How to Draw Holly — Free Practice Sheets

REFERENCE / CASE 1

holly: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

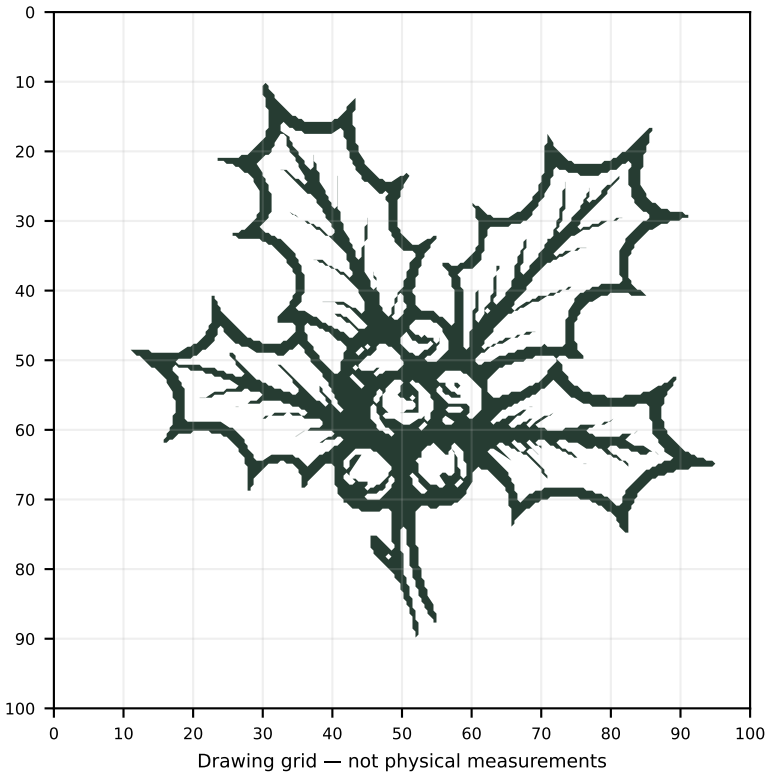

METHOD: Establish a central axis and place three overlapping circular forms in the middle to anchor the berry cluster. Draw five radiating leaf shapes outward from the center, using sharp zigzag contours to define the lobed edges. Add thin, branching vein lines from each leaf base toward the pointed tips. Outline the entire composition with a thick dark contour and fill the background regions to create high contrast.
Use the separate practice sheet before checking the answer.

