How to Draw Viking Helmet — Free Practice Sheets

ANSWER / CASE 1

viking helmet: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

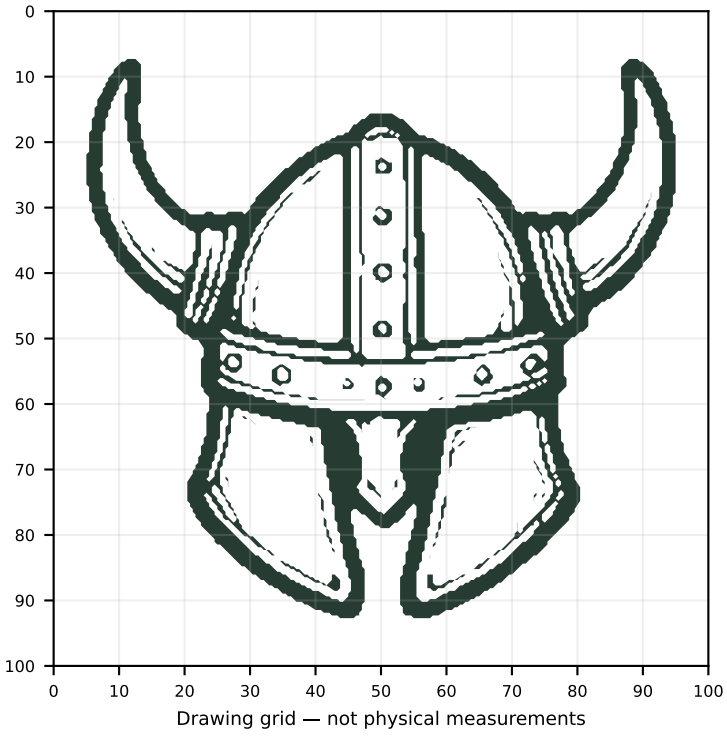

ANSWER: Example solution: preserve rounded dome cap with a central vertical riveted band, two large curved horns attached at the sides, horizontal rim band with rivets around the base. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded dome for the main cap.
2. Add a vertical center strip with evenly spaced rivets running from the top to the rim.
3. Draw a horizontal rim band across the bottom of the dome and add rivets along it.
4. Attach two curved horns to the sides at the rim level, then draw the two hanging cheek guard plates below the rim.
