How to Draw Pop It — Free Practice Sheets

REFERENCE / CASE 1

pop it: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

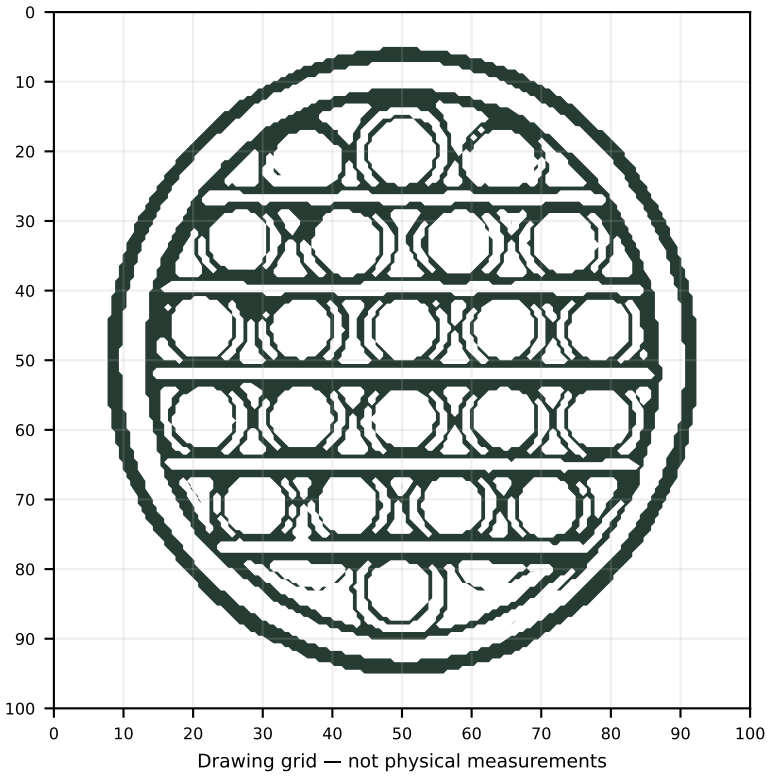

METHOD: Draw a large circle for the outer body and add a slightly inset inner circle to form the rounded rim. Lightly sketch horizontal guide lines across the interior to space the bubble rows evenly. Draw rows of circles along the guides, keeping consistent size and spacing to create the repeating dimples. Outline the final bubble shapes with clean lines and erase the guide lines to finish the worksheet reference.
