How to Draw Orchid — Free Practice Sheets

REFERENCE / CASE 1

orchid: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

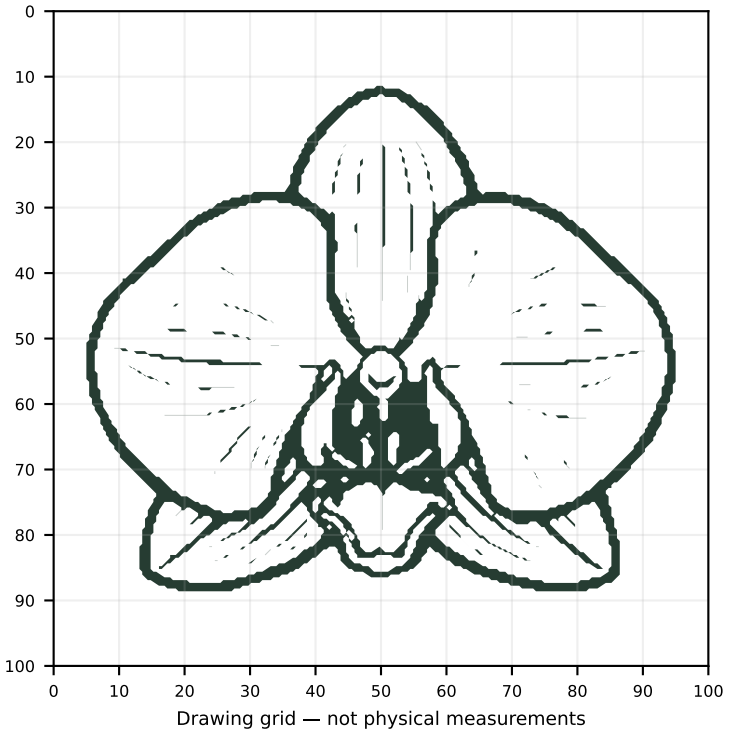

METHOD: Draw a large central teardrop-shaped petal pointing upward. Add two broad, rounded side petals flanking the central petal to form a triangular outline. Sketch the central column and the folded lip petal at the bottom center, overlapping the lower edges of the side petals. Add fine radiating vein lines inside the petals and define the curved stem/column structure in the center.
Use the separate practice sheet before checking the answer.

REFERENCE / CASE 3

orchid: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

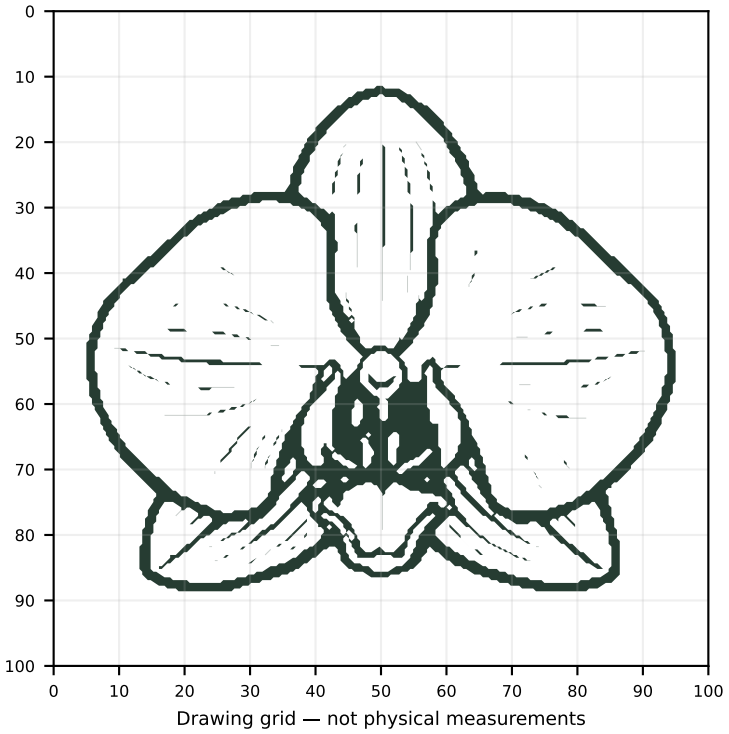

METHOD: Draw a large central teardrop-shaped petal pointing upward. Add two broad, rounded side petals flanking the central petal to form a triangular outline. Sketch the central column and the folded lip petal at the bottom center, overlapping the lower edges of the side petals. Add fine radiating vein lines inside the petals and define the curved stem/column structure in the center.
Use the separate practice sheet before checking the answer.
