How to Draw Spinach Leaf — Free Practice Sheets

REFERENCE / CASE 1

spinach leaf: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

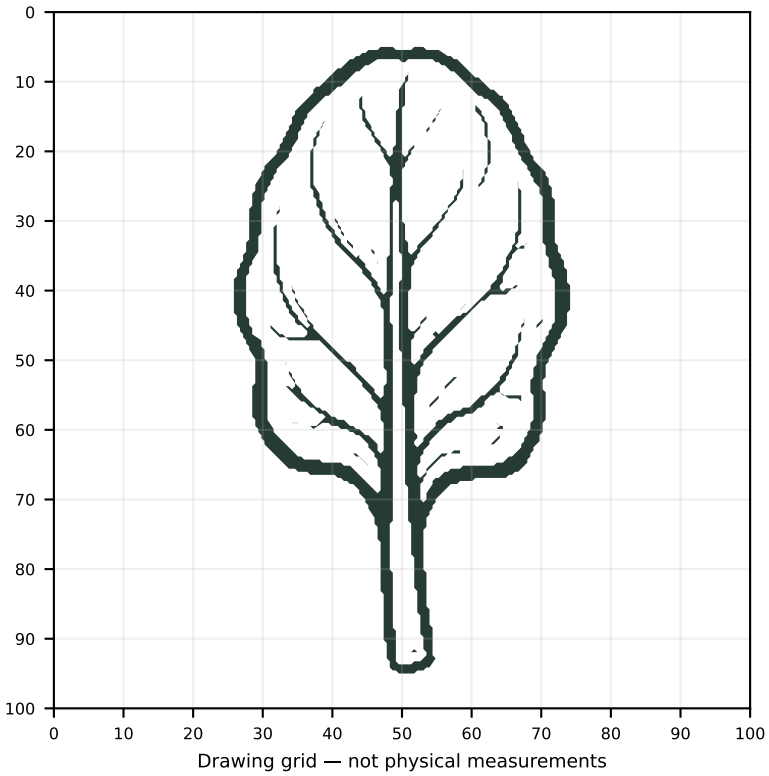

METHOD: Draw a vertical tapered stem at the bottom center. Outline a rounded, wavy-edged leaf blade around the top of the stem. Add a strong central midrib running from the stem up through the blade. Draw curved side veins branching outward from the midrib toward the leaf edges.
Use the separate practice sheet before checking the answer.

How to Draw Spinach Leaf — Free Practice Sheets

REFERENCE / CASE 2

spinach leaf: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

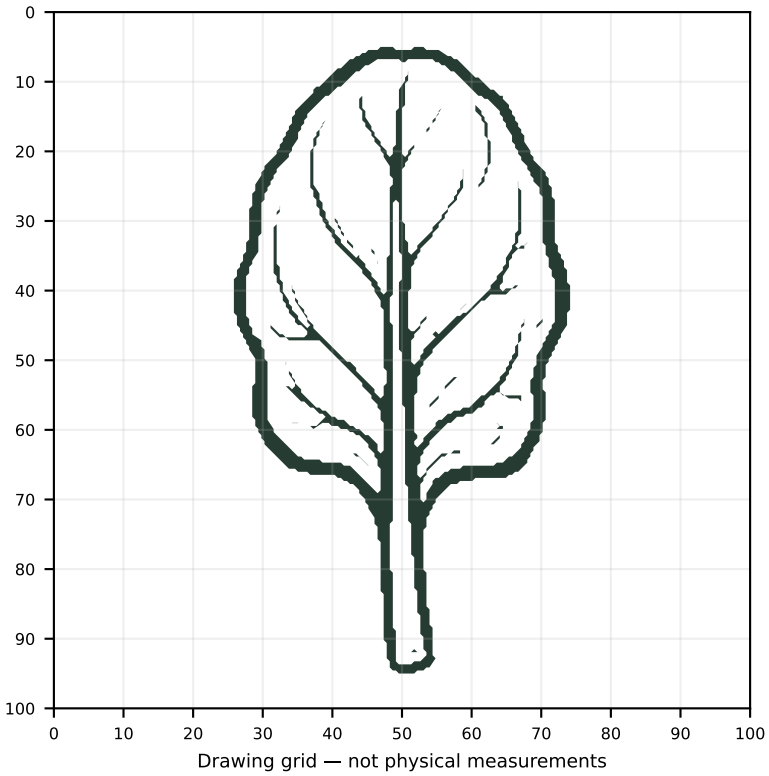

METHOD: Draw a vertical tapered stem at the bottom center. Outline a rounded, wavy-edged leaf blade around the top of the stem. Add a strong central midrib running from the stem up through the blade. Draw curved side veins branching outward from the midrib toward the leaf edges.
Use the separate practice sheet before checking the answer.
