How to Draw Lowrider Bicycle — Free Practice Sheets

REFERENCE / CASE 1

lowrider bicycle: Trace the reference outline, then practise the contour independently.
Compare with the separate full reference sheet.

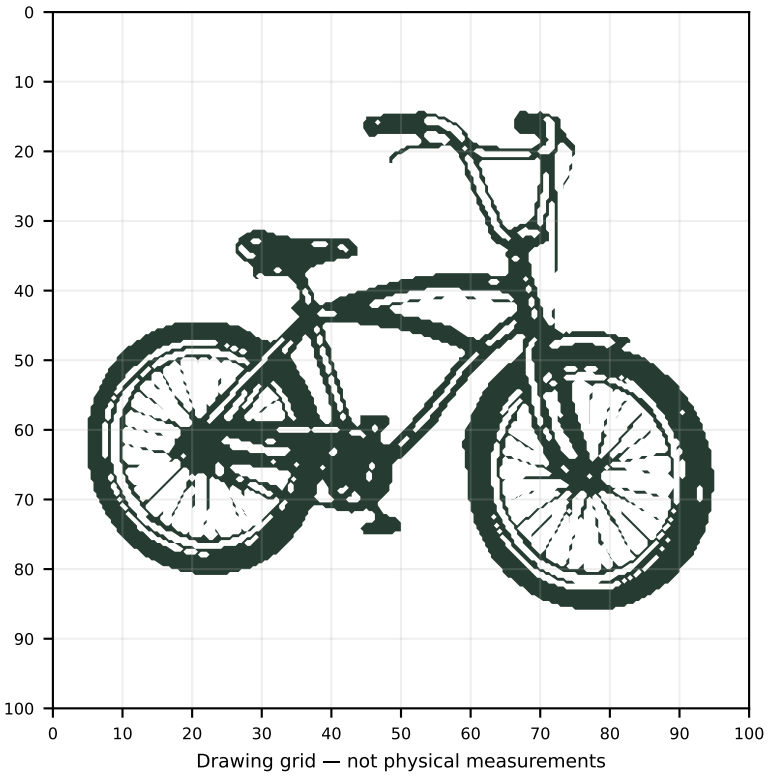

METHOD: Draw two small circles for the wheels, then add concentric rims and radiating spokes. Sketch the long curved frame: a sweeping top tube from the head tube down to the rear hub, plus a lower tube and seat tube. Add the high ape-hanger handlebars rising from the front fork, with grips at the top. Place the low banana seat on its post and add the crank, pedals, and chainring between the wheels.
Use the separate practice sheet before checking the answer.

