How to Draw Stroller — Free Practice Sheets

ANSWER / CASE 1

stroller: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

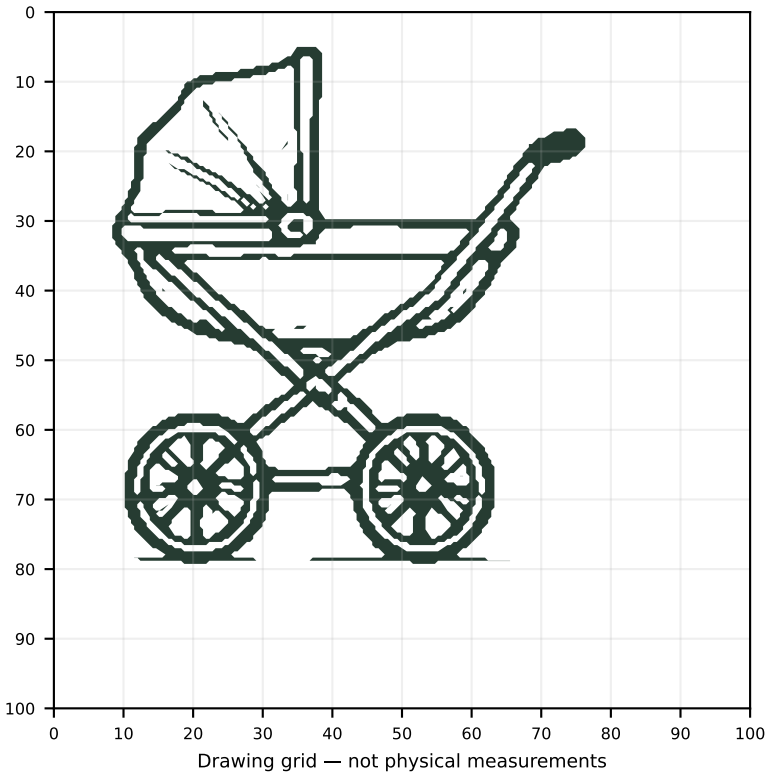

ANSWER: Example solution: preserve canopy hood with radiating fold lines, bassinet-style seat body with horizontal rim, X-shaped frame with two large spoked wheels visible in side profile. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the canopy as a rounded hood with a straight front edge and radiating fold lines.
2. Add the seat body as a horizontal rounded rectangle beneath the canopy, with a rim line separating it from the hood.
3. Draw the X-shaped frame crossing under the seat and extending up to the handle on the right.
4. Add two large spoked wheels at the bottom, connected by a horizontal axle line.

