How to Draw Subway Train — Free Practice Sheets

REFERENCE / CASE 1

subway train: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

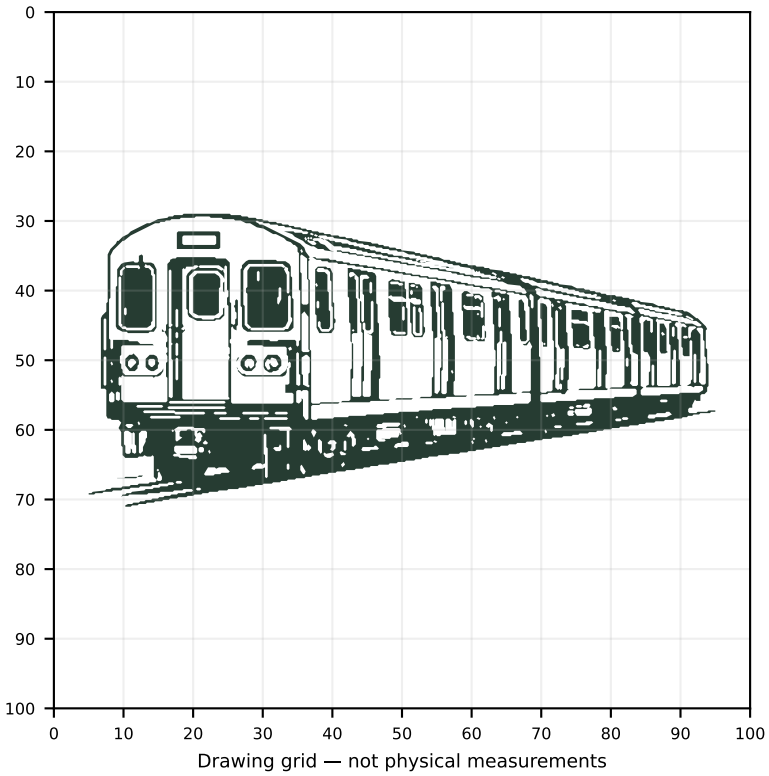

METHOD: Draw a long rectangular box for the main train body, angled slightly to show perspective. Add a rounded front cab section with a central door, two front windows, and headlights. Draw a row of rectangular windows along the side of the train, spacing them evenly. Add wheels and undercarriage details beneath the body, then repeat the car shape for additional connected cars.
Use the separate practice sheet before checking the answer.

How to Draw Subway Train — Free Practice Sheets

REFERENCE / CASE 2

subway train: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

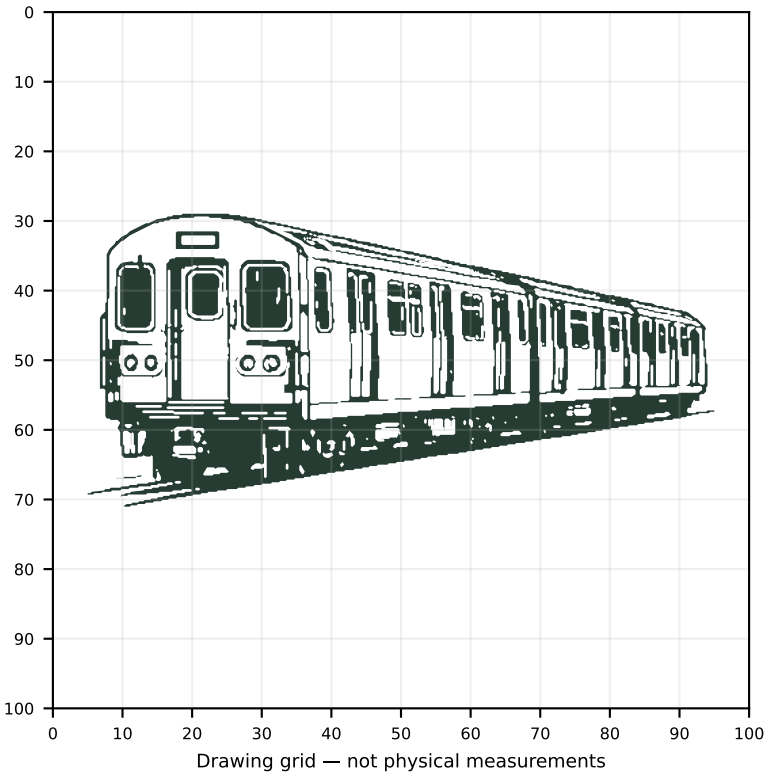

METHOD: Draw a long rectangular box for the main train body, angled slightly to show perspective. Add a rounded front cab section with a central door, two front windows, and headlights. Draw a row of rectangular windows along the side of the train, spacing them evenly. Add wheels and undercarriage details beneath the body, then repeat the car shape for additional connected cars.
Use the separate practice sheet before checking the answer.
