How to Draw Lily — Free Practice Sheets

REFERENCE / CASE 1

lily: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

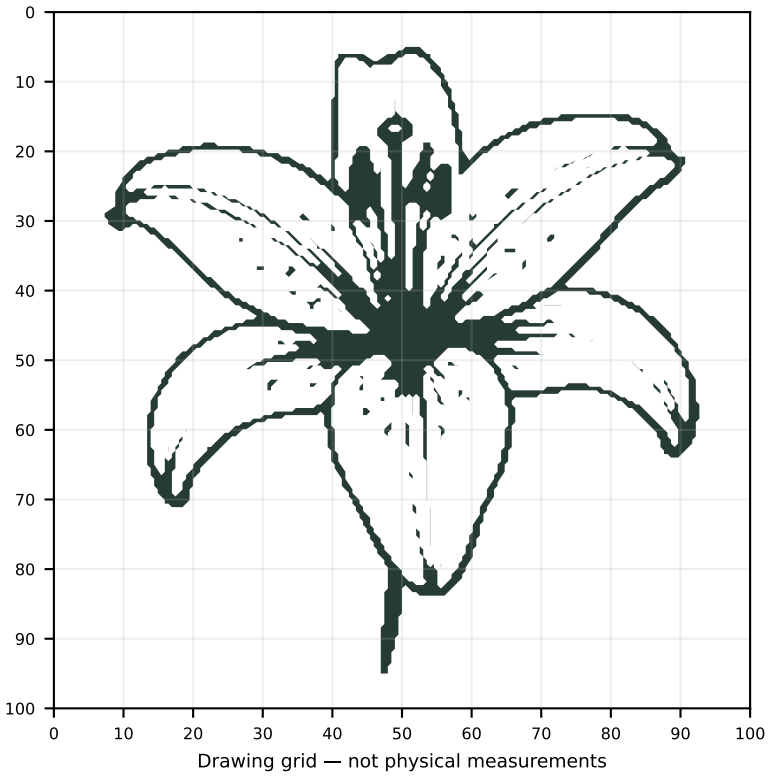

METHOD: Draw a small central oval to mark the flower's core and stamen attachment point. Sketch six elongated, pointed petal shapes radiating outward, curving the tips back slightly. Add a cluster of thin stamens rising from the center, topping each with a small dark anther. Draw a short stem line downward from the base and add small dots and a central vein on each petal.
Use the separate practice sheet before checking the answer.
