How to Draw Camper — Free Practice Sheets

ANSWER / CASE 1

camper: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

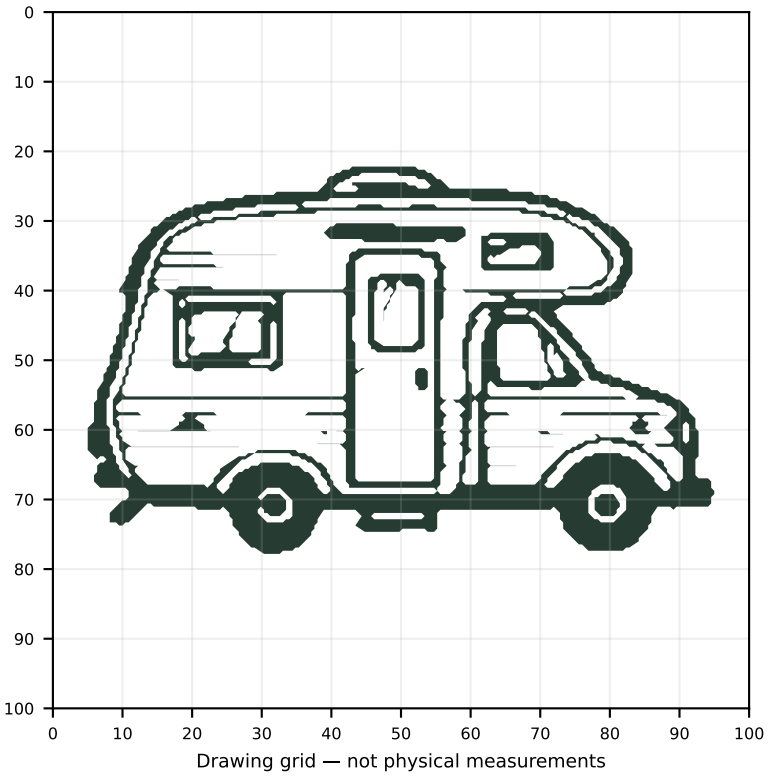

ANSWER: Example solution: preserve boxy living cabin with an over-cab sleeping area, side window and door on the living cabin, two wheels underneath the body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the main boxy living cabin outline with a rounded over-cab section extending forward.
2. Add the side window, door, and small upper window on the cabin.
3. Draw the front cab area with windshield and hood connected to the cabin.
4. Add two wheels underneath and a rear bumper line to complete the camper silhouette.

