How to Draw Wagon — Free Practice Sheets

REFERENCE / CASE 1

wagon: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

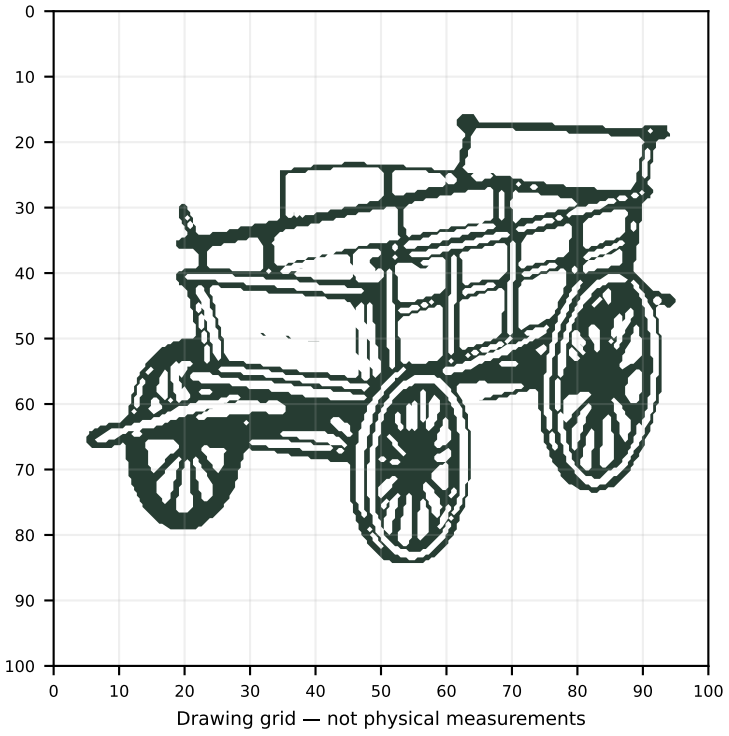

METHOD: Draw the rectangular wagon bed with vertical side slats and a raised back rail. Add four circular wheels with radiating spokes, positioning the rear pair larger and the front pair smaller. Attach the long pull handle/shaft to the front axle area, extending forward and slightly down. Connect the bed to the wheels with axle lines and support beams, then outline the full silhouette.
Use the separate practice sheet before checking the answer.

How to Draw Wagon — Free Practice Sheets

REFERENCE / CASE 2

wagon: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

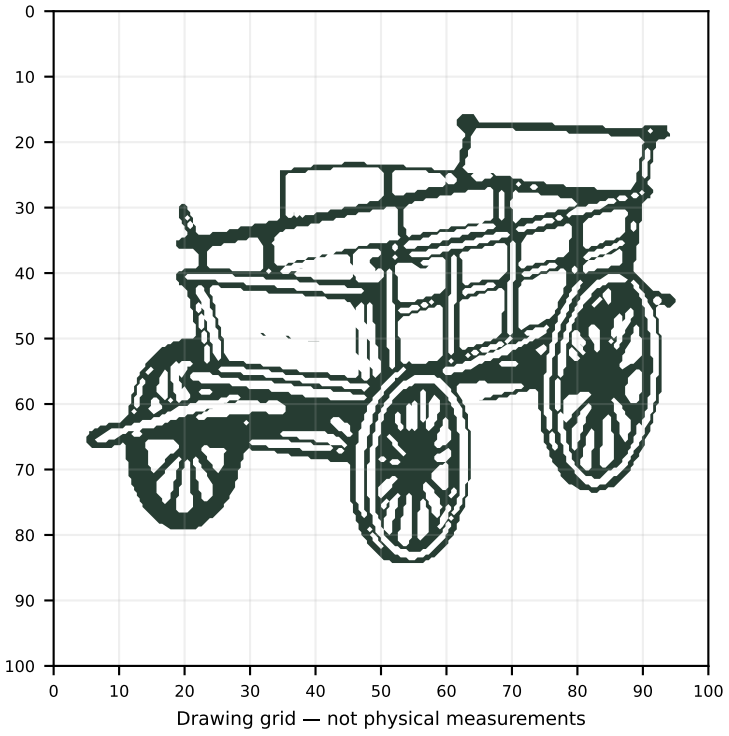

METHOD: Draw the rectangular wagon bed with vertical side slats and a raised back rail. Add four circular wheels with radiating spokes, positioning the rear pair larger and the front pair smaller. Attach the long pull handle/shaft to the front axle area, extending forward and slightly down. Connect the bed to the wheels with axle lines and support beams, then outline the full silhouette.
Use the separate practice sheet before checking the answer.

How to Draw Wagon — Free Practice Sheets

REFERENCE / CASE 3

wagon: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

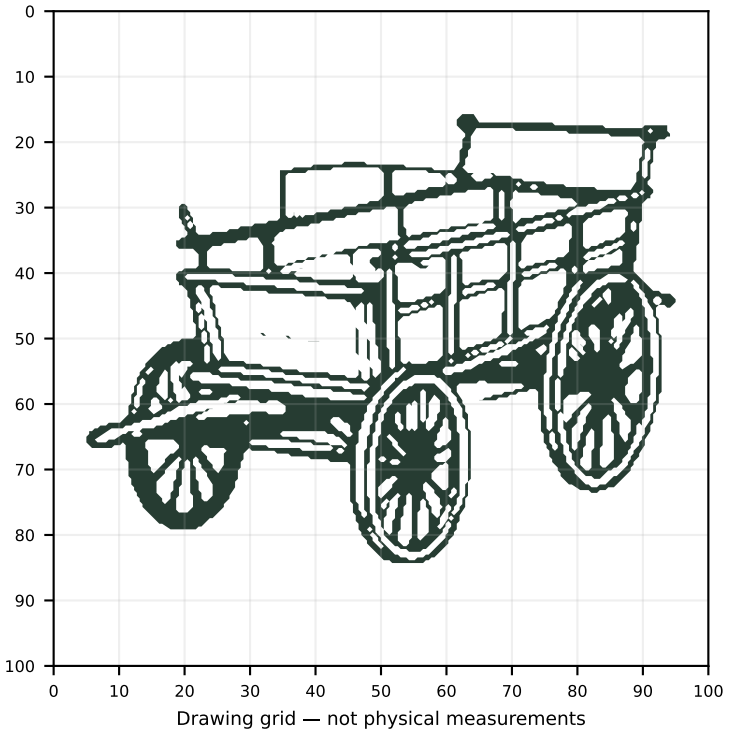

Drawing grid — not physical measurements

METHOD: Draw the rectangular wagon bed with vertical side slats and a raised back rail. Add four circular wheels with radiating spokes, positioning the rear pair larger and the front pair smaller. Attach the long pull handle/shaft to the front axle area, extending forward and slightly down. Connect the bed to the wheels with axle lines and support beams, then outline the full silhouette.
Use the separate practice sheet before checking the answer.

How to Draw Wagon — Free Practice Sheets

REFERENCE / CASE 4

wagon: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the rectangular wagon bed with vertical side slats and a raised back rail. Add four circular wheels with radiating spokes, positioning the rear pair larger and the front pair smaller. Attach the long pull handle/shaft to the front axle area, extending forward and slightly down. Connect the bed to the wheels with axle lines and support beams, then outline the full silhouette.
