How to Draw Canoe — Free Practice Sheets

REFERENCE / CASE 1

canoe: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

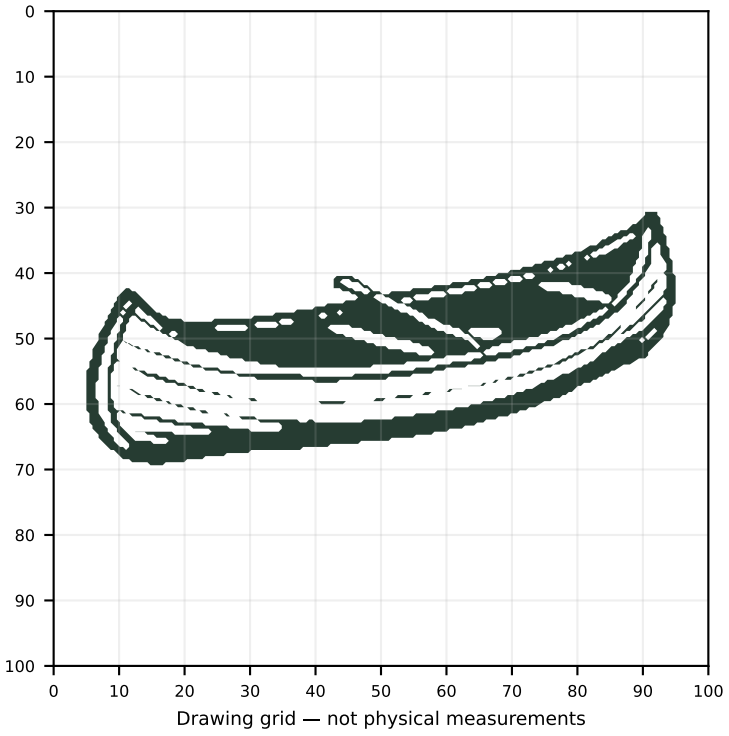

METHOD: Draw a long, shallow curved line for the bottom of the hull. Add two pointed, slightly raised end profiles at the left and right to form the bow and stern. Connect the ends with an upper rim line and add a few parallel hull lines for planking. Place two or three horizontal cross seats inside the hull and add a diagonal paddle across the top. Use the separate practice sheet before checking the answer.

REFERENCE / CASE 3

canoe: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

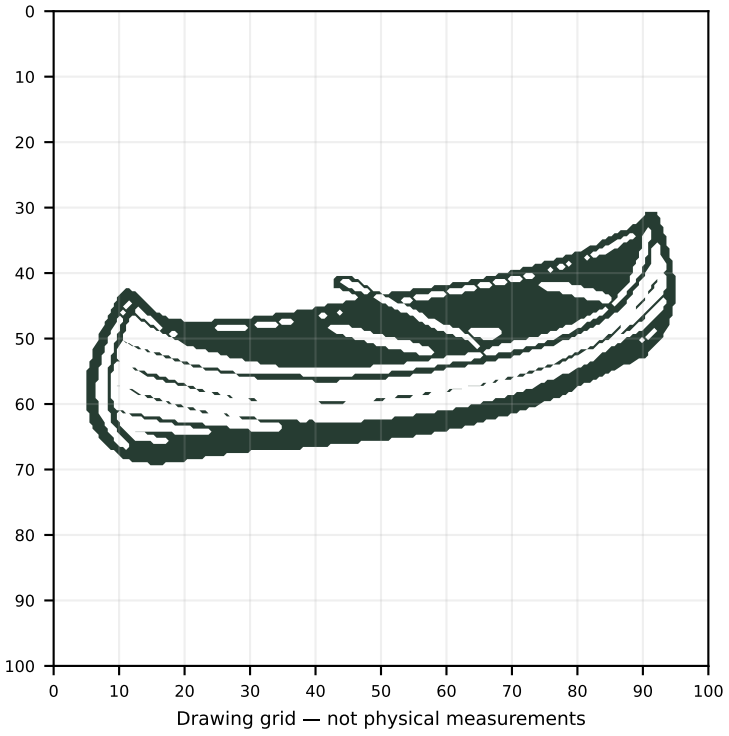

METHOD: Draw a long, shallow curved line for the bottom of the hull. Add two pointed, slightly raised end profiles at the left and right to form the bow and stern. Connect the ends with an upper rim line and add a few parallel hull lines for planking. Place two or three horizontal cross seats inside the hull and add a diagonal paddle across the top. Use the separate practice sheet before checking the answer.
