How to Draw Monster Truck — Free Practice Sheets

ANSWER / CASE 1

monster truck: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

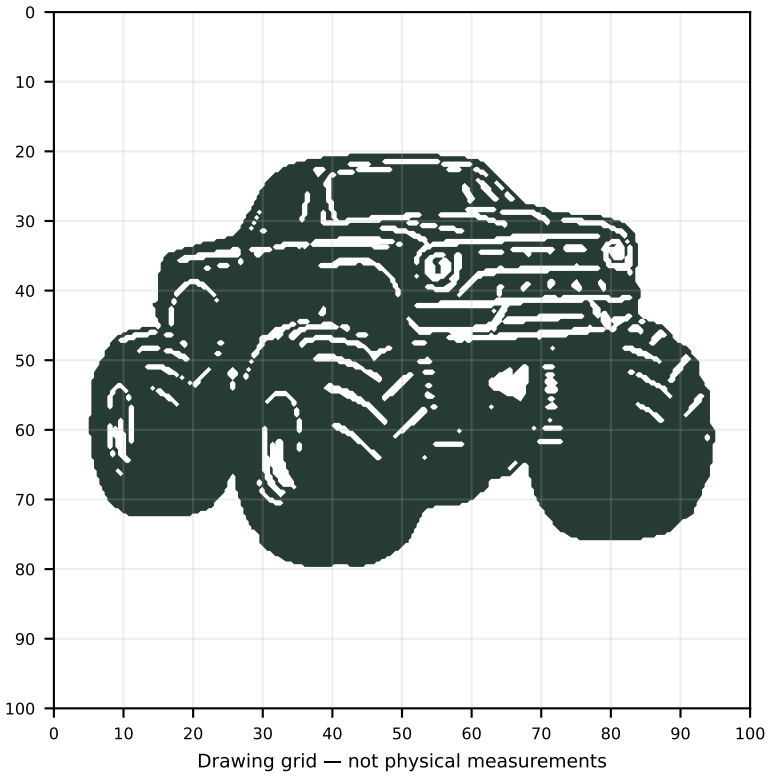

ANSWER: Example solution: preserve oversized tires with deep tread, raised suspension with visible axle and shocks, boxy cab with windows and front grille. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the boxy cab outline with roof, windows, and side profile.
2. Add the front grille, headlights, and bumper to define the truck face.
3. Sketch four oversized tires with thick tread patterns at the corners.
4. Connect the body to the wheels using a raised suspension with visible axle and shock absorbers.

