How to Draw Rowboat — Free Practice Sheets

ANSWER / CASE 1

rowboat: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

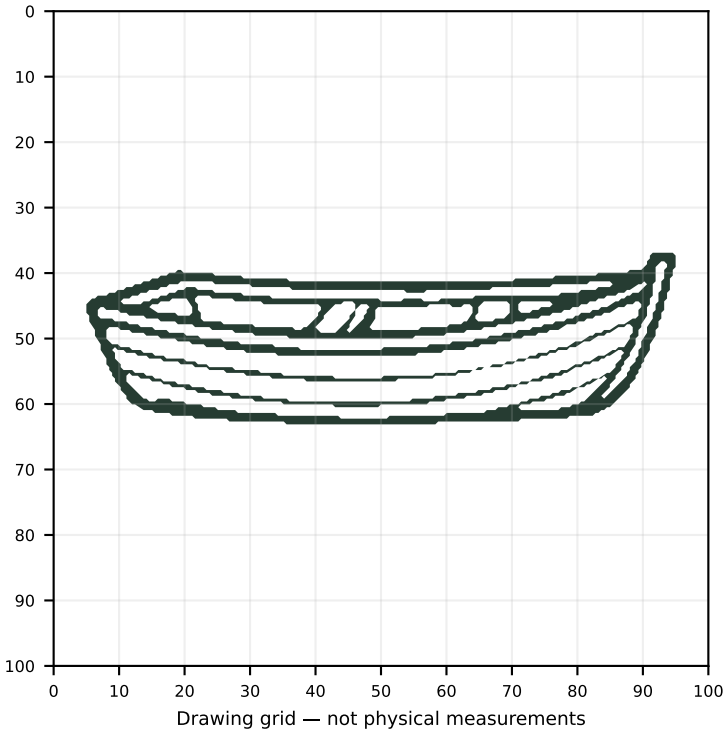

ANSWER: Example solution: preserve pointed, slightly raised bow on the right, flat stern on the left, curved hull sides with horizontal planking lines. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a long horizontal oval for the boat's top opening, flattening the left end for the stern and tapering the right end upward for the bow.
2. Add a curved lower hull outline beneath the oval, connecting the stern and bow with a smooth, rounded bottom.
3. Draw 2-3 horizontal lines along the hull to indicate planking.
4. Add 2-3 short crossbars inside the top oval to represent bench seats.
