# How to Draw Tractor — Free Practice Sheets

**REFERENCE / CASE 1**

tractor: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

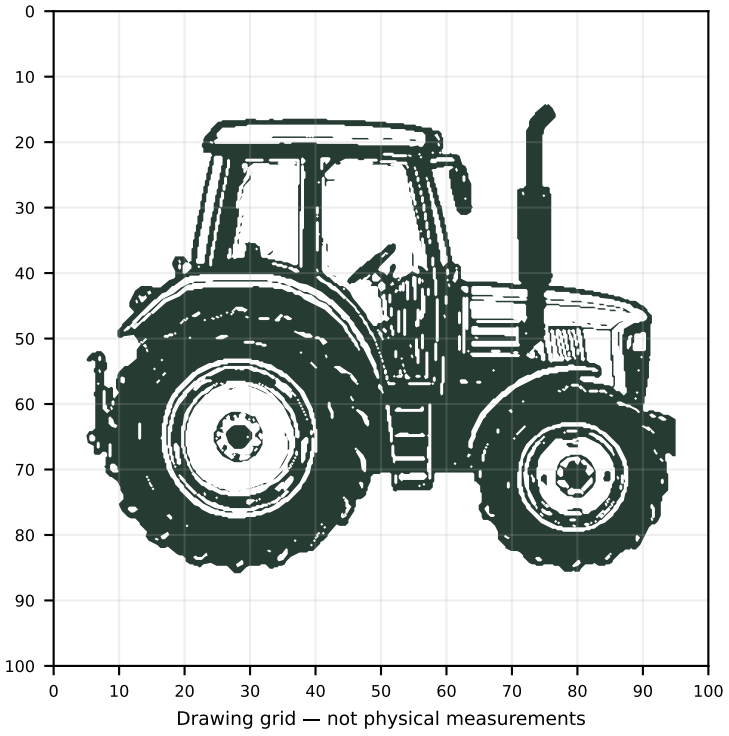

METHOD: Draw the large rear wheel as a circle with a smaller inner hub and tread marks around the rim. Draw the small front wheel to the right, lower and smaller than the rear wheel, with similar hub and tread detail. Outline the cab above the rear wheel: roof, side window, door line, and steering wheel inside. Add the hood extending forward to the front wheel, then draw the vertical exhaust stack rising from the hood near the cab.
Use the separate practice sheet before checking the answer.

# How to Draw Tractor — Free Practice Sheets

**REFERENCE / CASE 2**

tractor: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

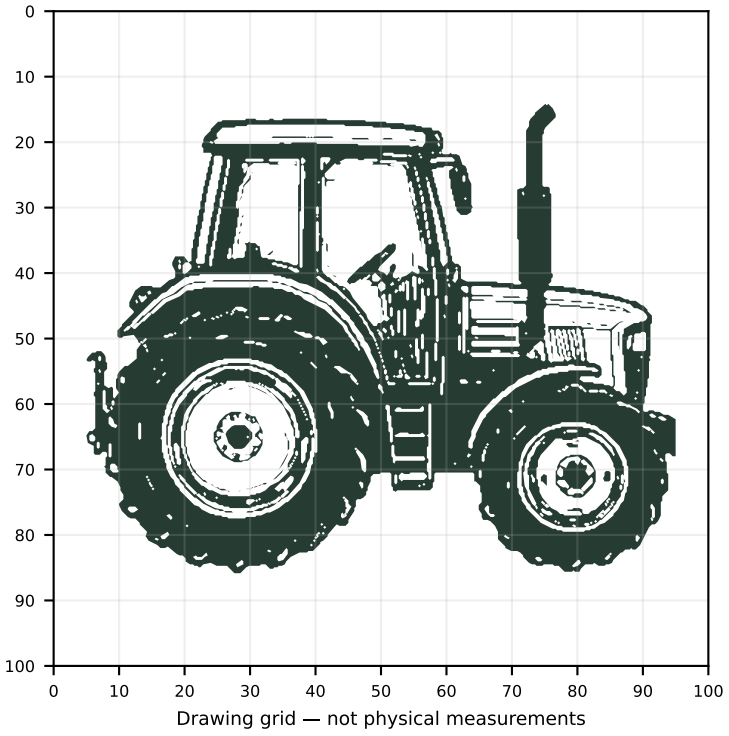

Drawing grid — not physical measurements

METHOD: Draw the large rear wheel as a circle with a smaller inner hub and tread marks around the rim. Draw the small front wheel to the right, lower and smaller than the rear wheel, with similar hub and tread detail. Outline the cab above the rear wheel: roof, side window, door line, and steering wheel inside. Add the hood extending forward to the front wheel, then draw the vertical exhaust stack rising from the hood near the cab.
Use the separate practice sheet before checking the answer.

# How to Draw Tractor — Free Practice Sheets

**REFERENCE / CASE 3**

tractor: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

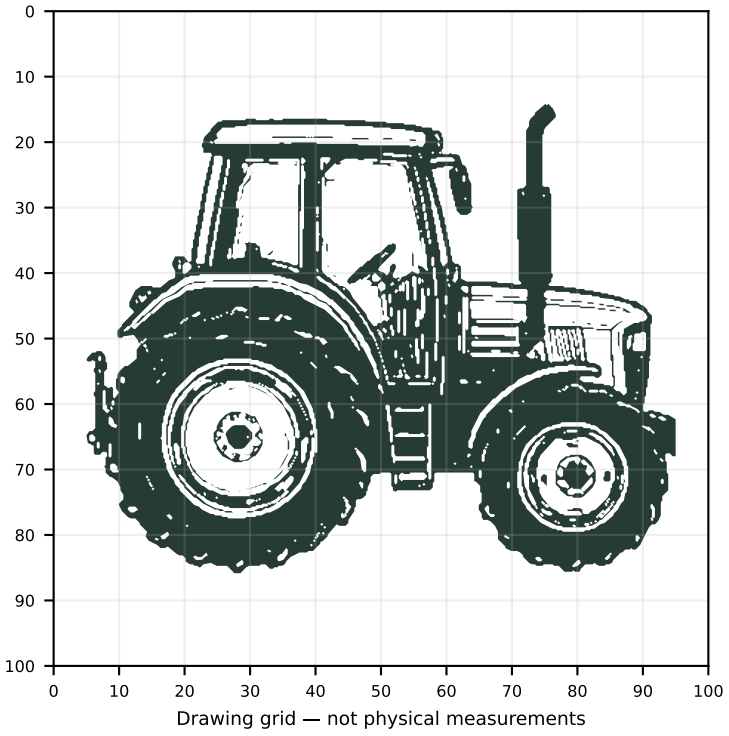

METHOD: Draw the large rear wheel as a circle with a smaller inner hub and tread marks around the rim. Draw the small front wheel to the right, lower and smaller than the rear wheel, with similar hub and tread detail. Outline the cab above the rear wheel: roof, side window, door line, and steering wheel inside. Add the hood extending forward to the front wheel, then draw the vertical exhaust stack rising from the hood near the cab.
Use the separate practice sheet before checking the answer.

# How to Draw Tractor — Free Practice Sheets

**REFERENCE / CASE 4**

tractor: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the large rear wheel as a circle with a smaller inner hub and tread marks around the rim. Draw the small front wheel to the right, lower and smaller than the rear wheel, with similar hub and tread detail. Outline the cab above the rear wheel: roof, side window, door line, and steering wheel inside. Add the hood extending forward to the front wheel, then draw the vertical exhaust stack rising from the hood near the cab.
Use the separate practice sheet before checking the answer.
