How to Draw Pine Cone — Free Practice Sheets

REFERENCE / CASE 1

pine cone: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

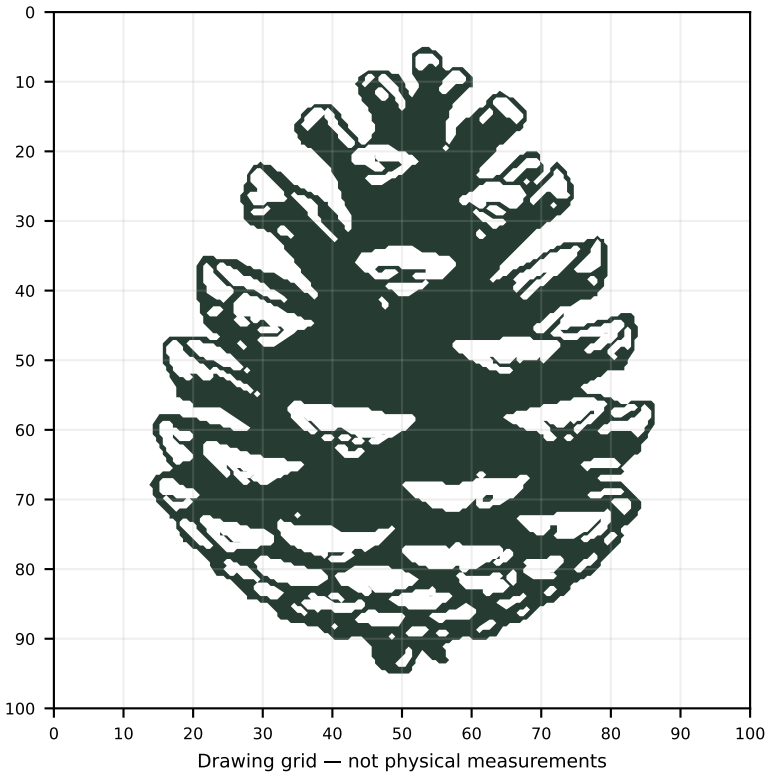

METHOD: Draw a vertical oval tapered outline as the overall pine cone silhouette. Add rows of overlapping scale shapes starting from the top and working downward. Make scales larger and more open near the middle and base, keeping edges layered. Add a small stem tip at the bottom and refine scale outlines.
Use the separate practice sheet before checking the answer.

How to Draw Pine Cone — Free Practice Sheets

REFERENCE / CASE 2

pine cone: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

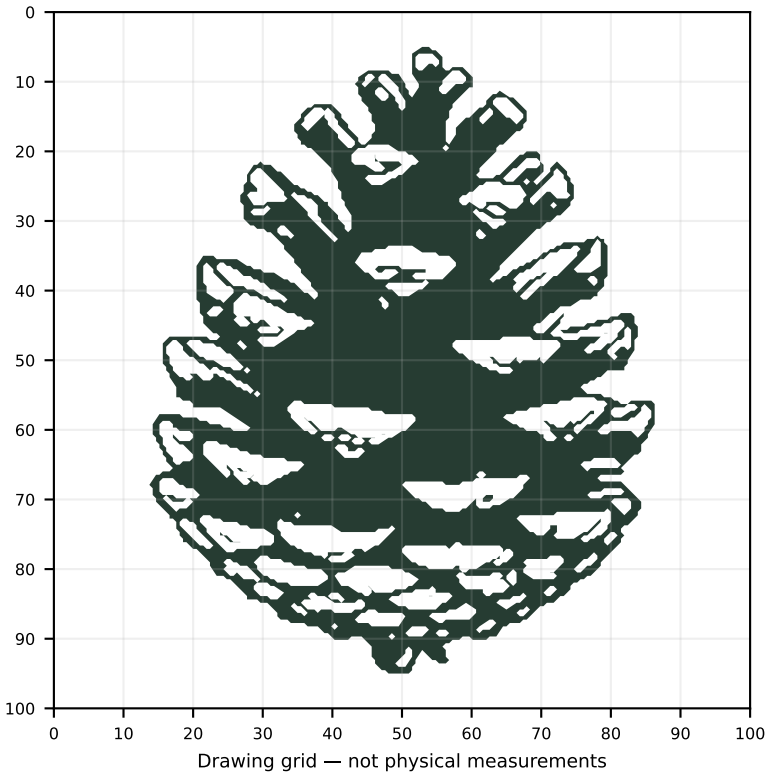

METHOD: Draw a vertical oval tapered outline as the overall pine cone silhouette. Add rows of overlapping scale shapes starting from the top and working downward. Make scales larger and more open near the middle and base, keeping edges layered. Add a small stem tip at the bottom and refine scale outlines.
Use the separate practice sheet before checking the answer.

How to Draw Pine Cone — Free Practice Sheets

REFERENCE / CASE 3

pine cone: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

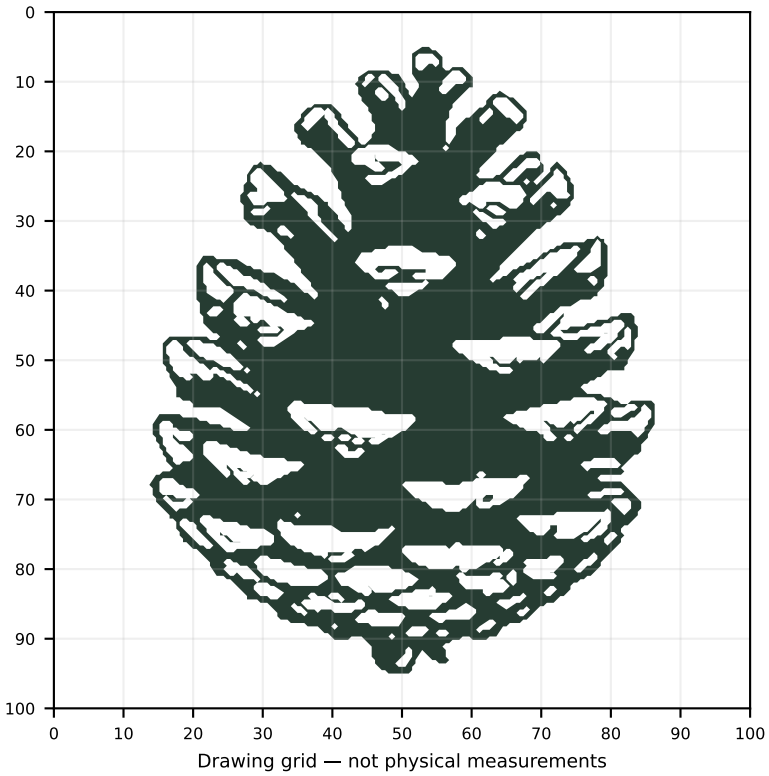

METHOD: Draw a vertical oval tapered outline as the overall pine cone silhouette. Add rows of overlapping scale shapes starting from the top and working downward. Make scales larger and more open near the middle and base, keeping edges layered. Add a small stem tip at the bottom and refine scale outlines.
Use the separate practice sheet before checking the answer.

How to Draw Pine Cone — Free Practice Sheets

REFERENCE / CASE 4

pine cone: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a vertical oval tapered outline as the overall pine cone silhouette. Add rows of overlapping scale shapes starting from the top and working downward. Make scales larger and more open near the middle and base, keeping edges layered. Add a small stem tip at the bottom and refine scale outlines.
Use the separate practice sheet before checking the answer.
