How to Draw Bus — Free Practice Sheets

ANSWER / CASE 1

bus: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

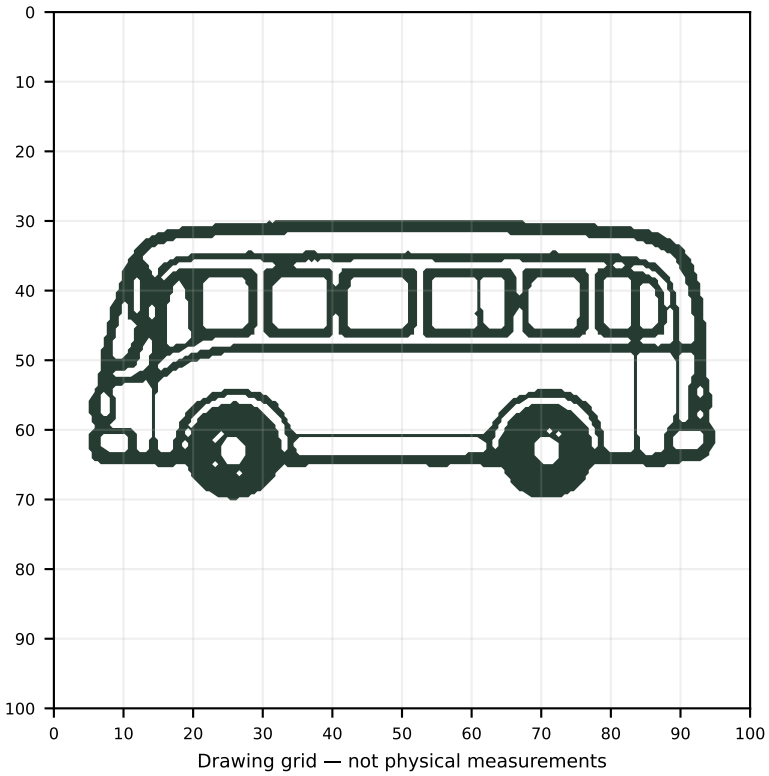

ANSWER: Example solution: preserve long rounded rectangular body, row of five side windows plus a front windshield, two visible wheels with circular hubs. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a long horizontal rounded rectangle for the bus body.
2. Add a row of rectangular side windows along the upper half and a slanted front windshield.
3. Draw two circular wheels with inner hub circles below the body.
4. Add front details like the door outline and headlight, then outline the whole shape with a thick black line.