How to Draw Camper — Free Practice Sheets

ANSWER / CASE 2

camper: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

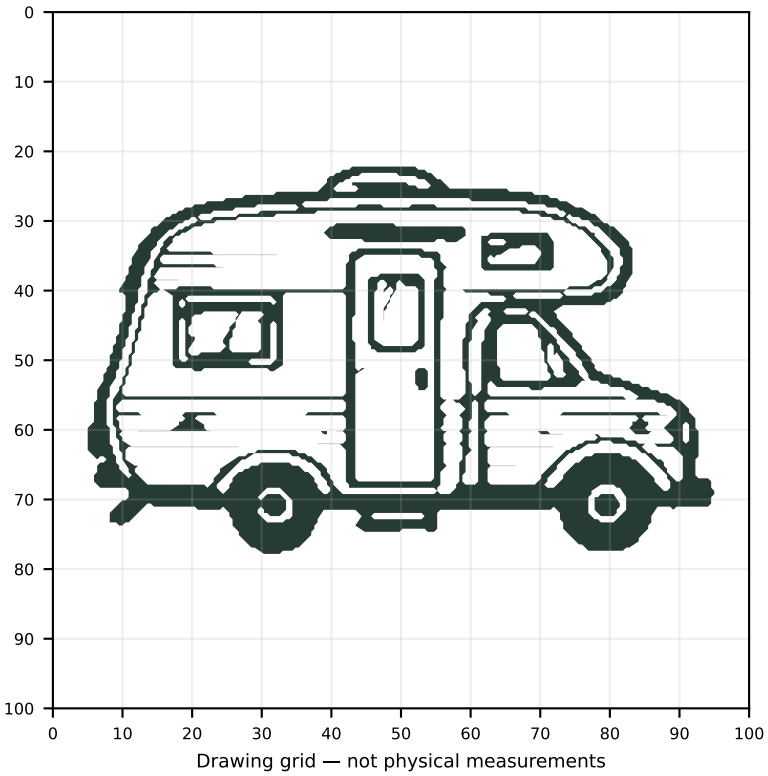

ANSWER: Example solution: preserve boxy living cabin with an over-cab sleeping area, side window and door on the living cabin, two wheels underneath the body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the main boxy living cabin outline with a rounded over-cab section extending forward.
2. Add the side window, door, and small upper window on the cabin.
3. Draw the front cab area with windshield and hood connected to the cabin.
4. Add two wheels underneath and a rear bumper line to complete the camper silhouette.

How to Draw Camper — Free Practice Sheets

ANSWER / CASE 3

camper: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

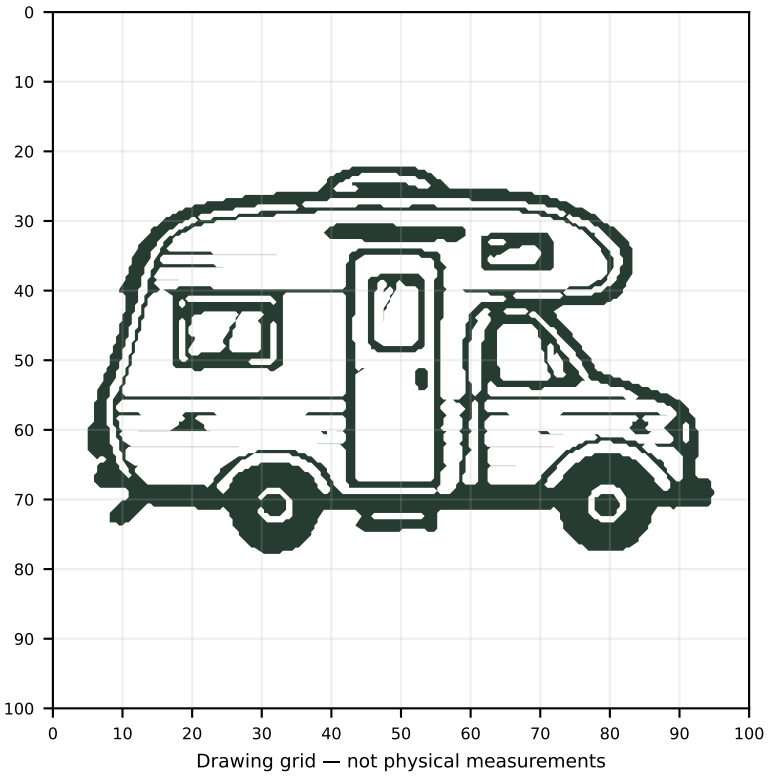

ANSWER: Example solution: preserve boxy living cabin with an over-cab sleeping area, side window and door on the living cabin, two wheels underneath the body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the main boxy living cabin outline with a rounded over-cab section extending forward.
2. Add the side window, door, and small upper window on the cabin.
3. Draw the front cab area with windshield and hood connected to the cabin.
4. Add two wheels underneath and a rear bumper line to complete the camper silhouette.

How to Draw Camper — Free Practice Sheets

ANSWER / CASE 4

camper: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve boxy living cabin with an over-cab sleeping area, side window and door on the living cabin, two wheels underneath the body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the main boxy living cabin outline with a rounded over-cab section extending forward.
2. Add the side window, door, and small upper window on the cabin.
3. Draw the front cab area with windshield and hood connected to the cabin.
4. Add two wheels underneath and a rear bumper line to complete the camper silhouette.
