How to Draw Plastic Bag — Free Practice Sheets

ANSWER / CASE 1

plastic bag: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

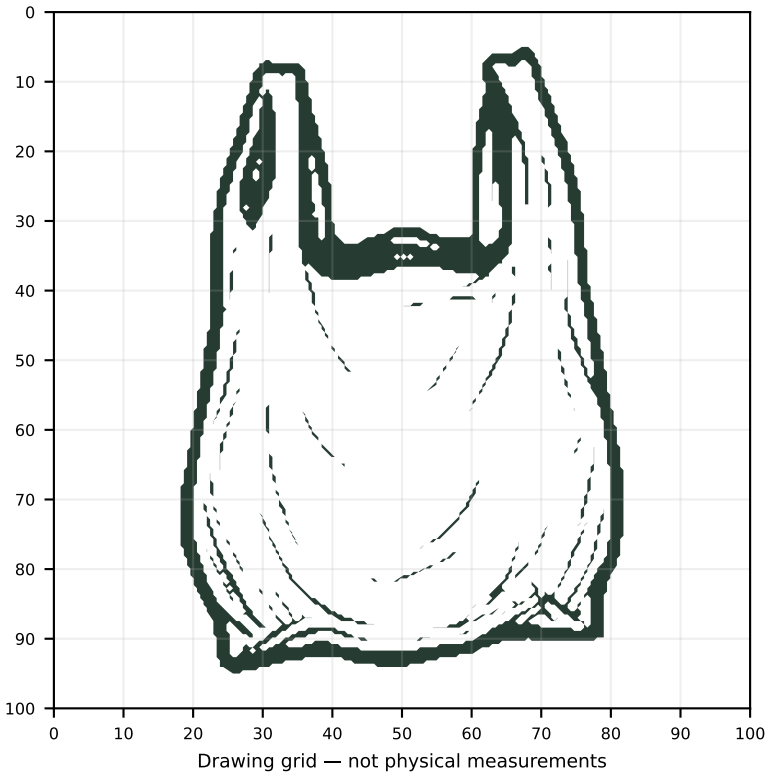

ANSWER: Example solution: preserve two upright loop handles at the top, wide rounded body tapering toward the bottom, curved interior fold lines suggesting crinkled plastic. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the two handle loops rising from the top opening.
2. Sketch the wide bag body with a rounded, slightly tapered outline.
3. Add curved fold lines across the body to indicate crinkled plastic.
4. Refine the bottom edge with a wavy contour to show the bag's base.