How to Draw Lowrider Bicycle — Free Practice Sheets

REFERENCE / CASE 2

lowrider bicycle: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

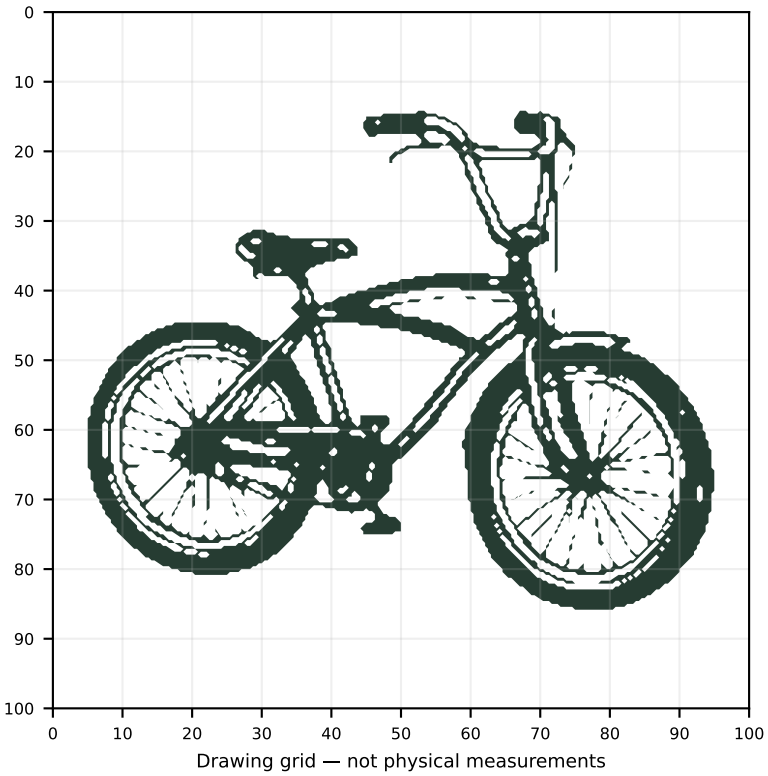

METHOD: Draw two small circles for the wheels, then add concentric rims and radiating spokes. Sketch the long curved frame: a sweeping top tube from the head tube down to the rear hub, plus a lower tube and seat tube. Add the high ape-hanger handlebars rising from the front fork, with grips at the top. Place the low banana seat on its post and add the crank, pedals, and chainring between the wheels.
Use the separate practice sheet before checking the answer.

How to Draw Lowrider Bicycle — Free Practice Sheets

REFERENCE / CASE 3

lowrider bicycle: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

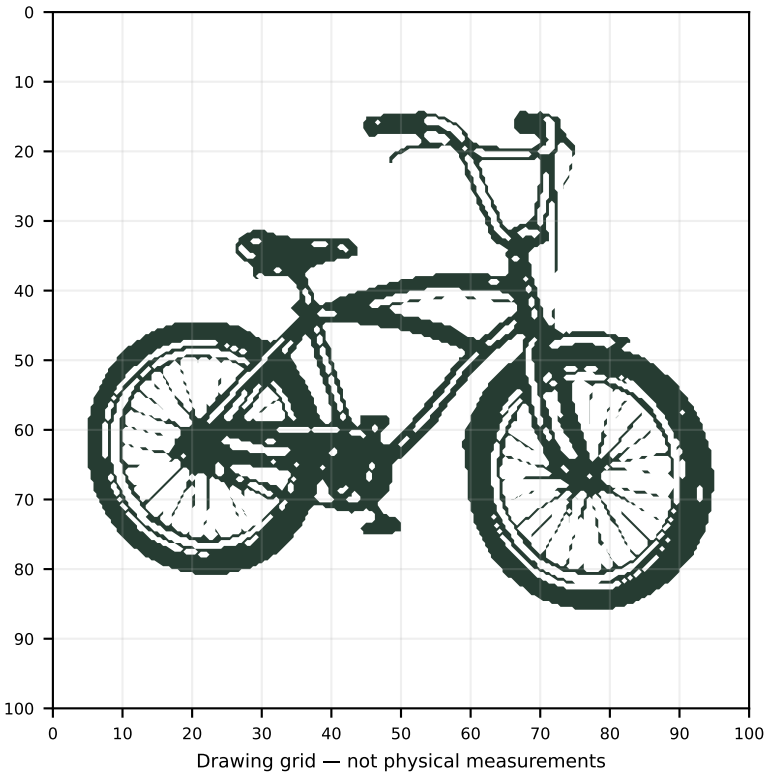

METHOD: Draw two small circles for the wheels, then add concentric rims and radiating spokes. Sketch the long curved frame: a sweeping top tube from the head tube down to the rear hub, plus a lower tube and seat tube. Add the high ape-hanger handlebars rising from the front fork, with grips at the top. Place the low banana seat on its post and add the crank, pedals, and chainring between the wheels.
Use the separate practice sheet before checking the answer.

How to Draw Lowrider Bicycle — Free Practice Sheets

REFERENCE / CASE 4

lowrider bicycle: Complete the blank right-hand portion using the full reference.
Compare with the separate full reference sheet.

METHOD: Draw two small circles for the wheels, then add concentric rims and radiating spokes. Sketch the long curved frame: a sweeping top tube from the head tube down to the rear hub, plus a lower tube and seat tube. Add the high ape-hanger handlebars rising from the front fork, with grips at the top. Place the low banana seat on its post and add the crank, pedals, and chainring between the wheels.
Use the separate practice sheet before checking the answer.
