# How to Draw Viking Boat — Free Practice Sheets

**REFERENCE / CASE 1**

viking boat: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

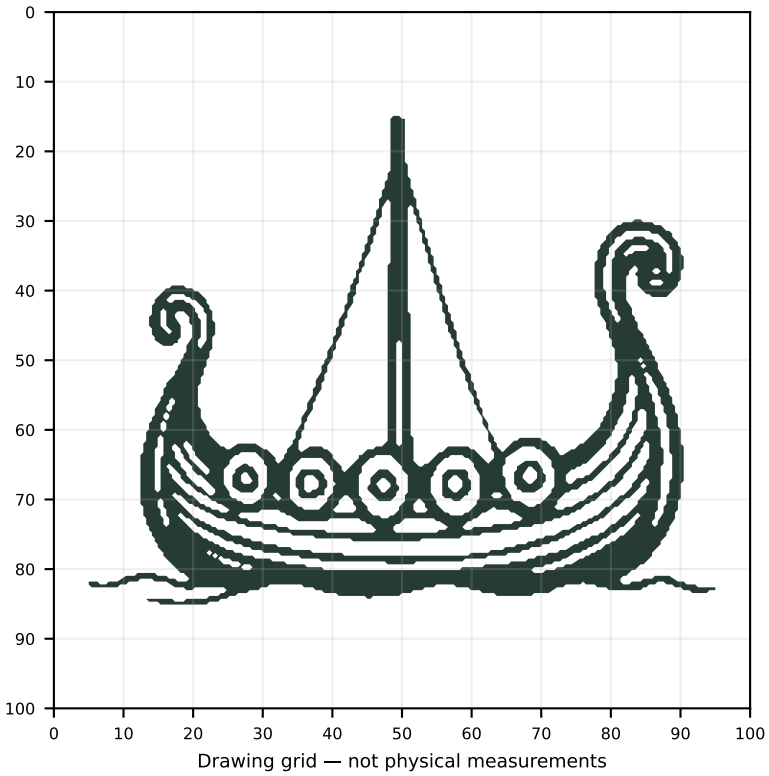

METHOD: Draw a long shallow curved hull outline with several parallel curved lines inside to suggest planking. Add a tall central mast and two diagonal rigging lines running down to the hull. Draw five evenly spaced circles in a row along the upper hull for oar ports. Add upward-curving spiral posts at both ends of the hull, then place a wavy water line under the boat.
Use the separate practice sheet before checking the answer.