How to Draw Monster Truck — Free Practice Sheets

ANSWER / CASE 2

monster truck: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

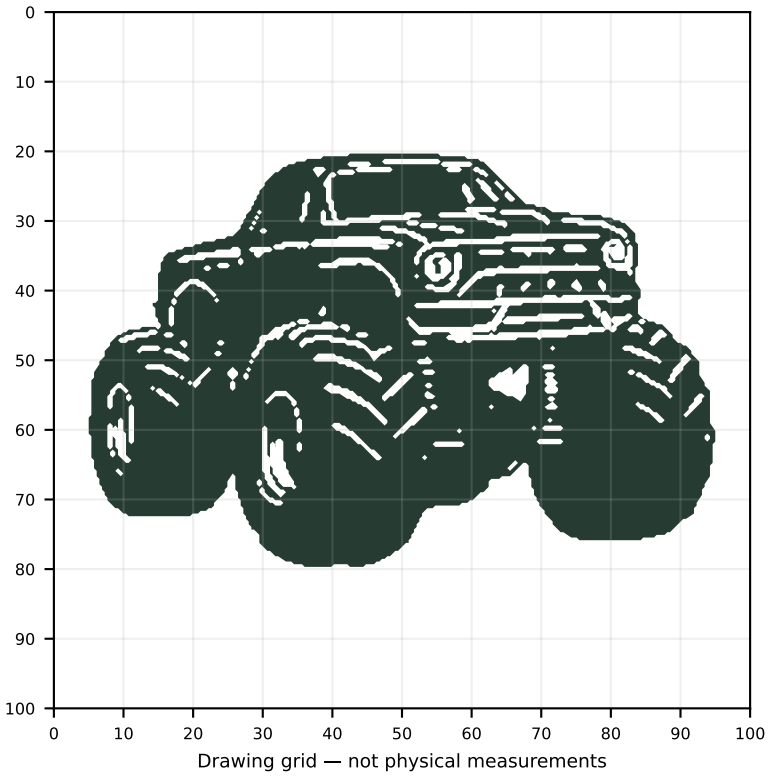

ANSWER: Example solution: preserve oversized tires with deep tread, raised suspension with visible axle and shocks, boxy cab with windows and front grille. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the boxy cab outline with roof, windows, and side profile.
2. Add the front grille, headlights, and bumper to define the truck face.
3. Sketch four oversized tires with thick tread patterns at the corners.
4. Connect the body to the wheels using a raised suspension with visible axle and shock absorbers.

How to Draw Monster Truck — Free Practice Sheets

ANSWER / CASE 3

monster truck: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

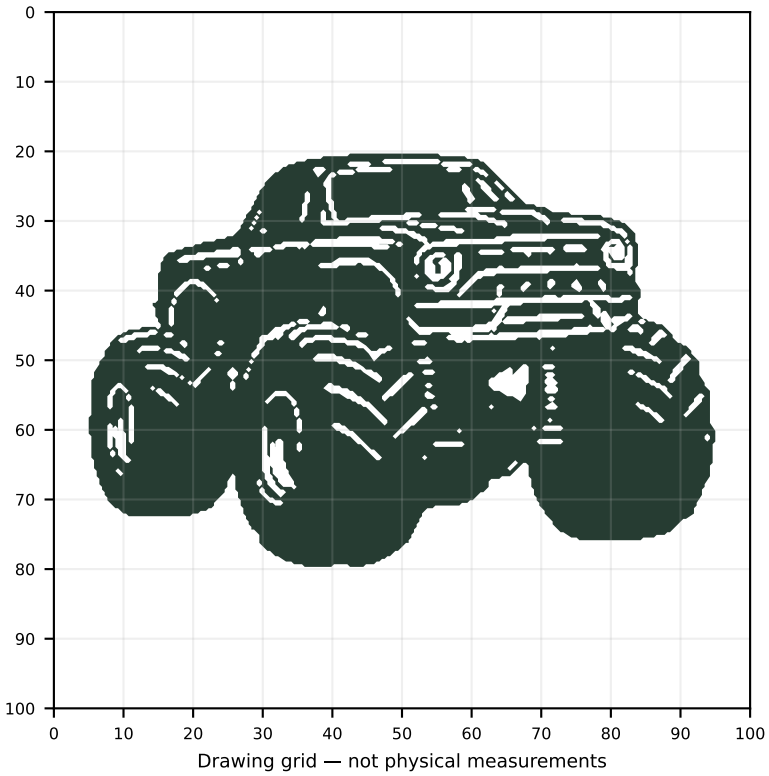

ANSWER: Example solution: preserve oversized tires with deep tread, raised suspension with visible axle and shocks, boxy cab with windows and front grille. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the boxy cab outline with roof, windows, and side profile.
2. Add the front grille, headlights, and bumper to define the truck face.
3. Sketch four oversized tires with thick tread patterns at the corners.
4. Connect the body to the wheels using a raised suspension with visible axle and shock absorbers.

How to Draw Monster Truck — Free Practice Sheets

ANSWER / CASE 4

monster truck: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve oversized tires with deep tread, raised suspension with visible axle and shocks, boxy cab with windows and front grille. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the boxy cab outline with roof, windows, and side profile.
2. Add the front grille, headlights, and bumper to define the truck face.
3. Sketch four oversized tires with thick tread patterns at the corners.
4. Connect the body to the wheels using a raised suspension with visible axle and shock absorbers.
