How to Draw Lilac — Free Practice Sheets

REFERENCE / CASE 1

lilac: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

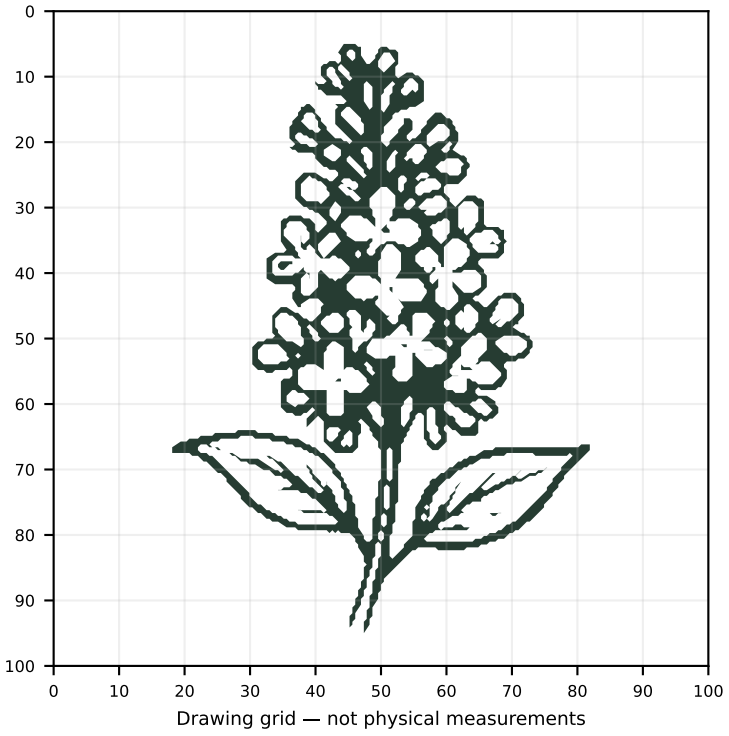

METHOD: Draw a central vertical stem that splits into several short branches at the top. Sketch a conical outline for the flower cluster, then fill it with small four-petal flower shapes. Add two oval leaves on either side of the lower stem, each with a central vein and side veins. Outline the stem and branches with clean lines, keeping the flower cluster dense and the leaves symmetrical.
Use the separate practice sheet before checking the answer.
