How to Draw Tulip — Free Practice Sheets

REFERENCE / CASE 1

tulip: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

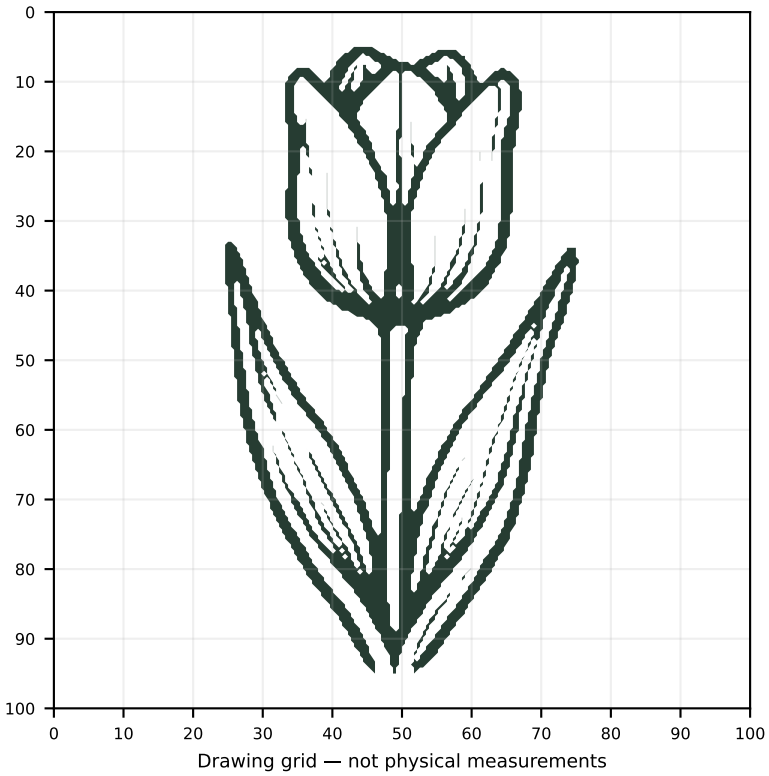

METHOD: Draw a vertical center line for the stem. At the top, sketch a cup-shaped outline with three rounded petal lobes meeting at the top center. Add two long, pointed leaves that curve upward from the base of the stem, one on each side. Outline the stem and leaves with clean lines, then add simple interior petal and leaf vein lines.
Use the separate practice sheet before checking the answer.
