How to Draw Recliner — Free Practice Sheets

REFERENCE / CASE 1

recliner: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

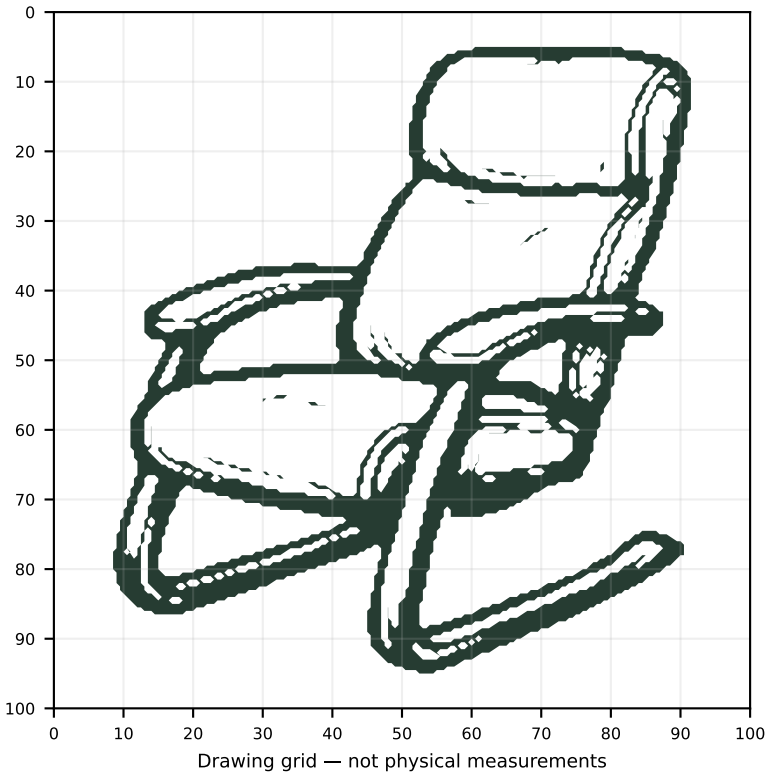

METHOD: Draw the tall backrest as a rounded rectangle with a separate headrest cushion at the top Add the seat cushion as a horizontal rounded shape attached to the bottom of the backrest Sketch the curved armrests on both sides, connecting them to the seat frame Draw the continuous tubular base/legs as curved lines that loop under the seat and extend forward
Use the separate practice sheet before checking the answer.