REFERENCE / CASE 2

holly: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

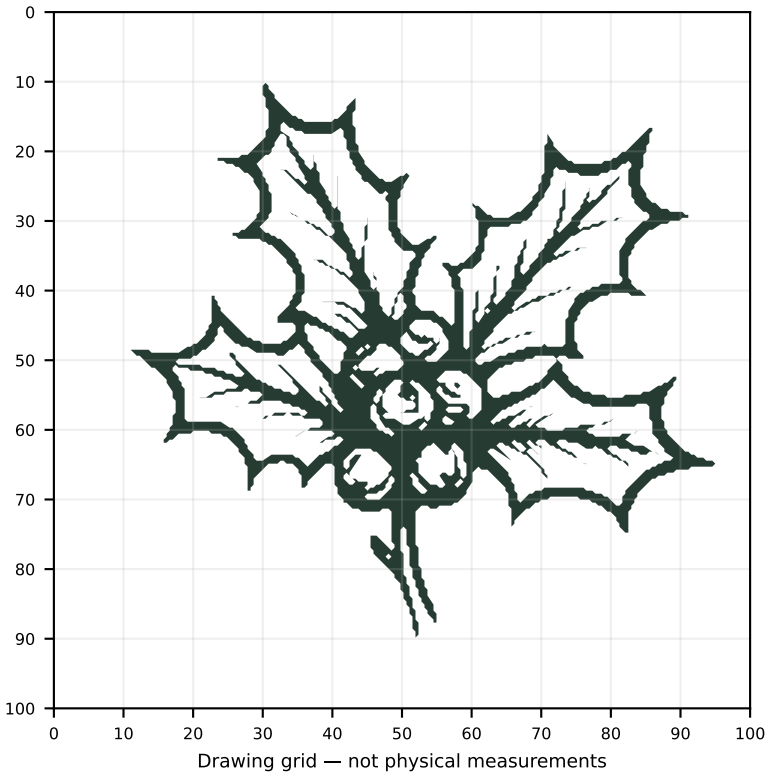

METHOD: Establish a central axis and place three overlapping circular forms in the middle to anchor the berry cluster. Draw five radiating leaf shapes outward from the center, using sharp zigzag contours to define the lobed edges. Add thin, branching vein lines from each leaf base toward the pointed tips. Outline the entire composition with a thick dark contour and fill the background regions to create high contrast.
Use the separate practice sheet before checking the answer.

How to Draw Holly — Free Practice Sheets

REFERENCE / CASE 3

holly: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

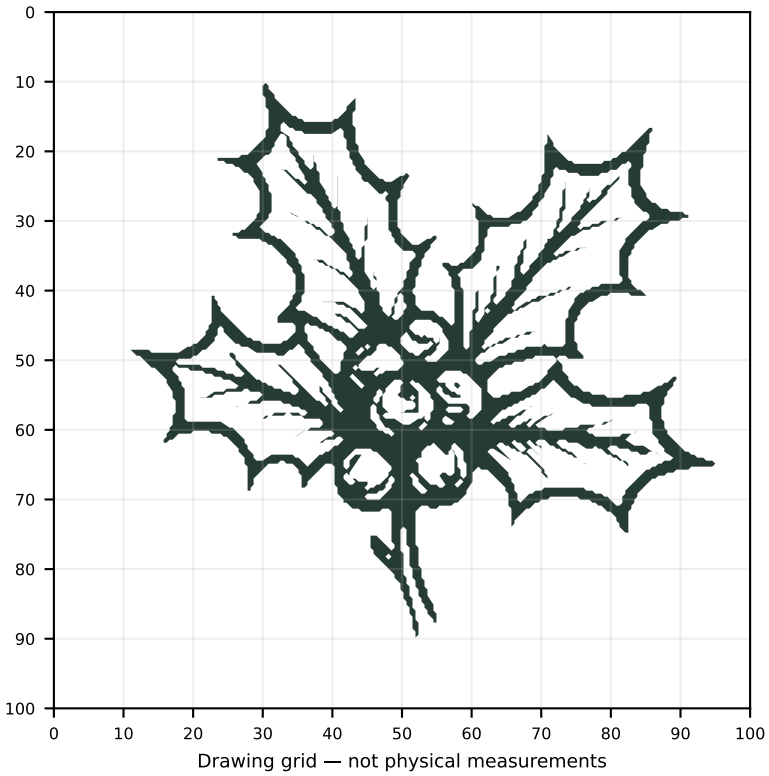

METHOD: Establish a central axis and place three overlapping circular forms in the middle to anchor the berry cluster. Draw five radiating leaf shapes outward from the center, using sharp zigzag contours to define the lobed edges. Add thin, branching vein lines from each leaf base toward the pointed tips. Outline the entire composition with a thick dark contour and fill the background regions to create high contrast.
Use the separate practice sheet before checking the answer.

How to Draw Holly — Free Practice Sheets

REFERENCE / CASE 4

holly: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Establish a central axis and place three overlapping circular forms in the middle to anchor the berry cluster. Draw five radiating leaf shapes outward from the center, using sharp zigzag contours to define the lobed edges. Add thin, branching vein lines from each leaf base toward the pointed tips. Outline the entire composition with a thick dark contour and fill the background regions to create high contrast.
Use the separate practice sheet before checking the answer.
