# How to Draw Sleigh — Free Practice Sheets

## REFERENCE / CASE 1

sleigh: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

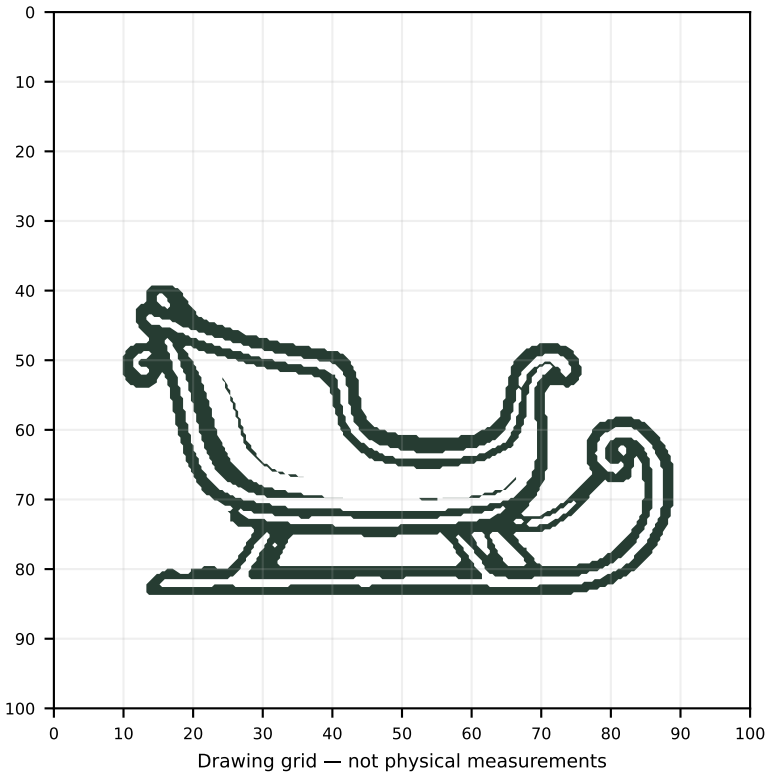

METHOD: Draw the long horizontal runner base with a slight upward curve at the front. Add the front curl by looping the runner tip into a spiral. Build the open seat body above the runner using a scooped U-shaped outline. Add the rear backrest with a scroll curl and connect the body to the runner with short support struts.
Use the separate practice sheet before checking the answer.

# How to Draw Sleigh — Free Practice Sheets

**REFERENCE / CASE 2**

sleigh: Copy the reference onto the blank grid, using matching grid intersections.
Compare with the separate full reference sheet.

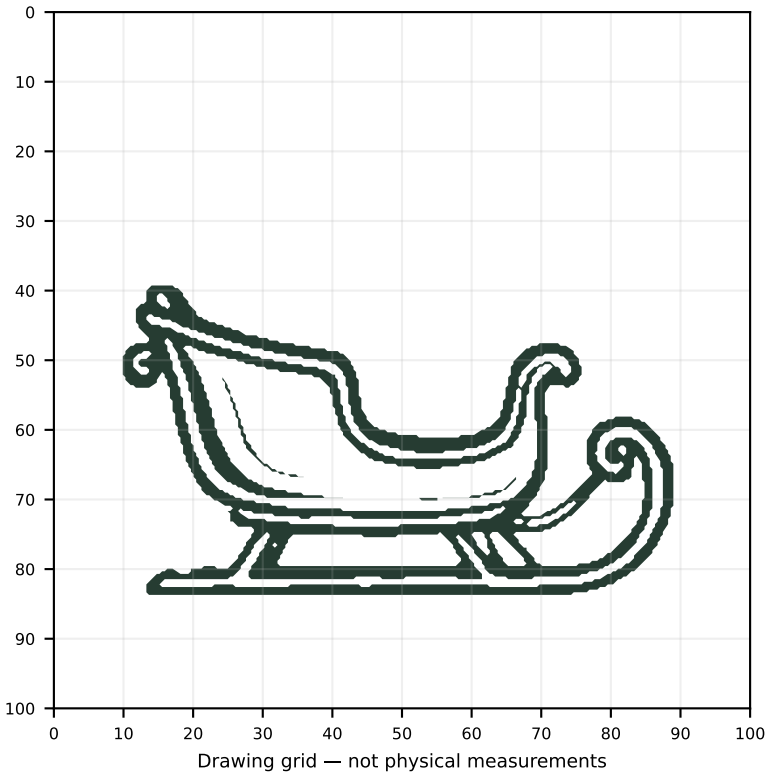

METHOD: Draw the long horizontal runner base with a slight upward curve at the front. Add the front curl by looping the runner tip into a spiral. Build the open seat body above the runner using a scooped U-shaped outline. Add the rear backrest with a scroll curl and connect the body to the runner with short support struts.
Use the separate practice sheet before checking the answer.

# How to Draw Sleigh — Free Practice Sheets

**REFERENCE / CASE 3**

sleigh: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

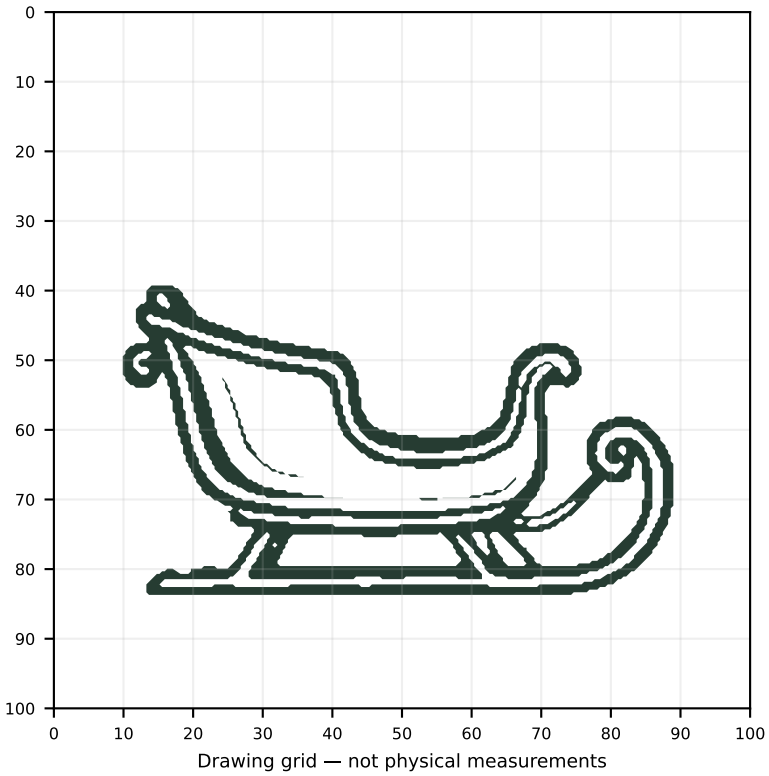

METHOD: Draw the long horizontal runner base with a slight upward curve at the front. Add the front curl by looping the runner tip into a spiral. Build the open seat body above the runner using a scooped U-shaped outline. Add the rear backrest with a scroll curl and connect the body to the runner with short support struts.
Use the separate practice sheet before checking the answer.

# How to Draw Sleigh — Free Practice Sheets

**REFERENCE / CASE 4**

sleigh: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

METHOD: Draw the long horizontal runner base with a slight upward curve at the front. Add the front curl by looping the runner tip into a spiral. Build the open seat body above the runner using a scooped U-shaped outline. Add the rear backrest with a scroll curl and connect the body to the runner with short support struts.
Use the separate practice sheet before checking the answer.
