How to Draw Fire Truck — Free Practice Sheets

REFERENCE / CASE 1

fire truck: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

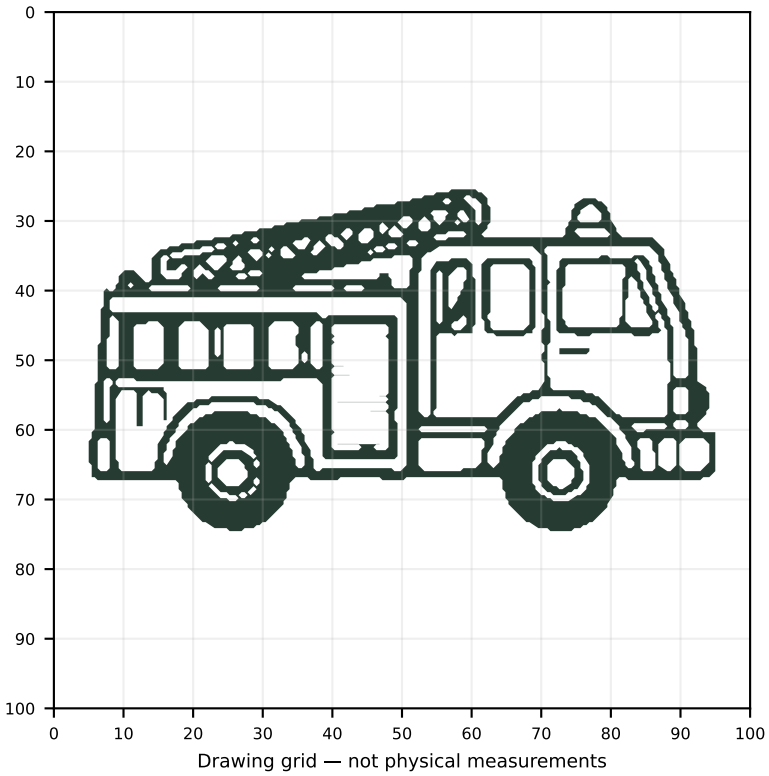

METHOD: Draw the long rectangular body and the taller front cab as two connected boxy shapes. Add the two large circular wheels with inner hub circles beneath the body. Place the diagonal ladder on top of the rear body, using a long rectangle with cross-bracing lines. Add cab windows, a roof light, and a front bumper to complete the fire truck silhouette.
Use the separate practice sheet before checking the answer.