# How to Draw Viking Boat — Free Practice Sheets

## REFERENCE / CASE 2

viking boat: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

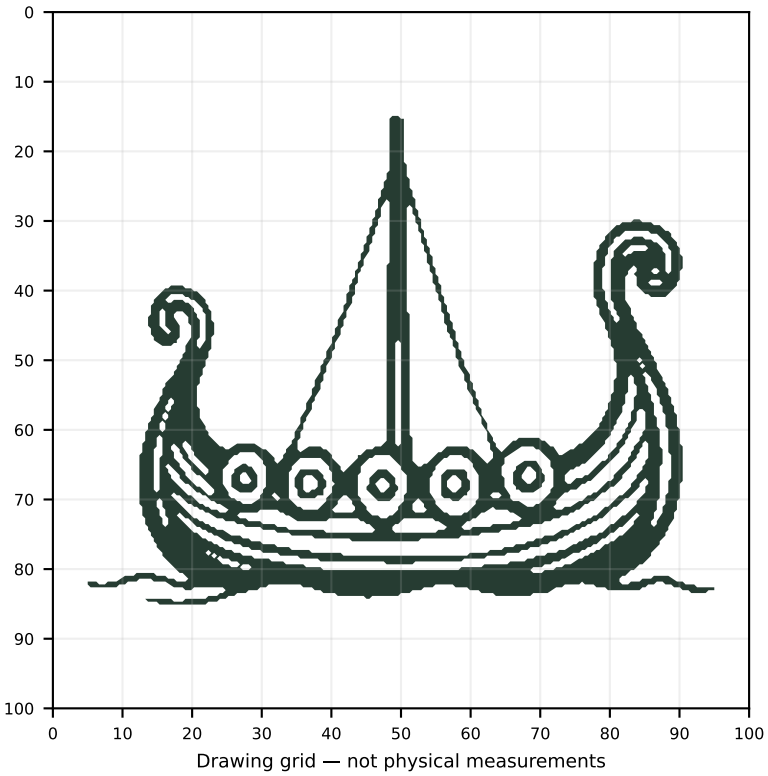

METHOD: Draw a long shallow curved hull outline with several parallel curved lines inside to suggest planking. Add a tall central mast and two diagonal rigging lines running down to the hull. Draw five evenly spaced circles in a row along the upper hull for oar ports. Add upward-curving spiral posts at both ends of the hull, then place a wavy water line under the boat.
Use the separate practice sheet before checking the answer.

# How to Draw Viking Boat — Free Practice Sheets

**REFERENCE / CASE 3**

viking boat: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

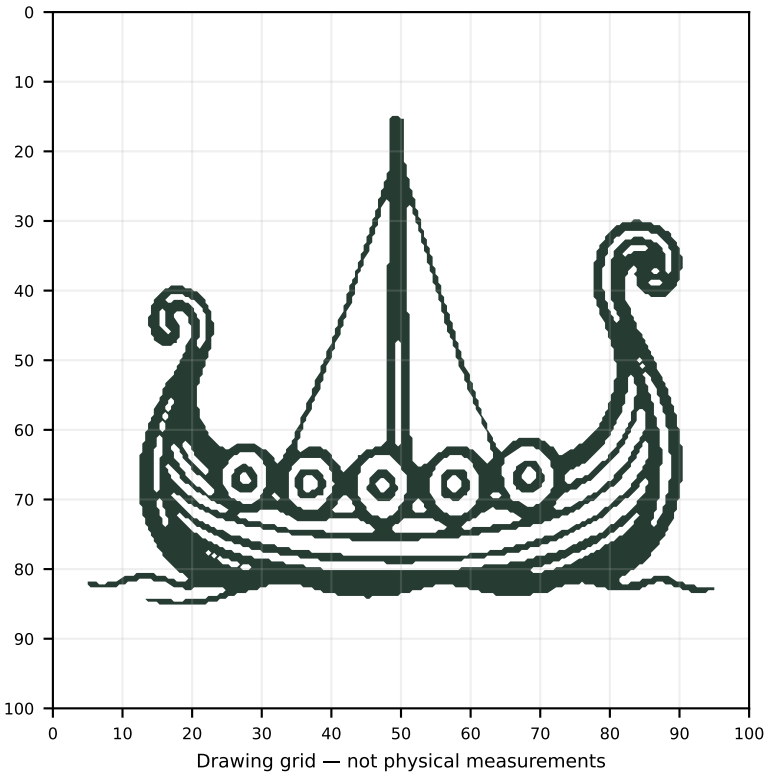

METHOD: Draw a long shallow curved hull outline with several parallel curved lines inside to suggest planking. Add a tall central mast and two diagonal rigging lines running down to the hull. Draw five evenly spaced circles in a row along the upper hull for oar ports. Add upward-curving spiral posts at both ends of the hull, then place a wavy water line under the boat.
Use the separate practice sheet before checking the answer.

# How to Draw Viking Boat — Free Practice Sheets

**REFERENCE / CASE 4**

viking boat: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw a long shallow curved hull outline with several parallel curved lines inside to suggest planking. Add a tall central mast and two diagonal rigging lines running down to the hull. Draw five evenly spaced circles in a row along the upper hull for oar ports. Add upward-curving spiral posts at both ends of the hull, then place a wavy water line under the boat.
Use the separate practice sheet before checking the answer.