How to Draw Bus — Free Practice Sheets

ANSWER / CASE 2

bus: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

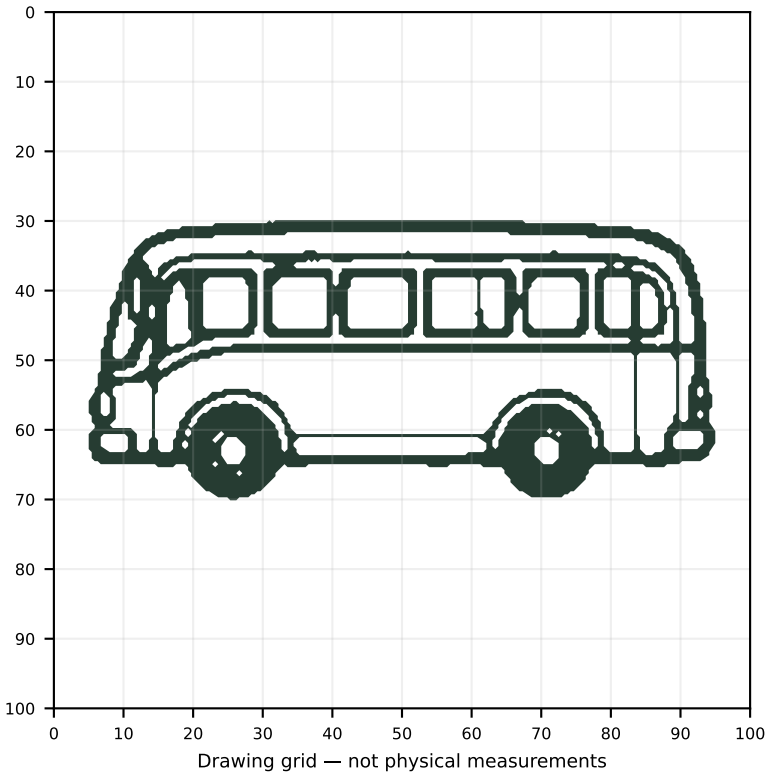

ANSWER: Example solution: preserve long rounded rectangular body, row of five side windows plus a front windshield, two visible wheels with circular hubs. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a long horizontal rounded rectangle for the bus body.
2. Add a row of rectangular side windows along the upper half and a slanted front windshield.
3. Draw two circular wheels with inner hub circles below the body.
4. Add front details like the door outline and headlight, then outline the whole shape with a thick black line.

How to Draw Bus — Free Practice Sheets

ANSWER / CASE 3

bus: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

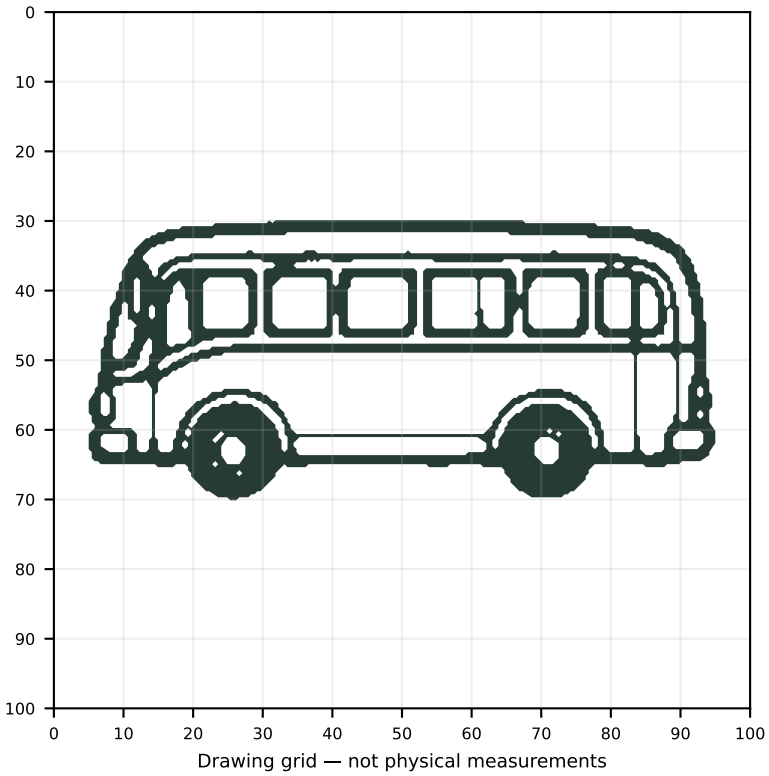

ANSWER: Example solution: preserve long rounded rectangular body, row of five side windows plus a front windshield, two visible wheels with circular hubs. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a long horizontal rounded rectangle for the bus body.
2. Add a row of rectangular side windows along the upper half and a slanted front windshield.
3. Draw two circular wheels with inner hub circles below the body.
4. Add front details like the door outline and headlight, then outline the whole shape with a thick black line.

How to Draw Bus — Free Practice Sheets

ANSWER / CASE 4

bus: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve long rounded rectangular body, row of five side windows plus a front windshield, two visible wheels with circular hubs. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a long horizontal rounded rectangle for the bus body.
2. Add a row of rectangular side windows along the upper half and a slanted front windshield.
3. Draw two circular wheels with inner hub circles below the body.
4. Add front details like the door outline and headlight, then outline the whole shape with a thick black line.
