How to Draw Poinsettia — Free Practice Sheets

REFERENCE / CASE 1

poinsettia: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

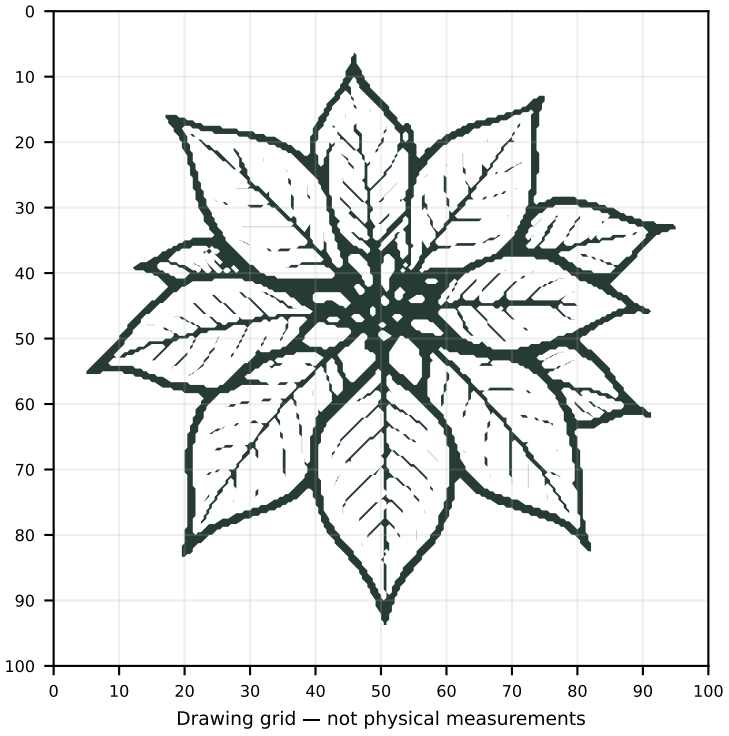

METHOD: Draw a small central cluster of tiny circles/ovals to represent the poinsettia's center flowers. Radiate pointed, leaf-like bracts outward from the center in a star pattern, varying lengths for a natural layered look. Add a central midrib to each bract and draw secondary veins branching toward the edges. Outline the bracts with slightly thicker lines and layer shorter bracts behind the main star to complete the silhouette.
Use the separate practice sheet before checking the answer.