How to Draw Recliner — Free Practice Sheets

REFERENCE / CASE 2

recliner: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

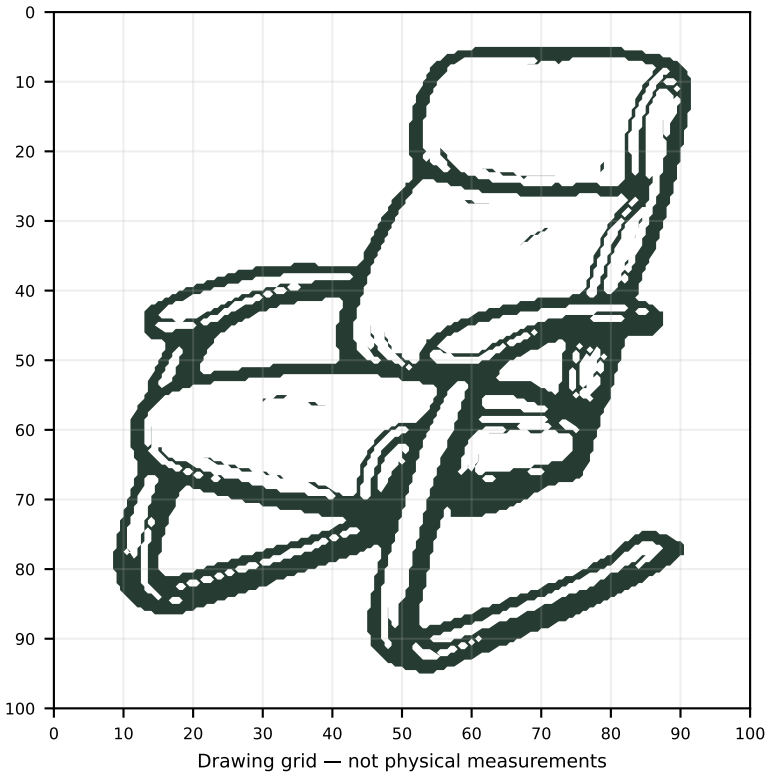

METHOD: Draw the tall backrest as a rounded rectangle with a separate headrest cushion at the top Add the seat cushion as a horizontal rounded shape attached to the bottom of the backrest Sketch the curved armrests on both sides, connecting them to the seat frame Draw the continuous tubular base/legs as curved lines that loop under the seat and extend forward
Use the separate practice sheet before checking the answer.

How to Draw Recliner — Free Practice Sheets

REFERENCE / CASE 3

recliner: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

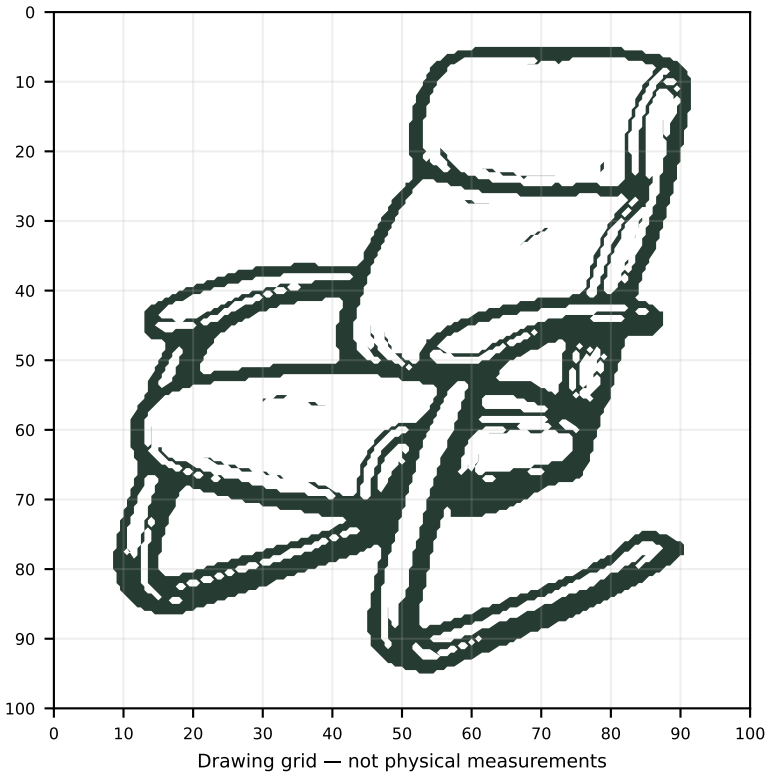

METHOD: Draw the tall backrest as a rounded rectangle with a separate headrest cushion at the top Add the seat cushion as a horizontal rounded shape attached to the bottom of the backrest Sketch the curved armrests on both sides, connecting them to the seat frame Draw the continuous tubular base/legs as curved lines that loop under the seat and extend forward
Use the separate practice sheet before checking the answer.

How to Draw Recliner — Free Practice Sheets

REFERENCE / CASE 4

recliner: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the tall backrest as a rounded rectangle with a separate headrest cushion at the top Add the seat cushion as a horizontal rounded shape attached to the bottom of the backrest Sketch the curved armrests on both sides, connecting them to the seat frame Draw the continuous tubular base/legs as curved lines that loop under the seat and extend forward
Use the separate practice sheet before checking the answer.
