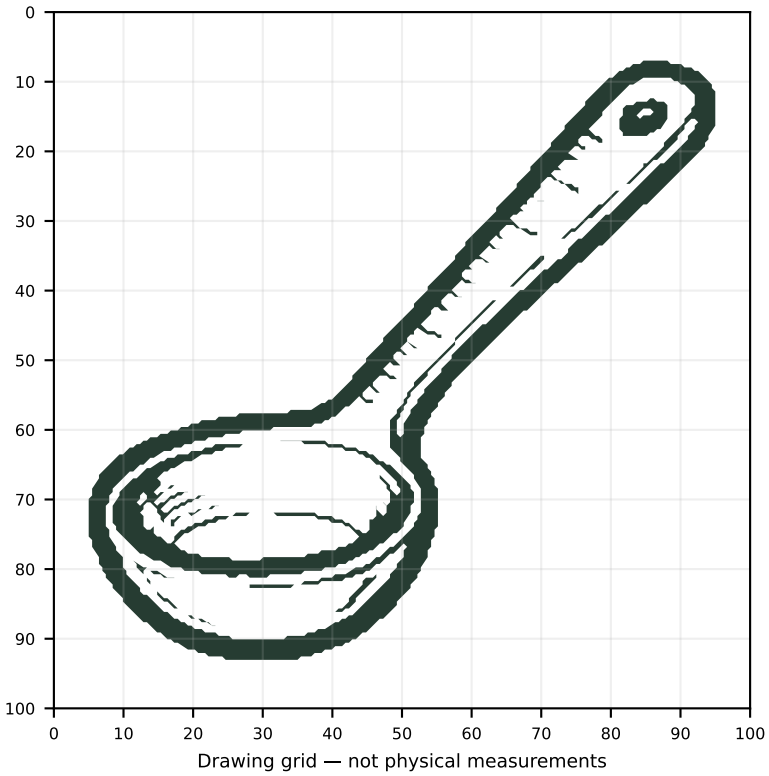

METHOD: Draw the rounded bowl as an oval with a curved inner rim line to suggest depth. Extend a long, slightly tapered handle diagonally upward from the bowl. Add short graduation marks along the handle to indicate capacity. Draw a small hole near the rounded end of the handle and outline the bowl with a thicker contour.
Use the separate practice sheet before checking the answer.

How to Draw Measuring Spoon — Free Practice Sheets

REFERENCE / CASE 2

measuring spoon: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

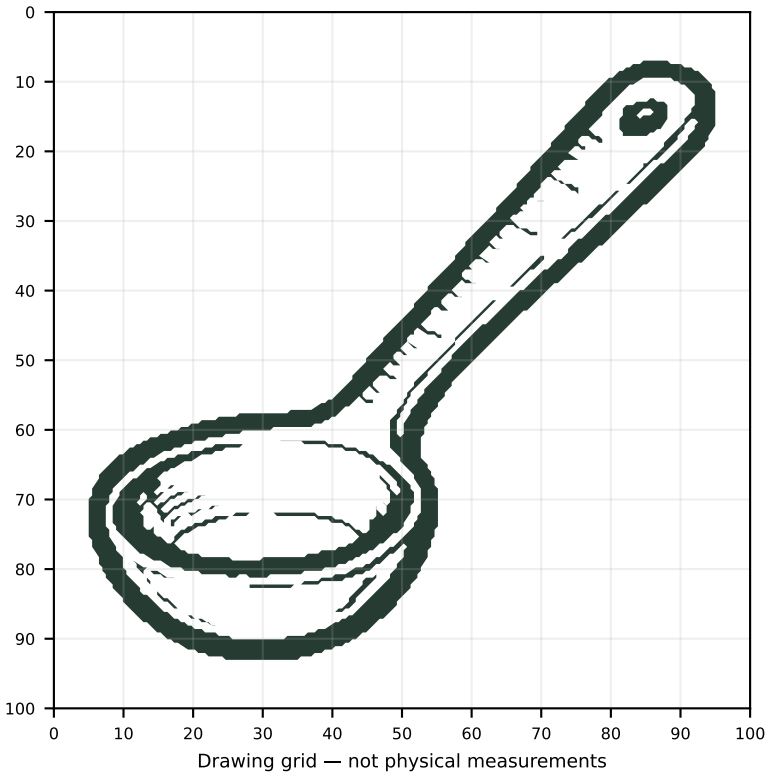

METHOD: Draw the rounded bowl as an oval with a curved inner rim line to suggest depth. Extend a long, slightly tapered handle diagonally upward from the bowl. Add short graduation marks along the handle to indicate capacity. Draw a small hole near the rounded end of the handle and outline the bowl with a thicker contour.
Use the separate practice sheet before checking the answer.

How to Draw Measuring Spoon — Free Practice Sheets

REFERENCE / CASE 3

measuring spoon: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

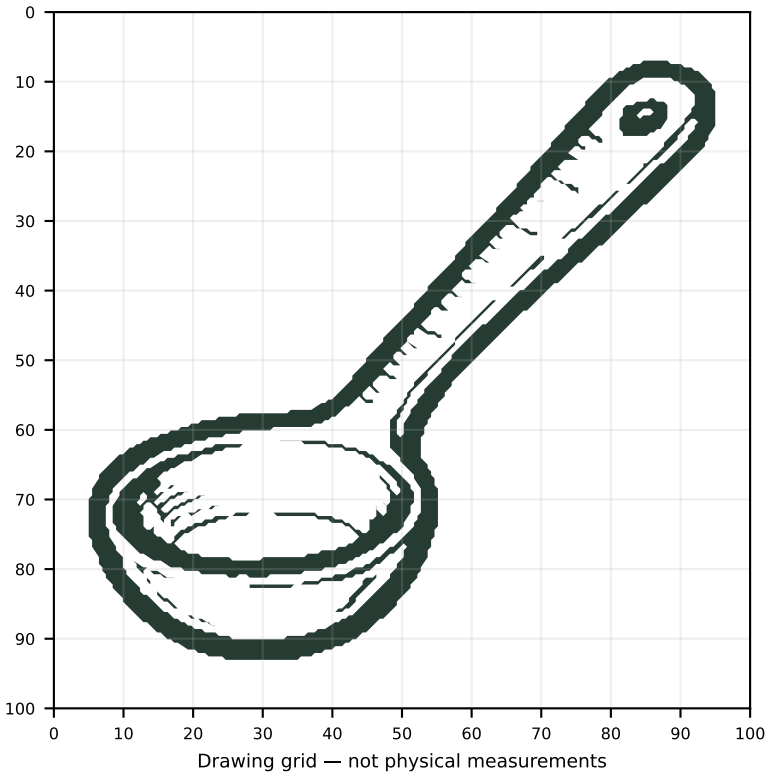

METHOD: Draw the rounded bowl as an oval with a curved inner rim line to suggest depth. Extend a long, slightly tapered handle diagonally upward from the bowl. Add short graduation marks along the handle to indicate capacity. Draw a small hole near the rounded end of the handle and outline the bowl with a thicker contour.
Use the separate practice sheet before checking the answer.

How to Draw Measuring Spoon — Free Practice Sheets

REFERENCE / CASE 4

measuring spoon: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the rounded bowl as an oval with a curved inner rim line to suggest depth. Extend a long, slightly tapered handle diagonally upward from the bowl. Add short graduation marks along the handle to indicate capacity. Draw a small hole near the rounded end of the handle and outline the bowl with a thicker contour.
Use the separate practice sheet before checking the answer.
