How to Draw Poppy — Free Practice Sheets

REFERENCE / CASE 1

poppy: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

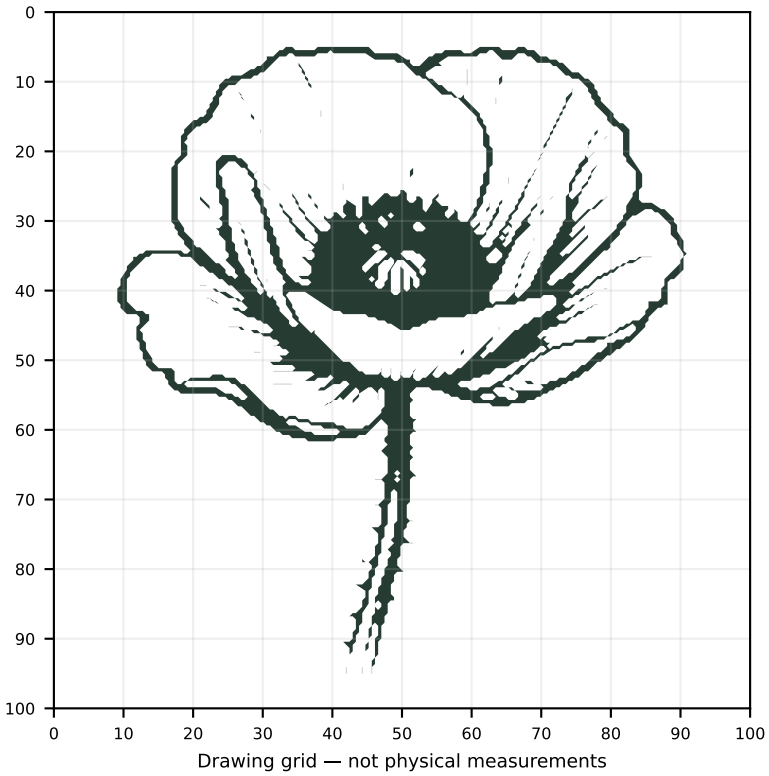

METHOD: Draw a small circle for the central seed pod. Add a ring of short radiating lines around the pod to form the stamens. Draw four large, overlapping petal shapes around the center, starting with the two back petals. Attach a thin vertical stem below the flower and add short hairs along its length.
Use the separate practice sheet before checking the answer.
