How to Draw Tow Truck — Free Practice Sheets

REFERENCE / CASE 1

tow truck: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

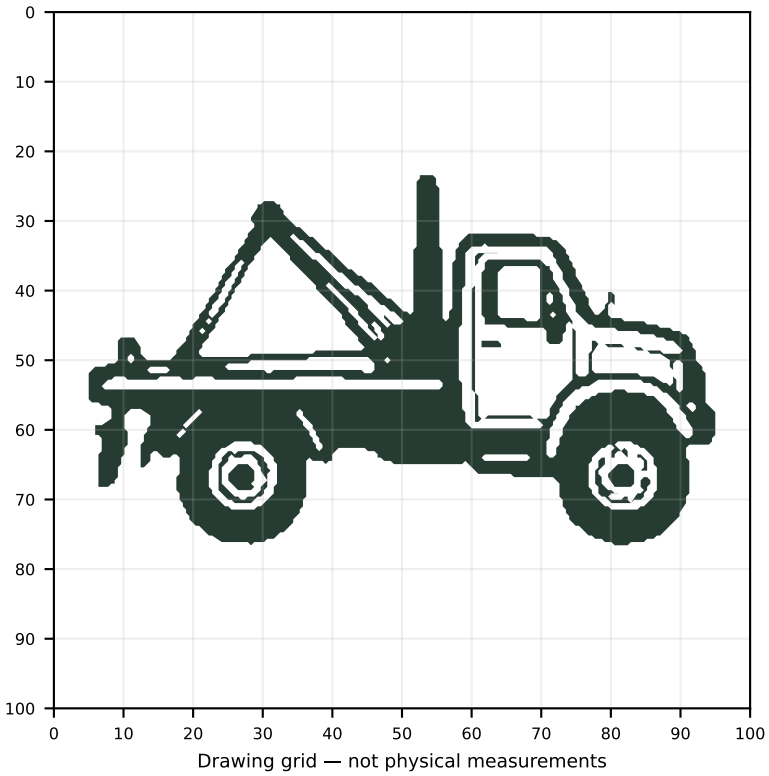

METHOD: Draw the cab outline with a slanted windshield and side window. Add the flat bed and rear chassis extending behind the cab. Draw the boom arm as a triangular A-frame rising from the bed. Add the hook and cable hanging from the boom, then draw the large rear wheels and front wheel.
Use the separate practice sheet before checking the answer.