How to Draw Stroller — Free Practice Sheets

ANSWER / CASE 2

stroller: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

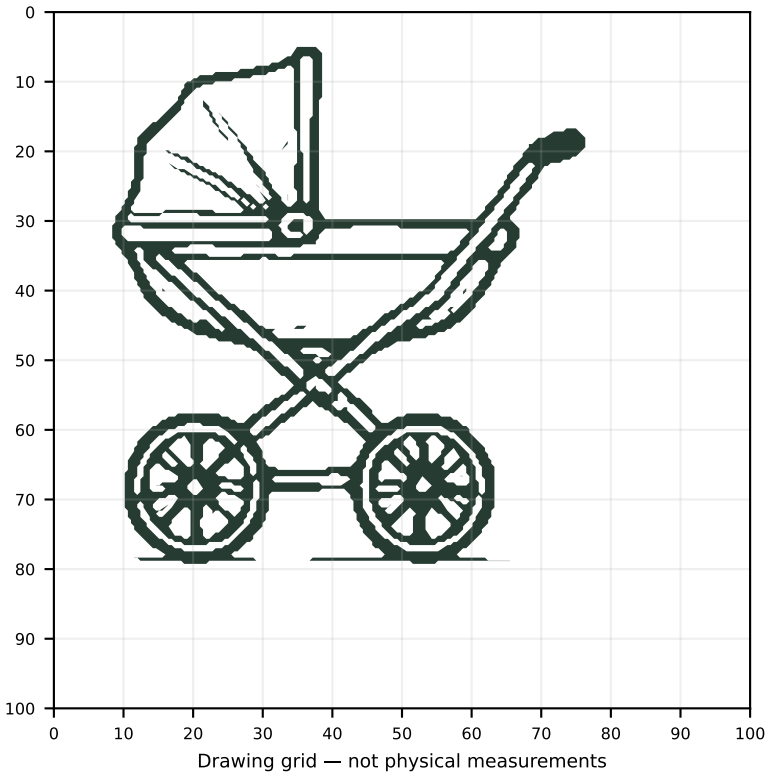

ANSWER: Example solution: preserve canopy hood with radiating fold lines, bassinet-style seat body with horizontal rim, X-shaped frame with two large spoked wheels visible in side profile. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the canopy as a rounded hood with a straight front edge and radiating fold lines.
2. Add the seat body as a horizontal rounded rectangle beneath the canopy, with a rim line separating it from the hood.
3. Draw the X-shaped frame crossing under the seat and extending up to the handle on the right.
4. Add two large spoked wheels at the bottom, connected by a horizontal axle line.

ANSWER / CASE 3

stroller: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

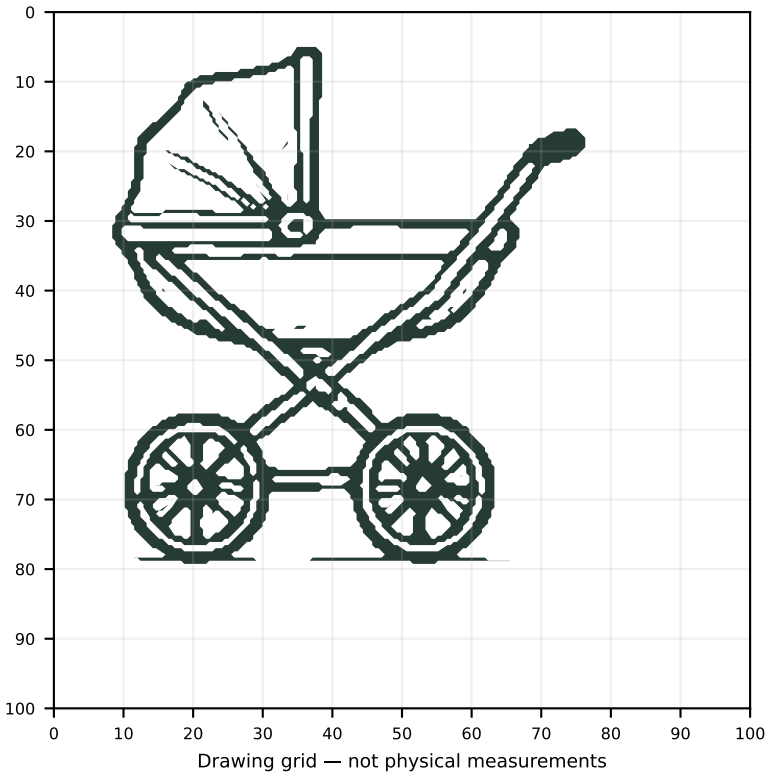

ANSWER: Example solution: preserve canopy hood with radiating fold lines, bassinet-style seat body with horizontal rim, X-shaped frame with two large spoked wheels visible in side profile. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the canopy as a rounded hood with a straight front edge and radiating fold lines.
2. Add the seat body as a horizontal rounded rectangle beneath the canopy, with a rim line separating it from the hood.
3. Draw the X-shaped frame crossing under the seat and extending up to the handle on the right.
4. Add two large spoked wheels at the bottom, connected by a horizontal axle line.

How to Draw Stroller — Free Practice Sheets

ANSWER / CASE 4

stroller: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve canopy hood with radiating fold lines, bassinet-style seat body with horizontal rim, X-shaped frame with two large spoked wheels visible in side profile. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the canopy as a rounded hood with a straight front edge and radiating fold lines.
2. Add the seat body as a horizontal rounded rectangle beneath the canopy, with a rim line separating it from the hood.
3. Draw the X-shaped frame crossing under the seat and extending up to the handle on the right.
4. Add two large spoked wheels at the bottom, connected by a horizontal axle line.
