How to Draw Violin — Free Practice Sheets

REFERENCE / CASE 1

violin: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

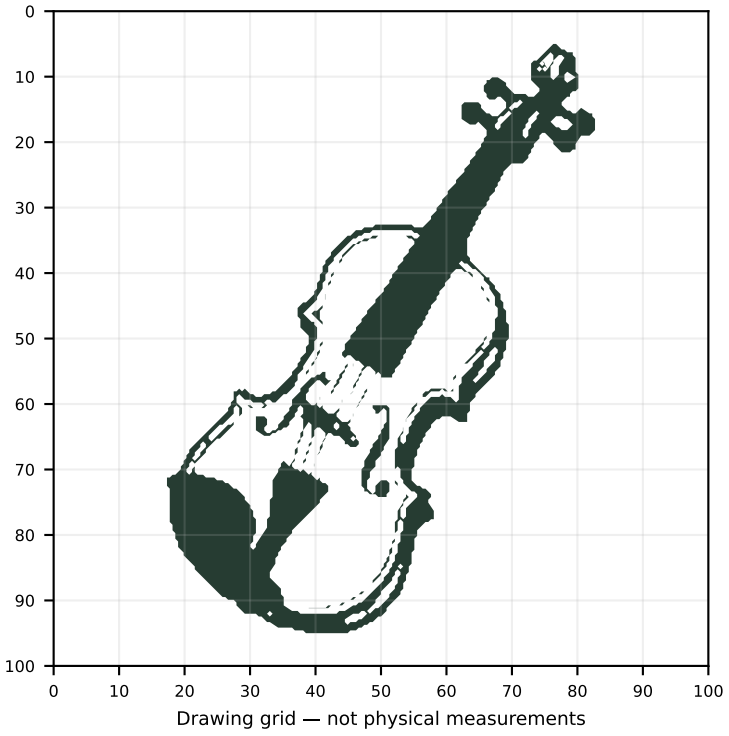

METHOD: Draw the curved violin body outline with upper and lower bouts and two inward C-bouts. Add the neck as a long tapered rectangle extending from the top of the body, ending in a scroll with four tuning pegs. Draw the fingerboard and strings running from the scroll down to the tailpiece. Add the f-holes on either side of the bridge, plus the bridge, tailpiece, and chinrest at the lower end.
Use the separate practice sheet before checking the answer.

REFERENCE / CASE 3

violin: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

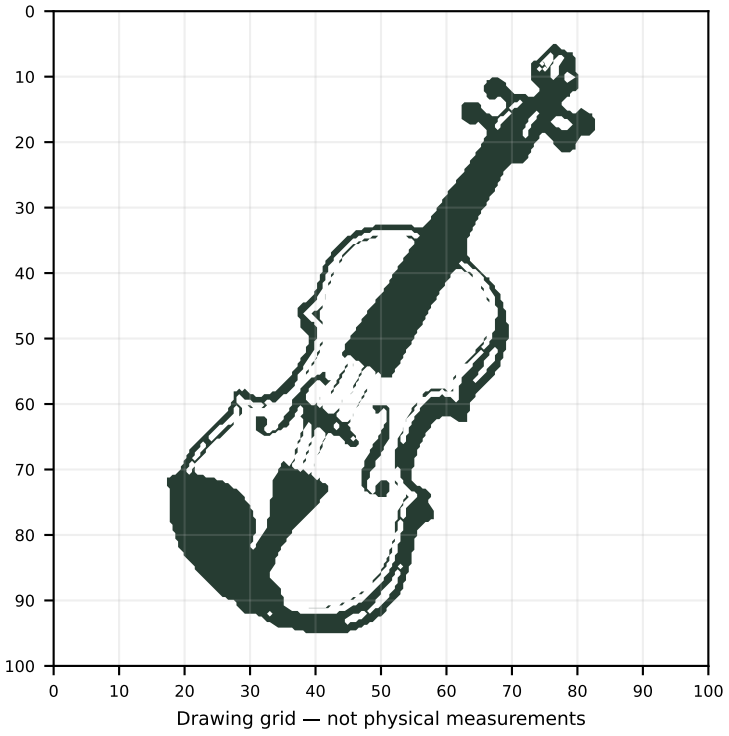

METHOD: Draw the curved violin body outline with upper and lower bouts and two inward C-bouts. Add the neck as a long tapered rectangle extending from the top of the body, ending in a scroll with four tuning pegs. Draw the fingerboard and strings running from the scroll down to the tailpiece. Add the f-holes on either side of the bridge, plus the bridge, tailpiece, and chinrest at the lower end.
Use the separate practice sheet before checking the answer.

How to Draw Violin — Free Practice Sheets

REFERENCE / CASE 4

violin: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the curved violin body outline with upper and lower bouts and two inward C-bouts. Add the neck as a long tapered rectangle extending from the top of the body, ending in a scroll with four tuning pegs. Draw the fingerboard and strings running from the scroll down to the tailpiece. Add the f-holes on either side of the bridge, plus the bridge, tailpiece, and chinrest at the lower end.
Use the separate practice sheet before checking the answer.
