How to Draw Umbrella — Free Practice Sheets

REFERENCE / CASE 1

umbrella: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

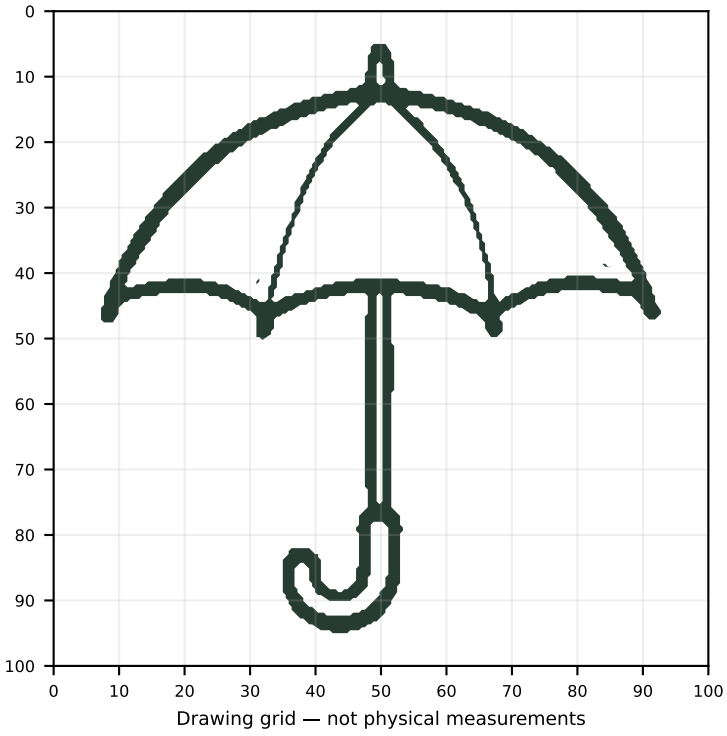

METHOD: Draw a wide arc for the top of the canopy. Add a scalloped lower edge connecting to the arc, with small points at the segment ends. Draw a straight vertical shaft downward from the canopy center. Attach a curved J-shaped hook at the bottom of the shaft.
Use the separate practice sheet before checking the answer.
