How to Draw Hibiscus — Free Practice Sheets

REFERENCE / CASE 1

hibiscus: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

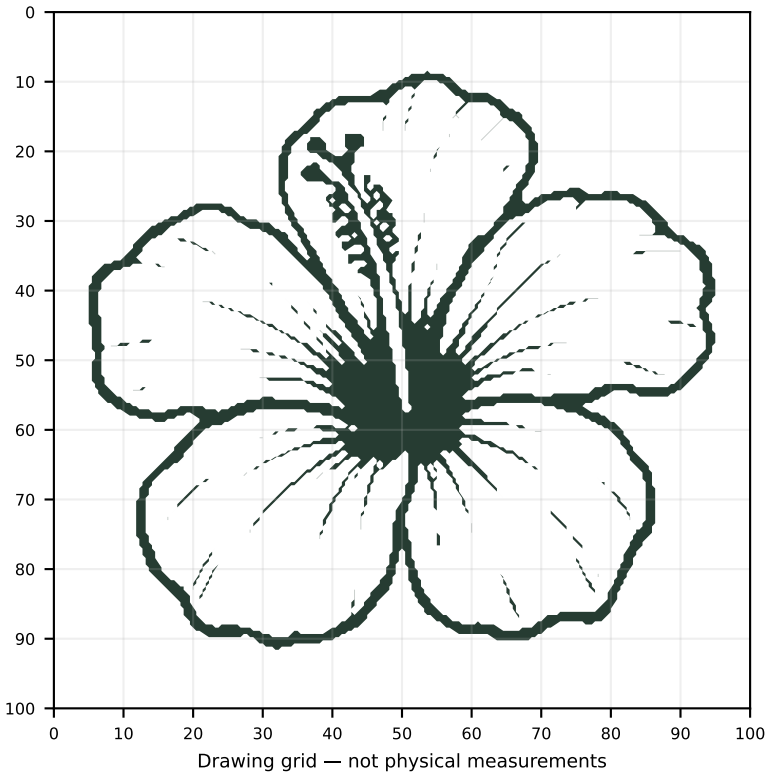

METHOD: Draw a small dark central circle/trumpet to anchor the flower. Draw five broad, rounded petals around the center, spacing them evenly. Add a long curved stamen column rising from the center with small dots at the tip. Draw radiating vein lines from the center outward across each petal and outline the petals with a thicker contour.
Use the separate practice sheet before checking the answer.
