How to Draw Saddle — Free Practice Sheets

ANSWER / CASE 1

saddle: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

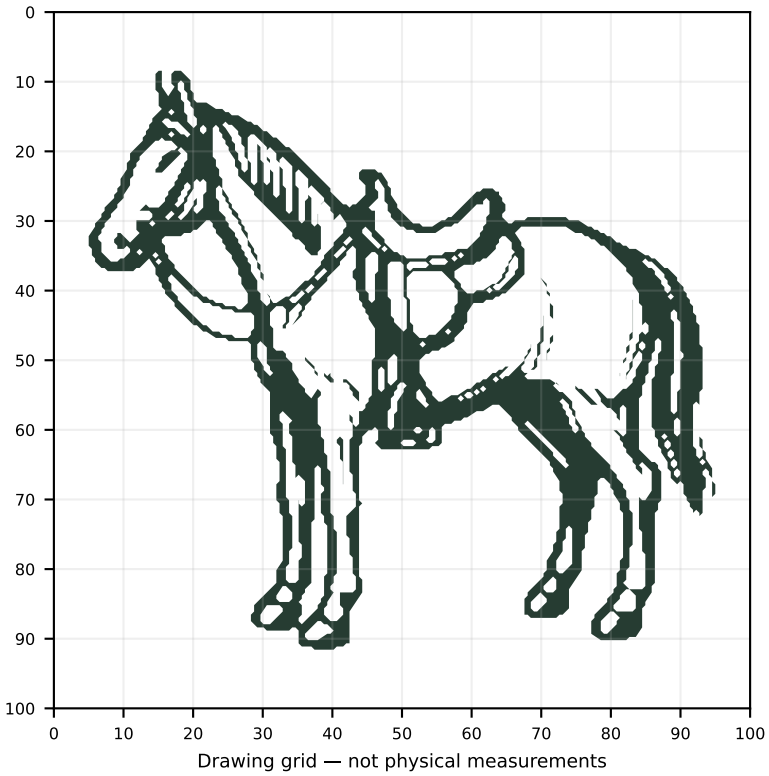

ANSWER: Example solution: preserve curved seat with raised front and back edges, stirrup strap hanging down with a stirrup at the bottom, horn-like front pommel and saddle skirt outline. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the horse body outline first, then place the saddle on the back as a curved seat shape.
2. Add the front pommel/horn and rear cantle as raised curved edges on the seat.
3. Draw the stirrup strap hanging vertically from the saddle side and attach the stirrup at the bottom.
4. Outline the saddle skirt/flap around the seat and strap to complete the saddle form.
