How to Draw Bumper Car — Free Practice Sheets

REFERENCE / CASE 1

bumper car: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

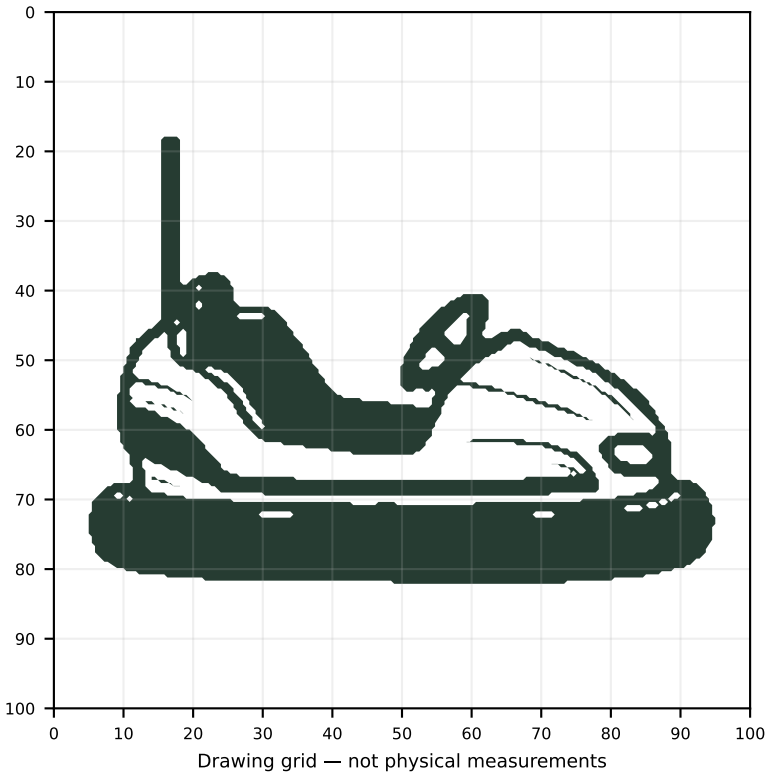

METHOD: Draw a wide, rounded horizontal oval for the rubber bumper base. Add the car body above the base with a curved front hood and a raised rear section. Cut out an open cockpit in the middle and place a single seat inside. Add a steering wheel in front of the seat and a vertical pole at the rear.
Use the separate practice sheet before checking the answer.
