How to Draw Calla Lily — Free Practice Sheets

ANSWER / CASE 1

calla lily: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

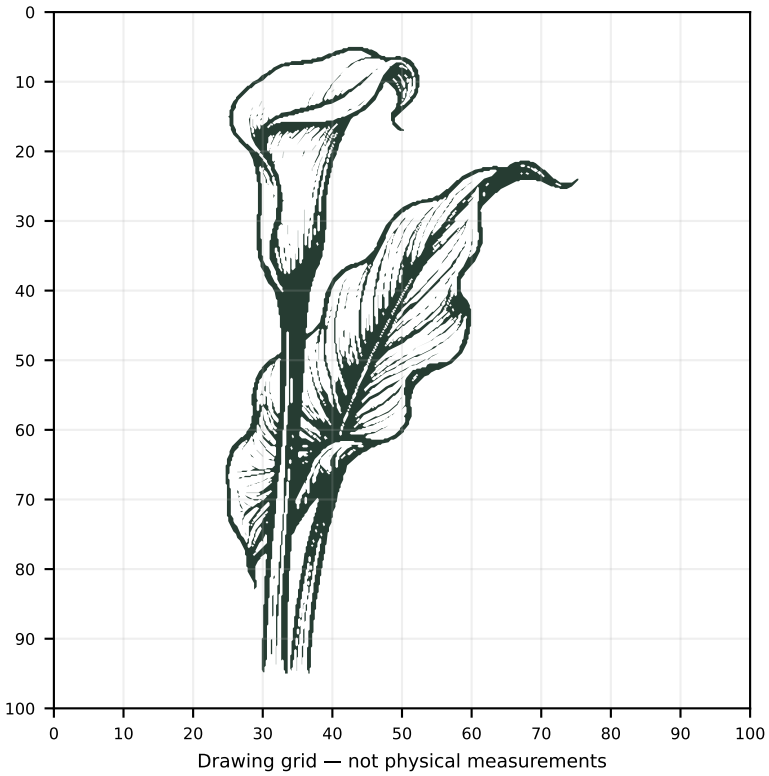

ANSWER: Example solution: preserve single curled trumpet-shaped flower head with a rolled upper edge, long smooth vertical stem supporting the flower, large broad leaf with a wavy margin and prominent central vein. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a long vertical line for the main stem.
2. At the top of the stem, sketch the trumpet-shaped flower by drawing a curved cup that folds over at the top edge.
3. Add a second long stem beside the first for the leaf.
4. Draw the broad leaf as a large wavy shape attached to the second stem, then add the central vein and side vein lines.
