How to Draw Cornflower — Free Practice Sheets

REFERENCE / CASE 1

cornflower: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

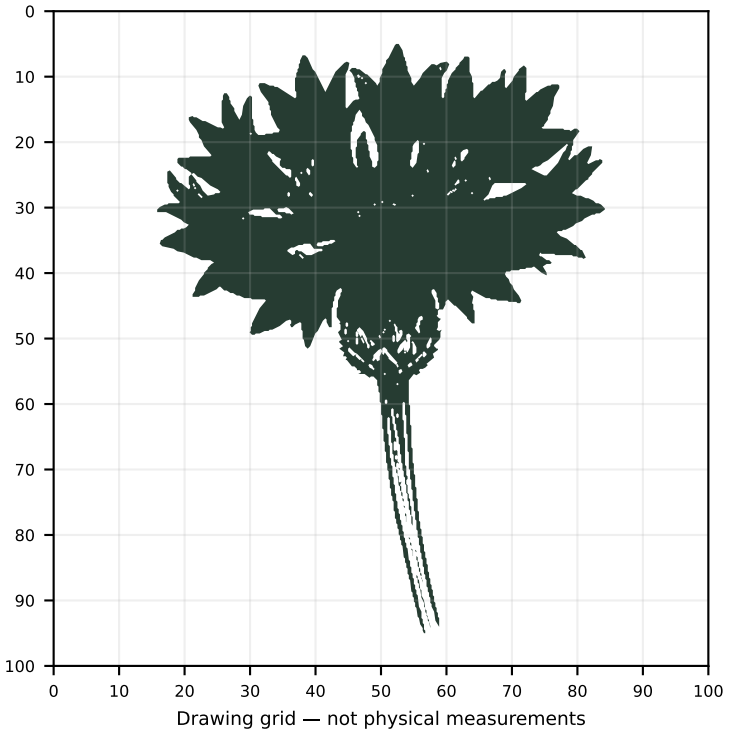

METHOD: Draw a central circular disc to anchor the flower head. Radiate outward from the disc, drawing many narrow petals with jagged, toothed tips to form the fringed silhouette. Add a scaly, textured base directly under the flower head. Extend a slender, slightly curved stem downward from the base.
Use the separate practice sheet before checking the answer.

REFERENCE / CASE 3

cornflower: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

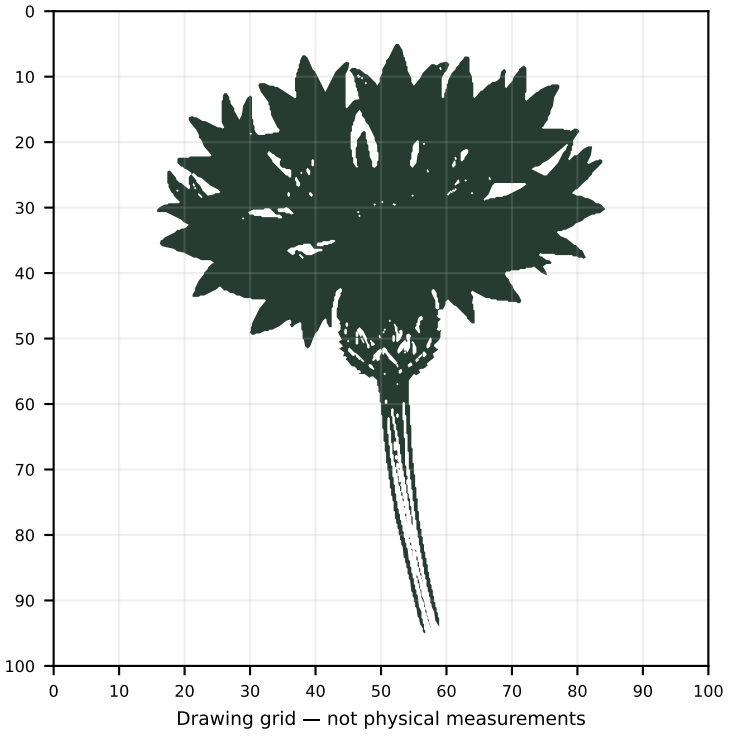

METHOD: Draw a central circular disc to anchor the flower head. Radiate outward from the disc, drawing many narrow petals with jagged, toothed tips to form the fringed silhouette. Add a scaly, textured base directly under the flower head. Extend a slender, slightly curved stem downward from the base.
Use the separate practice sheet before checking the answer.

How to Draw Cornflower — Free Practice Sheets

REFERENCE / CASE 4

cornflower: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a central circular disc to anchor the flower head. Radiate outward from the disc, drawing many narrow petals with jagged, toothed tips to form the fringed silhouette. Add a scaly, textured base directly under the flower head. Extend a slender, slightly curved stem downward from the base.
Use the separate practice sheet before checking the answer.