How to Draw Plastic Bag — Free Practice Sheets

ANSWER / CASE 2

plastic bag: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

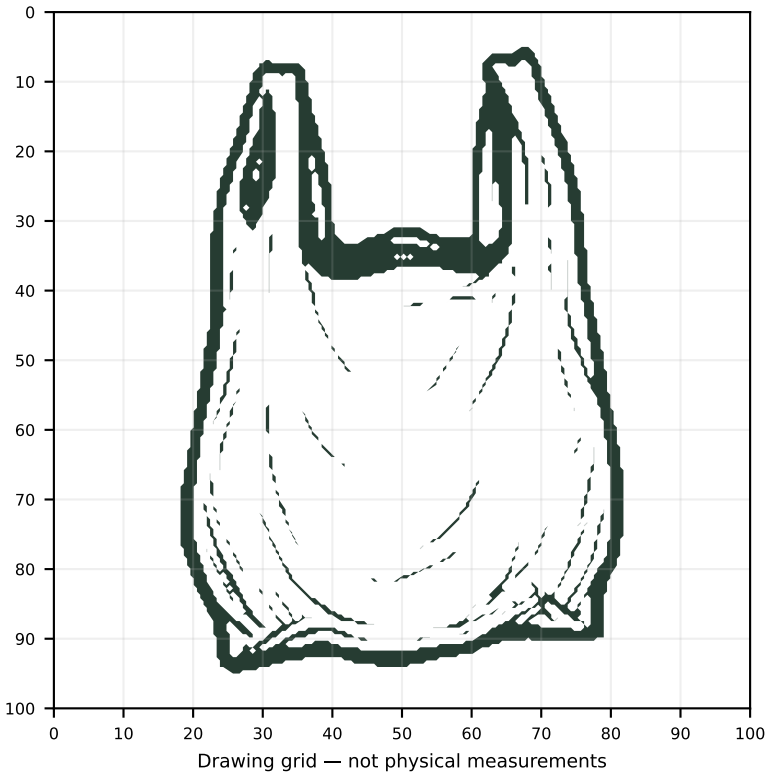

ANSWER: Example solution: preserve two upright loop handles at the top, wide rounded body tapering toward the bottom, curved interior fold lines suggesting crinkled plastic. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the two handle loops rising from the top opening.
2. Sketch the wide bag body with a rounded, slightly tapered outline.
3. Add curved fold lines across the body to indicate crinkled plastic.
4. Refine the bottom edge with a wavy contour to show the bag's base.

How to Draw Plastic Bag — Free Practice Sheets

ANSWER / CASE 3

plastic bag: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

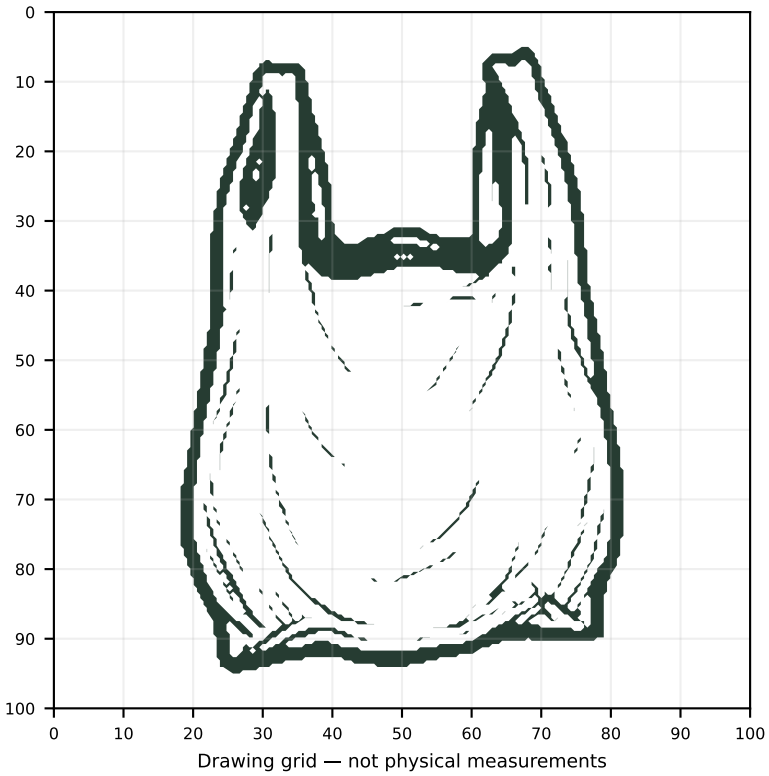

ANSWER: Example solution: preserve two upright loop handles at the top, wide rounded body tapering toward the bottom, curved interior fold lines suggesting crinkled plastic. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the two handle loops rising from the top opening.
2. Sketch the wide bag body with a rounded, slightly tapered outline.
3. Add curved fold lines across the body to indicate crinkled plastic.
4. Refine the bottom edge with a wavy contour to show the bag's base.

How to Draw Plastic Bag — Free Practice Sheets

ANSWER / CASE 4

plastic bag: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve two upright loop handles at the top, wide rounded body tapering toward the bottom, curved interior fold lines suggesting crinkled plastic. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.

1. Draw the two handle loops rising from the top opening.
2. Sketch the wide bag body with a rounded, slightly tapered outline.
3. Add curved fold lines across the body to indicate crinkled plastic.
4. Refine the bottom edge with a wavy contour to show the bag's base.
